~~2. If, in any fiscal year of the approved company during which the financing agreement is in effect, the total of the income tax credit granted to the approved company, plus the assessment collected from the wages of the employees, equals the annual debt service payments with respect to the loans or other financing incurred in connection with the economic development project, and if all excess payments with respect to the loans or other financing incurred in connection with the economic development project accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company and the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year.~~

~~4. If in any fiscal year of the approved company during which the financing agreement is in effect the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year, and the approved company shall remit to the Commonwealth and applicable local jurisdictions their respective shares of the excess assessment collected on the withholding filing date for employees wages next succeeding the first date when the approved company collected excess assessments.~~

~~(e) The financing agreement shall provide in substance that it may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to that effect.~~

~~(f) The financing agreement shall provide that an approved company shall require of any lender to the approved company funding the loans or other financing incurred in connection with the economic development project written evidence to be provided to the authority of payments of all annual debt service to such lender. Such evidence shall be provided to the authority within forty-five (45) days after the end of each fiscal year of the financing agreement.~~

~~(g) The financing agreement shall provide that if an approved company fails to comply with its respective obligations under the financing agreement, or that the lender to an approved company fails to comply with its requirements set forth in subsection (2)(f) of this section, or is declared in default under the loans or other financing incurred in connection with the economic development project, then the authority, or any of its assignees, shall have the right, at its option, to:~~

Section 23. KRS 154.23-045 is amended to read as follows:

(1) If an eligible company operates an existing business in a qualified zone, and wishes to expand that business within the zone, the eligible company may submit an application to the authority to become an approved company under KRS 154.23-025.

(2) If the eligible company under subsection (1) of this section becomes an approved company, the authority shall determine a base level of employment in the Commonwealth, a base level of state income tax liability, and a base level of manufacturing or service or technology activity, as applicable, of the approved company for determining eligible credits for the approved company's project during the term of a ***tax incentive***[~~financing~~] agreement or service and technology agreement. The base level shall be determined by taking into consideration any seasonal fluctuations or aberrations of employment levels during the preceding three (3) years. Notwithstanding the determination of a base level of employment in the Commonwealth, no qualified statewide employee who is an employee of this business prior to the date of the preliminary approval by the authority as prescribed in KRS 154.23-030 shall be subject to assessment.

(3) The authority shall identify, by name, all of the existing qualified statewide employees employed by the eligible company prior to preliminary approval, and these employees shall be exempt from the assessment. If any of these employees cease working in the activity, then another qualified statewide employee shall be added to the base level of employment, based on the earliest date of entry into the work force, and this employee shall be exempt from the assessment. The authority may negotiate with the approved company a different method of determining the base level of employment that would yield a more equitable result for the approved company, the Commonwealth, local jurisdictions, and the qualified statewide employees.

(4) To become eligible for inducements, the approved company shall create and maintain above the base level of employment in the Commonwealth, an increase at the site of the project of at least ten (10) new full-time qualified employees.

(5) The approved company shall continue to pay to the Commonwealth, on an annualized basis during the term of the ***tax incentive***[~~financing~~] agreement or service and technology agreement, as applicable, the base level of income tax, adjusted on an annual basis to reflect changes in the consumer price index. The excess income tax owed may be offset by the income tax credit provided in KRS 154.23-050.

(6) If any approved company expands in a qualified zone because of an increase in business or because of the commencement of a new line of business, it may be eligible, at the discretion of the authority, to negotiate a separate, additional ***tax incentive***[~~financing~~] agreement or service and technology agreement to cover the expanded business under the same conditions as authorized for an expansion in this section.

Section 24. KRS 154.23-055 is amended to read as follows:

(1) If the local jurisdiction in which the economic development project is to be located, approves the assessment in accordance with subsection (8) of this section, then an approved company engaged in either manufacturing or service or technology activities may require each qualified statewide employee, as a condition to employment, to agree to pay ***an***[~~a job development~~] assessment[~~ fee~~] in an amount determined by the percentage of the local occupational license fee, which shall be one-fifth (1/5) of the total[~~ job development~~] assessment[~~ fee~~], plus the Commonwealth's contribution of four-fifths (4/5) of the total[~~ job development~~] assessment[~~ fee~~], but in no event to exceed five percent (5%) of the qualified statewide employee's gross wages exclusive of any noncash benefits; provided that each qualified statewide employee paying the assessment shall be entitled to credits against Kentucky income tax as prescribed in subsection (4) of this section and to credits against the local occupational license fee to the extent of the local occupational license fee collected by the local jurisdiction. This assessment shall be deducted by the approved company from wages it pays to qualified statewide employees.

(2) Notwithstanding subsection (1) of this section, if no local occupational license fee is assessed by any local government in which the project is located, the assessment shall be four percent (4%), all of which shall be contributed by the Commonwealth.

(3) Notwithstanding subsection (1) of this section, if a project is located in only one (1) local government and that local government has a local occupational license fee that is less than one percent (1%) and the local government agrees to forgo all of its local occupational license fee or if a project is located in multiple local governments and the local governments have in the aggregate local occupational license fees that are less than one percent (1%) and the local governments agree to forgo all of their local occupational license fees, then the assessment shall be four percent (4%), all of which shall be contributed by the Commonwealth, plus the percentage of the local occupational license fee or fees, as applicable, that the local government or local governments, as applicable, has or have agreed to forgo.

(4) Each qualified statewide employee required to pay this assessment shall be entitled to certain credits, as follows:

(a) Credit against the required Kentucky income tax withheld from gross wages under KRS 141.310 equal to the Commonwealth's contribution, but in no event to exceed four percent (4%) of these wages; and

(b) Credit against the local occupational license fee imposed by any local government in which the project is located in the form of a simultaneous adjustment of the local occupational license fee withheld from gross wages excluding noncash benefits not to exceed one percent (1%) of these wages.

(5) If more than one (1) local government jurisdiction imposes a local occupational license fee and all jurisdictions approve the assessment, then the assessment and employee credit therefor shall be prorated against the local occupational license fees imposed, unless a single local government jurisdiction agrees to forgo receipt of its local occupational license fees in an amount equal to one percent (1%) of the qualified statewide employees' wages excluding noncash benefits, in which case no proration need be made.

(6) No credit, or portion thereof, shall be allowed against any occupational license fee imposed by or dedicated solely to the board of education in a local jurisdiction.

(7) An approved company that collects an assessment shall make its payroll, books, and records available to the authority at its request, and shall provide all documentation pertaining to the assessment as the authority may require.

(8) Before any ***tax incentive***[~~financing~~] agreement or service and technology agreement becomes effective with respect to an assessment, the legislative body of any local government that assesses a local occupational license fee and shall lose revenue as a result of the assessment described in this section shall, by official action, approve the assessment for the benefit of an approved company. However, if a local government does not approve the assessment, then the approved company shall not be permitted to impose the assessment and the qualified statewide employees shall not be permitted to claim credits.

[~~(9) Any assessment of the wages of qualified statewide employees of an approved company engaged in manufacturing activities in connection with their employment at an economic development project in subsection (1) of this section shall permanently lapse as of the date any loans or other financing, as described in KRS 154.23-035, incurred in connection with the economic development project mature or are prepaid in full for an approved company engaged in manufacturing activities or as of any date any lease under KRS 154.23-010(6)(b)4. terminates.~~]

(9)[~~(10)~~] Any assessment of the wages of qualified statewide employees of an approved company engaged in service or technology activities in connection with their employment at an economic development project shall permanently cease at the expiration of the service and technology agreement.

(b) No significant number of existing jobs in the Commonwealth will be lost, or adversely affected, due to the designation of an eligible company as an approved company, and to the approval of the eligible company's economic development project; and

(5)[~~(4)~~] That the economic development project could reasonably and efficiently locate outside of the Commonwealth and, without the inducements offered by the authority, the eligible company would likely locate outside the state.

Section 27. KRS 154.24-110 is amended to read as follows:

(1) The approved company shall be entitled to an income tax credit equal to one hundred percent (100%) of the income tax that would otherwise be due to the Commonwealth by the approved company attributable to the economic development project, as limited by the provisions of this section and KRS 154.24-130. The amount of the approved company's income that is attributable to the economic development project shall be determined under KRS 141.407.

(a) The income tax credit allowed to the approved company shall be subtracted from the approved cost balance in the fiscal year of the approved company for which the tax return of the approved company is filed; and

(b) By October 1 of each year, the Revenue Cabinet of the Commonwealth shall certify to the authority, in the form of an annual report, aggregate income tax credits claimed on tax returns filed during the fiscal year ending June 30 of that year, and assessments taken by approved companies with respect to their economic development projects during the prior calendar year under this subchapter, and shall certify to the authority, within ninety (90) days from the date an approved company has filed its state income tax return, when an approved company has taken income tax credits and assessments equal to its total inducements.

(2) The approved company ***or, with the authority's consent, an affiliate of the approved company*** may require each employee, subject to state tax imposed by KRS 141.020, as a condition of employment, to agree to pay a service and technology job creation assessment fee up to five percent (5%) of the gross wages exclusive of any noncash benefits provided to an employee for each employee whose job has been deemed by the authority to be created as a result of the economic development project, provided that the service and technology job creation assessment fee shall not exceed the amount determined in accordance with KRS 154.24-150(5) if the circumstances in that subsection apply. Where a person is already employed by the approved company at a site other than the site of the economic development project and where that employee is subject to state tax imposed by KRS 141.020, the employee's job shall be deemed to have been created when the employee is transferred to the site of the economic development project, provided that the employee's existing job is filled with a new employee.

(a) Each employee paying the assessment shall be entitled to a credit against his Kentucky income tax required to be withheld under KRS 141.310 equal to four-fifths (4/5) of the assessment;

(b) If the assessment has been approved by the local jurisdiction as provided in KRS 154.24-150, each employee paying the assessment also shall be entitled, in the local jurisdiction in which the economic development project is located, to a credit against his local occupational license fee in the form of a simultaneous adjustment of his local occupational license fee withholding equal to one-fifth (1/5) of the assessment. If more than one (1) local tax is incurred, the one-fifth (1/5) assessment shall be prorated proportionately among the taxes unless one (1) local jurisdiction agrees to forgo the receipt of these taxes in an amount equal to the one-fifth (1/5) assessment, in which case no proration need be made;

(c) If an approved company elects to impose the assessment as a condition of employment, it shall be authorized to deduct the assessment from each payment of wages to the employee;

(d) No credit, or portion thereof, shall be allowed against any occupational license fee imposed by or dedicated solely to the board of education in a local jurisdiction;

(e) The approved company collecting an assessment shall make its payroll, books, and records available to the authority when the authority shall request, and shall file with the authority documentation pertaining to the assessment as the authority may require; and

(f) Any assessment of the wages of employees of an approved company in connection with their employment at an economic development project shall permanently cease at the expiration of the agreement.

(3) Notwithstanding subsection (2) of this section, if a local government in which the project is located has a local occupational license fee that is less than one percent (1%) and agrees to forgo all of its local occupational license fee, then the assessment shall be four percent (4%), all of which shall be contributed by the Commonwealth, plus the percentage of

the local occupational license fee that the local government has agreed to forgo. Each employee paying the assessment under this subsection shall be entitled to a credit against Kentucky income tax, under KRS 141.350, equal to four percent (4%) and a credit against the local occupational license fee equal to the local occupational license fee that the local jurisdiction has agreed to forgo.

Section 28. KRS 154.24-120 is amended to read as follows:

Before any approved company is granted inducements as prescribed in KRS 154.24-010 to 154.24-150, a service and technology agreement with respect to the company's economic development project shall be entered into between the authority and the approved company. The terms and provisions of the agreement, including the amount of approved costs, shall be determined by negotiations between the authority and the approved company, except that each agreement shall include the following provisions:

(1) The term of an agreement shall not be longer than ten (10) years from the activation date established by the approved company. The activation date shall be any time within a one (1) year period after the date of final approval of the agreement by the authority. In order to implement the activation date, the approved company shall notify the authority, the Kentucky Revenue Cabinet, the employees, and the affected local ***jurisdictions***[~~jurisdiction~~], if any, of the activation date on which implementation of the inducements authorized in the agreement shall occur.

(2) The agreement shall include:

(a) A description of the authorized inducements to be used by the approved company;

(b) A provision that, if the total number of full-time employees at the site of the economic development project who are residents of the Commonwealth and[~~ who are~~] subject to the Kentucky income tax is less than ***fifteen (15)***[~~twenty-five (25)~~], or in the case of an existing Kentucky business the approved company fails to maintain the increase of at least ***fifteen (15)***[~~twenty-five (25)~~] full-time employees who are residents of the Commonwealth and[~~ who are~~] subject to the Kentucky income tax, the authorized inducements shall be suspended until the number of full-time employees at the site of the economic development project who are residents of the Commonwealth and[~~ who are~~] subject to the Kentucky income tax equals or exceeds ***fifteen (15)***[~~twenty-five (25)~~]; or in the case of an existing Kentucky business until the maintenance requirement of subsection (4) of KRS 154.24-140 is satisfied;

(c) A provision that, if seventy-five percent (75%) or less of services provided by the approved company from the economic development project should be provided to persons located outside of the Commonwealth during any fiscal year of the approved company as prescribed in KRS 154.24-090, the authorized inducements shall be suspended until the percentage of these services again exceeds seventy-five percent (75%) for a full fiscal year of the approved company; and

(d) A provision that neither income tax credits nor assessments are assignable without written consent by the authority.

Section 29. KRS 154.24-140 is amended to read as follows:

(1) If an eligible company operates an existing service and technology business in Kentucky, and wishes to expand that business within the Commonwealth, the eligible company may submit an application to the authority to become an approved company and eligible for the inducements offered in KRS 154.24-010 to 154.24-150.

(2) If an existing business becomes an approved company, the authority shall determine a base level of employment, a base level of state income tax liability, and a base level of services of the approved company for determining eligible credits in remaining years of the approved company's project period. The base level shall be determined by taking into consideration any seasonal fluctuations or aberrations of employment levels over a preceding three (3) year period. Notwithstanding the determination of a base level of employment, no employee of the existing business who is an employee of such business prior to the date of the preliminary resolution of the authority as prescribed in KRS 154.24-100 shall be subject to assessment.

(3) The authority shall identify, by name, all of the existing employees engaged in the service and technology activity, and these employees shall be exempt from the assessment. If any of these employees cease working in the activity, another employee shall be added to the base level of employment, based on the earliest date of entry into the work force, and he shall be exempt from the assessment. The authority may negotiate with the approved company a different method of determining the base level of employment which would yield a more equitable result for the approved company, the Commonwealth, local jurisdictions, and the employees.

(4) To become eligible for inducements, the approved company shall create and maintain above the base level of employment an increase at the site of the economic development project of at least ***fifteen (15)***[~~twenty-five (25)~~] full-time employees who are residents of the Commonwealth***,***[~~ and who are~~] subject to the Kentucky income tax.

(5) The approved company shall continue to pay to the Commonwealth, on an annualized basis during the term of the agreement, the base level of income tax, adjusted on an annual basis to reflect changes in the consumers price index. Any excess income tax owed may be taken as a credit.

(6) If any approved company expands because of an increase in business or because of the commencement of a new line of business, it shall be eligible, at the discretion of the authority, to negotiate a separate and additional agreement to cover the expanded business under the same conditions as authorized for expansion in this section.

(3) The approved company shall provide the authority with documentation as to the expenditures for approved costs in a manner acceptable to the authority.

(4) The agreement shall include the activation date and will terminate upon the earlier of the full receipt of the maximum amount of inducements by the approved company or ten (10) years from the activation date. If the approved company does not satisfy the minimum investment and minimum employment requirements of subsection (3) of Section 31 of this Act by the activation date, the approved company shall not be entitled to receive inducements pursuant to this subchapter until the approved company satisfies the requirements; however, the ten (10) year period for the term of the agreement shall begin from the activation date. Notwithstanding the previous sentence, if the approved company does not satisfy the minimum investment and minimum employment requirements of subsection (3) of Section 31 of this Act within two (2) years from the date of final approval of the agreement, then the approved company shall be ineligible to receive inducements under this subchapter unless an extension is approved by the authority.

(b) The aggregate assessments pursuant to Section 33 of this Act withheld by the approved company each year.

(7) Either the total income tax credit or assessments may not exceed authorized cumulative approved costs paid by the approved company in the three (3) year period commencing with the date of final approval.

(8) If the approved company elects to use the income tax credit, the income tax credited to the approved company shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments as prescribed in KRS 141.042 on the Kentucky taxable income generated by or arising from the economic development project.

(9) The agreement may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to that effect.

(10) The agreement shall provide that if an approved company fails to comply with its obligations under the agreement then the authority shall have the right, at its option, to:

(a) Suspend either the income tax credits or assessments available to the approved company;

(b) Pursue any remedy provided under the agreement, including termination thereof; and

(c) Pursue any other remedy at law to which it may be entitled.

(11) All remedies provided in subsection (10) of this section shall be deemed to be cumulative.

[~~(a) The term of an agreement, which shall commence on the date of the agreement, shall not be longer than the earlier of the following:~~

~~1. The maturity of loans or other financing incurred in connection with the economic development project, except that the agreement may be terminated upon the earlier prepayment of loans or other financing incurred in connection with the economic development project; or~~

~~2. Ten (10) years from the activation date of the original agreement.~~

~~(b) All proceeds of any loan or other financing incurred in connection with the economic development project shall be expended by the approved company within three (3) years from the date of the financing agreement. In the event that all proceeds of any loan or other financing incurred in connection with the economic development project are not fully expended within the three (3) year period, the authorized inducements shall automatically be reduced to and shall not be greater than the amount of proceeds actually expended by the approved company within the three (3) year period.~~

~~(c) In consideration for the execution and during the term of the agreement, the approved company shall be permitted either of the following during the term of the agreement:~~

~~1. A credit against Kentucky income tax imposed by KRS 141.020 or 141.040 on the income of the approved company generated by or arising out of the economic development project as determined by KRS 141.400; or~~

~~2. The aggregate assessment withheld by the approved company in each year.~~

~~(2) The agreement shall provide that:~~

~~(a) 1. The assessments, if applicable, shall not exceed the annual payments of the total financing agreement by the approved company in any year; however, to the extent that the financing agreement annual payments exceed assessments collected in any year, the excess payment may be recouped from assessment collections in succeeding years.~~

~~2. If in any fiscal year of the approved company during which the financing agreement is in effect the total assessments collected from the wages of the employees equals the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessments collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, and the approved company shall resume normal personal income tax withholdings from employees' wages for the remainder of that fiscal year.~~

~~(b) The Kentucky income tax credit, in any fiscal year of the approved company, shall not exceed the total debt service paid during the same fiscal year with respect to the loans or other financing incurred in connection with the economic development project; however, to the extent that annual debt service payments exceed the annual income tax credits in any year, the excess debt service payments may be recouped from excess tax credits in succeeding years.~~

~~(c) The income tax credited to the approved company shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments~~

Prior approval of the calculation shall be secured from the cabinet at least thirty (30) days before the first payroll period for which it is to be used.

(7) The cabinet may, by regulations, authorize employers:

(8) The cabinet may provide by regulation, under the conditions and to the extent it deems proper, for withholding in addition to that otherwise required under this section and KRS 141.315 in cases in which the employer and the employee agree to the additional withholding. The additional withholding shall for all purposes be considered tax required to be deducted and withheld under this chapter.

(9) Effective January 1, 1992, any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job assessment fee provided in KRS 154.24-110 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. (11) Effective January 1, 1992, any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job assessment fee provided in KRS 154.26-100 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of the offset shall be two-thirds (2/3) of the amount of the assessment fee withheld from the employee, or if the agreement under KRS 154.26-090(1)(d)2.b. is consummated, the offset shall be four-fifths (4/5) of the assessment fee.

(12) Any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job development assessment fee provided in KRS 154.23-055 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of the offset shall be equal to the Commonwealth's contribution as determined by KRS 154.23-055(1) to (3).

(13) Any employer required by this section to withhold Kentucky income tax may be required to post a bond with the cabinet. The bond shall be a corporate surety bond or cash. The amount of the bond shall be determined by the cabinet, but shall not exceed fifty thousand dollars ($50,000).

The estimated amount of ad valorem taxes, other than the school or fire district portion of ad valorem taxes, from real property, Kentucky individual income tax, Kentucky sales and use taxes, local insurance premium taxes, occupational license fees, or other such state taxes which would be displaced within the Commonwealth, to reflect economic activity which is being shifted over the twenty (20) year period;

4. The estimated increment the development area is expected to generate over the twenty (20) year period, equal to the estimated amount set forth in paragraph (a)2. of this subsection minus the estimated amount set forth in paragraph (a)3. of this subsection; and

On the basis of the independent consultant's report and prior to any approval of a project by the economic development authority or the tourism development authority, as appropriate, the Office of State Budget Director, the Finance and Administration Cabinet, and the Revenue Cabinet shall certify whether there is a projected net positive economic impact to the Commonwealth and the expected amount of incremental state revenues from the project to the economic development authority or tourism development authority, as appropriate. Approval shall not be granted if it is determined that there is no projected net positive economic impact to the Commonwealth.

(c) The primary project entity shall pay all costs associated with the independent consultant's report.

(4) With respect to each city, county, or agency that applies for approval of a project and development area, the economic development authority or the tourism development authority, as appropriate, shall request materials and make all inquiries concerning the application the economic development authority or the tourism development authority, as appropriate, deems necessary. The economic development authority or the tourism development authority, as appropriate, shall not approve a percentage of the Commonwealth's portion of the increment to be distributed to the agency each year with respect to a development area and project greater than the percentage approved by the city or county creating the development area.

(6) The amount of increment available for a development area shall be no more than eighty percent (80%) per year, but shall in no case exceed twenty-five percent (25%) of the project costs during the term of the grant agreement.

(7) The terms and conditions of each grant contract are subject to negotiations between the economic development authority or the tourism development authority, as appropriate, and the other parties to the grant contract. The grant contract shall include, but not be limited to, the following provisions: the activation date, the agreed taxes to be included in the calculation of the increment, the percentage increment to be contributed by the Commonwealth and other taxing districts, the maximum amount of project costs, a description of the development area and the project, the termination date, and the requirement that the agency annually certify to the economic development authority or tourism development authority, as appropriate, as to the use of the increment for payment of project costs in the development area.

(8) The agency responsible for the development area that enters into the grant contract shall, after each year the grant contract is in effect, certify to the economic development authority or the tourism development authority, as appropriate:

The agency shall submit to the Revenue Cabinet for certification its determination with respect to the total increment due together with the review of the certified public accountant and detailed information concerning ad valorem taxes, Kentucky individual income tax, Kentucky sales and use taxes, local insurance premium taxes, occupational license fees, and other such state taxes as may be determined by the Revenue Cabinet, including withholding taxes of employees of each taxpayer located in the development area.

Upon notification to the agency of the total increment by the Revenue Cabinet and notice from the agency, each taxing district obligated under the grant contract, other than the Commonwealth, shall release to the agency the respective portion of the total increment due under the grant contract. The agency shall certify to the Revenue Cabinet on a calendar year basis the amount of the increments collected.

2. Upon certification of the total increment due from the Commonwealth by the Revenue Cabinet, the Cabinet is authorized and directed to transfer the increment to a tax increment financing account established and administered by the Finance and Administration Cabinet for payment of the Commonwealth's portion of the increment. Prior to disbursement by the Finance and Administration Cabinet of the funds from the tax increment financing account, the economic development authority or the tourism development authority, as appropriate, shall notify the Finance and Administration Cabinet that the agency is in compliance with the terms of the grant contract. Further, no additional increment resulting from audit, amended returns or other activity for any period shall be transferred to the trust account established under subsection (9)(a)2. of this section and administered by the Finance and Administration Cabinet after the initial release to the

agency of the Commonwealth's increment for that period.

This section shall not be deemed to require, however, that such ordinance or resolution be adopted prior to interim financing of the project, if such interim financing was undertaken by the proposed lessee corporation upon the basis of discussions between the corporation and responsible officials of the issuer which were later formally ratified by the appropriate governing body of the issuer. The ordinance or resolution shall further provide that the industrial building or the pollution control facility is to be acquired pursuant to the provisions of KRS 103.200 to 103.285. Each such bond-authorizing ordinance or resolution shall be effective only after publication, in a newspaper authorized to publish official advertisements for the issuer, of the title to said ordinance or resolution, together with a statement signed by the clerk of the issuer setting forth the maximum amount of bonds to be outstanding at any one (1) time, the name of the lessee corporation, and the fact that the bonds are to be retired from the proceeds of either the lease payments as set forth in KRS 103.200 to 103.285, inclusive, or the loan payments or sale payments in the event the industrial building financing transaction is carried out pursuant to a loan agreement, sale agreement, or other ***tax incentive***[~~financing~~] agreement. No publication of the complete ordinance or resolution shall be required, but said ordinance or resolution shall be entered upon the records of the issuer and shall be available for public inspection. ***Any industrial buildings financed by bonds pursuant to KRS 103.200 to 103.285 and leased in connection with the bond financing from a tax-exempt governmental unit, or tax-exempt statutory authority, shall require the prior approval by the Kentucky Economic Development Finance Authority of the reduced ad valorem tax for industrial buildings under KRS 132.020, the standards for which the Kentucky Economic Development Finance Authority shall establish through its operating procedures or by the promulgation of administrative regulations in accordance with KRS Chapter 13A. The authority shall consider, along with other indicators, when establishing standards, the number of jobs to be created, the amount of capital to be invested, and the wages and benefits to be paid.***

(2) Kentucky Economic Development Finance Authority, any air board established pursuant to KRS 183.132, and any riverport authority established as provided in KRS 65.510 to 65.650, inclusive, shall have and possess all power and authority granted to cities and counties by the provisions of KRS 103.200 to 103.285, excluding condemnation powers under KRS 103.245, for the financing of industrial buildings. The power and authority granted to Kentucky Economic Development Finance Authority, any air board, and any riverport authority shall be and constitute an additional and alternative grant of power and authority to such governmental agencies, and shall not be construed as being in derogation of any other powers vested in each of such governmental agencies.

The authority may extend this two (2) year period upon the written application of an eligible company requesting an extension.

To implement the activation date, the approved company shall notify the authority, the Kentucky Revenue Cabinet, the approved company's qualified statewide employees, and the affected local jurisdictions, if any, of the activation date when implementation of the inducements authorized in the financing agreement shall occur. If the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.23-025 by the activation date, then the approved company shall not be entitled to receive inducements under KRS 154.23-005 to 154.23-079 until the approved company satisfies the requirements; in any event, the ten (10) year period for the term of the financing agreement shall begin from the activation date. Notwithstanding the previous sentence, if the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.23-025 within two (2) years from the date of final approval of the financing agreement, then the approved company shall be ineligible to receive inducements under KRS 154.23-005 to 154.23-079.]~~

Section 30. KRS 154.23-045 is amended to read as follows:

(1) If an eligible company operates an existing business in a qualified zone, and wishes to expand that business within the zone, the eligible company may submit an application to the authority to become an approved company under KRS 154.23-025.

(2) If the eligible company under subsection (1) of this section becomes an approved company, the authority shall determine a base level of employment in the Commonwealth, a base level of state income tax liability, and a base level of manufacturing or service or technology activity, as applicable, of the approved company for determining eligible credits for the approved company's project during the term of a ***tax incentive***[~~financing~~] agreement or service and technology agreement. The base level shall be determined by taking into consideration any seasonal fluctuations or aberrations of employment levels during the preceding three (3) years. Notwithstanding the determination of a base level of employment in the Commonwealth, no qualified statewide employee who is an employee of this business prior to the date of the preliminary approval by the authority as prescribed in KRS 154.23-030 shall be subject to assessment.

(3) The authority shall identify, by name, all of the existing qualified statewide employees employed by the eligible company prior to preliminary approval, and these employees shall be exempt from the assessment. If any of these employees cease working in the activity, then another qualified statewide employee shall be added to the base level of employment, based on the earliest date of entry into the work force, and this employee shall be exempt from the assessment. The authority may negotiate with the approved company a different method of determining the base level of employment that would yield a more equitable result for the approved company, the Commonwealth, local jurisdictions, and the qualified statewide employees.

(4) To become eligible for inducements, the approved company shall create and maintain above the base level of employment in the Commonwealth, an increase at the site of the project of at least ten (10) new full-time qualified employees.

(5) The approved company shall continue to pay to the Commonwealth, on an annualized basis during the term of the ***tax incentive***[~~financing~~] agreement or service and technology agreement, as applicable, the base level of income tax, adjusted on an annual basis to reflect changes in the consumer price index. The excess income tax owed may be offset by the

income tax credit provided in KRS 154.23-050.

(6) If any approved company expands in a qualified zone because of an increase in business or because of the commencement of a new line of business, it may be eligible, at the discretion of the authority, to negotiate a separate, additional ***tax incentive***[~~financing~~] agreement or service and technology agreement to cover the expanded business under the same conditions as authorized for an expansion in this section.

Section 31. KRS 154.23-055 is amended to read as follows:

(1) If the local jurisdiction in which the economic development project is to be located, approves the assessment in accordance with subsection (8) of this section, then an approved company engaged in either manufacturing or service or technology activities may require each qualified statewide employee, as a condition to employment, to agree to pay ***an***[~~a job development~~] assessment[~~ fee~~] in an amount determined by the percentage of the local occupational license fee, which shall be one-fifth (1/5) of the total[~~ job development~~] assessment[~~ fee~~], plus the Commonwealth's contribution of four-fifths (4/5) of the total[~~ job development~~] assessment[~~ fee~~], but in no event to exceed five percent (5%) of the qualified statewide employee's gross wages exclusive of any noncash benefits; provided that each qualified statewide employee paying the assessment shall be entitled to credits against Kentucky income tax as prescribed in subsection (4) of this section and to credits against the local occupational license fee to the extent of the local occupational license fee collected by the local jurisdiction. This assessment shall be deducted by the approved company from wages it pays to qualified statewide employees.

(2) Notwithstanding subsection (1) of this section, if no local occupational license fee is assessed by any local government in which the project is located, the assessment shall be four percent (4%), all of which shall be contributed by the Commonwealth.

(3) Notwithstanding subsection (1) of this section, if a project is located in only one (1) local government and that local government has a local occupational license fee that is less than one percent (1%) and the local government agrees to forgo all of its local occupational license fee or if a project is located in multiple local governments and the local governments have in the aggregate local occupational license fees that are less than one percent (1%) and the local governments agree to forgo all of their local occupational license fees, then the assessment shall be four percent (4%), all of which shall be contributed by the Commonwealth, plus the percentage of the local occupational license fee or fees, as applicable, that the local government or local governments, as applicable, has or have agreed to forgo.

(4) Each qualified statewide employee required to pay this assessment shall be entitled to certain credits, as follows:

 (a) Credit against the required Kentucky income tax withheld from gross wages under KRS 141.310 equal to the Commonwealth's contribution, but in no event to exceed four percent (4%) of these wages; and

 (b) Credit against the local occupational license fee imposed by any local government in which the project is located in the form of a simultaneous adjustment of the local occupational license fee withheld from gross wages excluding noncash benefits not to exceed one percent (1%) of these wages.

(5) If more than one (1) local government jurisdiction imposes a local occupational license fee and all jurisdictions approve the assessment, then the assessment and employee credit therefor shall be prorated against the local occupational license fees imposed, unless a single local government jurisdiction agrees to forgo receipt of its local occupational license fees in an amount equal to one percent (1%) of the qualified statewide employees' wages excluding noncash benefits, in which case no proration need be made.

(6) No credit, or portion thereof, shall be allowed against any occupational license fee imposed by or dedicated solely to the board of education in a local jurisdiction.

(7) An approved company that collects an assessment shall make its payroll, books, and records available to the authority at its request, and shall provide all documentation pertaining to the assessment as the authority may require.

(8) Before any ***tax incentive***[~~financing~~] agreement or service and technology agreement becomes effective with respect to an assessment, the legislative body of any local government that assesses a local occupational license fee and shall lose revenue as a result of the assessment described in this section shall, by official action, approve the assessment for the benefit of an approved company. However, if a local government does not approve the assessment, then the approved company shall not be permitted to impose the assessment and the qualified statewide employees shall not be permitted to claim credits.

[~~(9) Any assessment of the wages of qualified statewide employees of an approved company engaged in manufacturing activities in connection with their employment at an economic development project in subsection (1) of this section shall permanently lapse as of the date any loans or other financing, as described in KRS 154.23-035, incurred in connection with the economic development project mature or are prepaid in full for an approved company engaged in manufacturing activities or as of any date any lease under KRS 154.23-010(6)(b)4. terminates.~~]

(9)[~~(10)~~] Any assessment of the wages of qualified statewide employees of an approved company engaged in service or technology activities in connection with their employment at an economic development project shall permanently cease at the expiration of the service and technology agreement.

Each employee paying the assessment under this subsection shall be entitled to a credit against Kentucky income tax, under KRS 141.350, equal to four percent (4%) and a credit against the local occupational license fee equal to the local occupational license fee that the local jurisdiction has agreed to forgo.

Section 36. KRS 154.24-140 is amended to read as follows:

(2) If an existing business becomes an approved company, the authority shall determine a base level of employment, a base level of state income tax liability, and a base level of services of the approved company for determining eligible credits in remaining years of the approved company's project period. The base level shall be determined by taking into consideration any seasonal fluctuations or aberrations of employment levels over a preceding three (3) year period. Notwithstanding the determination of a base level of employment, no employee of the existing business who is an employee of such business prior to the date of the preliminary resolution of the authority as prescribed in KRS 154.24-100 shall be subject to assessment.

If any of these employees cease working in the activity, another employee shall be added to the base level of employment, based on the earliest date of entry into the work force, and he shall be exempt from the assessment. The authority may negotiate with the approved company a different method of determining the base level of employment which would yield a more equitable result for the approved company, the Commonwealth, local jurisdictions, and the employees.

(4) To become eligible for inducements, the approved company shall create and maintain above the base level of employment an increase at the site of the economic development project of at least ***fifteen (15)***[~~twenty-five (25)~~] full-time employees who are residents of the Commonwealth***,***[~~ and who are~~] subject to the Kentucky income tax.

(5) The approved company shall continue to pay to the Commonwealth, on an annualized basis during the term of the agreement, the base level of income tax, adjusted on an annual basis to reflect changes in the consumers price index. Any excess income tax owed may be taken as a credit.

(6) If any approved company expands because of an increase in business or because of the commencement of a new line of business, it shall be eligible, at the discretion of the authority, to negotiate a separate and additional agreement to cover the expanded business under the same conditions as authorized for expansion in this section.

~~2. If in any fiscal year of the approved company during which the financing agreement is in effect the total assessments collected from the wages of the employees equals the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessments collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, and the approved company shall resume normal personal income tax withholdings from employees' wages for the remainder of that fiscal year.~~

~~(b) The Kentucky income tax credit, in any fiscal year of the approved company, shall not exceed the total debt service paid during the same fiscal year with respect to the loans or other financing incurred in connection with the economic development project; however, to the extent that annual debt service payments exceed the annual income tax credits in any year, the excess debt service payments may be recouped from excess tax credits in succeeding years.~~

~~(c) The income tax credited to the approved company shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments as prescribed under KRS 141.042.~~

~~(e) An approved company shall require of any lender to an approved company funding the loans or other financing incurred in connection with the economic development project, written evidence of all annual debt service to the lender, which evidence shall be provided in writing to the authority within forty-five (45) days following the close of each fiscal year of the financing agreement.~~

~~(f) If an approved company fails to comply with its respective obligations under the financing agreement, the lender to an approved company fails to comply with the provisions of subsection (2)(e) of this section, or an approved company is declared in default under the loans or other financing incurred in connection with the economic development project, the authority, or any of its assignees, may, at its option:~~

To implement the activation date, the approved company shall notify the authority, the Kentucky Revenue Cabinet, and the approved company's employees of the activation date on which implementation of the inducements authorized in the financing agreement shall occur. The activation date shall be the time when the maximum dollar value of equipment that constitutes a portion of an economic development project under KRS 154.28-010(10) shall be determined. (2) If wages are paid with respect to a period which is not a payroll period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days, including Sundays and holidays, equal to the number of days in the period with respect to which the wages are paid.

(3) In any case in which wages are paid by an employer without regard to any payroll period or other period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days equal to the number of days, including Sundays and holidays, which have elapsed since the date of the last payment of wages by the employer during the calendar year, or the date of commencement of employment with the employer during the year, or January 1 of the year, whichever is the later.

(4) In determining the amount to be deducted and withheld under this section, the wages may, at the election of the employer, be computed to the nearest dollar.

(5) The tables mentioned in subsection (1) of this section take into consideration the deductible federal income tax. If Congress changes substantially the federal income tax, the cabinet shall make the change in these tables necessary to compensate for any increase or decrease in the deductible federal income tax.

(6) The cabinet may permit the use of accounting machines to calculate the proper amount to be deducted from wages when the calculation so permitted produces substantially the same result set forth in the tables authorized by KRS 141.370. Prior approval of the calculation shall be secured from the cabinet at least thirty (30) days before the first payroll period for which it is to be used.

(7) The cabinet may, by regulations, authorize employers:

(a) To estimate the wages which will be paid to any employee in any quarter of the calendar year;

(b) To determine the amount to be deducted and withheld upon each payment of wages to the employee during the quarter as if the appropriate average of the wages estimated constituted the actual wages paid; and

(c) To deduct and withhold upon any payment of wages to the employee during the quarter the amount necessary to adjust the amount actually deducted and withheld upon the wages of the employee during the quarter to the amount that would be required to be deducted and withheld during the quarter if the payroll period of the employee was quarterly.

(8) The cabinet may provide by regulation, under the conditions and to the extent it deems proper, for withholding in addition to that otherwise required under this section and KRS 141.315 in cases in which the employer and the employee agree to the additional withholding. The additional withholding shall for all purposes be considered tax required to be deducted and withheld under this chapter.

(9) Effective January 1, 1992, any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job assessment fee provided in KRS 154.24-110 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of the offset shall be four-fifths (4/5) of the amount of the assessment fee withheld from the employee or the Commonwealth's contribution of KRS 154.24-110(3) applies. (10) Any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees ***an***[~~the job development~~] assessment[~~ fee~~] provided in KRS 154.22-070 ***or***[~~,~~] KRS 154.28-110[~~, or KRS 65.6851~~] may offset the fee against the Kentucky income tax required to be withheld from the employee under this section.

(11) Effective January 1, 1992, any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job assessment fee provided in KRS 154.26-100 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of the offset shall be two-thirds (2/3) of the amount of the assessment fee withheld from the employee, or if the agreement under KRS 154.26-090(1)(d)2.b. is consummated, the offset shall be four-fifths (4/5) of the assessment fee.

(12) Any employer required by this section to withhold Kentucky income tax who assesses and withholds from employees the job development assessment fee provided in KRS 154.23-055 may offset a portion of the fee against the Kentucky income tax required to be withheld from the employee under this section. The amount of the offset shall be equal to the Commonwealth's contribution as determined by KRS 154.23-055(1) to (3).

(13) Any employer required by this section to withhold Kentucky income tax may be required to post a bond with the cabinet. The bond shall be a corporate surety bond or cash. The amount of the bond shall be determined by the cabinet, but shall not exceed fifty thousand dollars ($50,000).

(14) The Commonwealth may bring an action for a restraining order or a temporary or permanent injunction to restrain or enjoin the operation of an employer's business until the bond is posted or the tax required to be withheld is paid or both. The action may be brought in the Franklin Circuit Court or in the Circuit Court having jurisdiction of the defendant.

(1) The secretary of the Finance and Administration Cabinet shall have power and authority over, and may, except as otherwise expressly provided in this code, adopt regulations pursuant to KRS Chapter 13A and consistent with this code governing the purchasing, management, and control of any and all supplies, services, and construction, and other items required to be purchased by the Commonwealth. Sole source is a situation in which there is only one (1) known capable supplier of a commodity or service, occasioned by the unique nature of the requirement, the supplier, or market conditions. Insofar as it is practical, no less than three (3) suppliers shall be solicited to submit written or oral quotations whenever it is determined that competitive sealed bidding is not feasible. Award shall be made to the supplier offering the best value. The names of the suppliers submitting quotations and the date and amount of each quotation shall be placed in the procurement file and maintained as a public record. Competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) Where rates are fixed by law or ordinance;

(c) For library books;

(d) For commercial items that are purchased for resale;

(e) For interests in real property;

The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property,

or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases. (h) The insurer who elects to use the filing procedure with a minimum loss ratio guarantee shall notify all policyholders of the refund calculation, the result of the refund calculation, the percent of premium on an aggregate basis to be refunded if any, any amount of the refund attributed to the payment of interests, and an explanation of amounts less than ten dollars ($10).

(7) The commissioner may by administrative regulation prescribe any additional information related to rates, fees, dues, and other charges as they relate to the factors set out in subsection (3) of this section that he or she deems necessary and relevant to be included in the filings and the form of the filings required by this section. When determining a loss ratio for the purposes of loss ratio guarantee, the insurer shall divide the total of the claims incurred, plus preferred provider organization expenses, case management and utilization review expenses, plus reinsurance premiums less reinsurance recoveries by the premiums earned less state and local premium taxes less other assessments. For purposes of determining the loss ratio for any loss ratio guarantee pursuant to this section, the commissioner may examine the insurer's expenses for preferred provider organization, case management, utilization review, and reinsurance used by the insurer in calculating the loss ratio guarantee for reasonableness. Only those expenses found to be reasonable by the commissioner may be used by the insurer for determining the loss ratio for purposes of any loss ratio guarantee.

(8) For the purpose of this section, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize a restricted provider network if utilization of the restricted provider network results in substantial differences in claims costs.

(9) Notwithstanding any other provision of this section, an insurer shall not be required to utilize the experience of those

individuals with high-cost conditions who enrolled in its plans between July 15, 1995, and April 10, 1998, to develop the insurer's index rate for its individual policies.

(10) Nothing in this section shall be construed to prevent an insurer from offering incentives to participate in a program of disease prevention or health improvement.

Section 6. KRS 304.17A-0954 is amended to read as follows:

(1) For purposes of this section:

(a) "Base premium rate" has the meaning provided in KRS 304.17A-005;

(b) "Employer" means a person engaged in a trade or business who has two (2) or more employees within the state in each of twenty (20) or more calendar weeks in the current or preceding calendar year;

(c) "Employer-organized association" means any of the following:

1. Any entity which was qualified by the commissioner as an eligible association prior to April 10, 1998, and which has actively marketed a health insurance program to its members after September 8, 1996, and which is not insurer-controlled;

2. An entity organized under KRS 247.240 to 247.370 that has actively marketed health insurance to its members and which is not insurer-controlled; or

3. Any entity which is a bona fide association as defined in 42 U.S.C. sec. 300gg-91(d)(3), whose members consist principally of employers, and for which the entity's health insurance decisions are made by a board or committee the majority of which are representatives of employer members of the entity who obtain group health insurance coverage through the entity or through a trust or other mechanism established by the entity, and whose health insurance decisions are reflected in written minutes or other written documentation;

(d) "Index rate" has the meaning provided in KRS 304.17A-005.

(2) Notwithstanding any other provision of this chapter, the amount or rate of premiums for an employer-organized association health plan may be determined, subject to the restrictions of subsection (3) of this section, based upon the experience or projected experience of the employer-organized associations whose employers obtain group coverage under the plan. Without the written consent of the employer-organized association filed with the commissioner, the index rate for the employer-organized association shall be calculated solely with respect to that employer-organized association and shall not be tied to, linked to, or otherwise adversely affected by any other index rate used by the issuing insurer.

(3) The following restrictions shall be applied in calculating the permissible amount or rate of premiums for an employer-organized health insurance plan:

(a) The premium rates charged during a rating period to members of the employer-organized association with similar characteristics for the same or similar coverage, or the premium rates that could be charged to a member of the employer-organized association under the rating system for that class of business, shall not vary from its own index rate by more than twenty-five percent (25%) of its own index rate, except that the premium rates charged to an employer-organized association shall not vary from the index rate by more than fifty percent (50%) for two (2) consecutive years beginning January 1, 2001. ***However, upon any policy issuance or renewal, on or after January 1, 2003, the maximum variation shall revert to twenty-five percent (25%) of the index rate.***

(b) The percentage increase in the premium rate charged to an employer member of an employer-organized association for a new rating period shall not exceed the sum of the following:

1. The percentage change in the new business premium rate for the employer-organized association measured from the first day of the prior rating period to the first day of the new rating period;

2. Any adjustment, not to exceed twenty percent (20%) annually and adjusted pro rata for rating period of less than one (1) year, due to the claims experience, mental and physical condition, including medical condition, medical history, and health service utilization, or duration of coverage of the member as determined from the insurer's rate manual; and

3. Any adjustment due to change in coverage or change in the case characteristics of the member as determined by the insurer's rate manual.

(4) In utilizing case characteristics, the ratio of the highest rate factor to the lowest rate factor within a class of business shall not exceed five to one (5:1). For purpose of this limitation, case characteristics include age, gender, occupation or industry, and geographic area.

(5) For the purpose of this section, a health insurance contract that utilizes a restricted provider network shall not be considered similar coverage to a health insurance contract that does not utilize a restricted provider network if utilization of the restricted provider network results in measurable differences in claims costs.

Section 7. KRS 304.17A-150 is amended to read as follows:

(1) On and after July 15, 1995, it is an unfair trade practice for an insurer, agent, broker, or any other person in the business of marketing and selling health plans, to commit or perform any of the following acts:

(a) Encourage individuals or groups to refrain from filing an application for coverage with the insurer because of the individual's or group's health status, claims experience, industry, occupation, or geographic location; or

(b) Encourage or direct individuals or groups to seek coverage from another insurer because of the individual's or group's health status, claims experience, industry, occupation, or geographic location; or

(c) Encourage an employer to exclude an employee from coverage.

The provisions of this subsection shall not apply to information provided regarding the established geographic service area of an insurer.

(2) It is an unfair trade practice for an insurer to compensate an agent, broker, or any other person in the business of marketing and selling health plans on the basis of the health status, claims experience, industry, occupation, or geographic location of the insured or prospective insured except as provided in KRS 304.17B-001 to 304.17B-031.

(3) It shall constitute an unfair trade practice for any insurer, insurance agent, or third-party administrator to refer an individual[~~ employee~~] to Kentucky Access, or to arrange for an individual[~~ employee~~] to apply to Kentucky Access, for the purpose of separating an ***individual***[~~employee~~] from group health insurance coverage[~~ provided in connection with the individual's employment~~].

(4) It is an unfair trade practice for an insurer that offers multiple health benefit plans to require a health care provider, as a condition of participation in a health benefit plan of the insurer, to participate in any of the insurer's other health benefit plans. In addition to the proceedings and penalties provided in this chapter for violation of this provision, a contract provision violating this subsection is void.

(5) It is an unfair trade practice for an insurer not to compute an insured's coinsurance or cost sharing on the basis of the amount actually received by a health-care provider from the insurer.

(6) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any insurer that fails to pay an assessment under KRS 304.17B-021. As an alternative, the commissioner may levy a civil penalty on any member insurer that fails to pay the assessment when due. The civil penalty shall not exceed five percent (5%) of the unpaid assessment per month, but no civil penalty shall be less than one hundred dollars ($100) per month.

(7) The remedy provided by KRS 304.12-120 shall be available for conduct proscribed by this section.

(8) It is an unfair claims settlement practice for any person to make claims payments to insureds or beneficiaries not accompanied by a statement setting forth the coverage under which the payments are being made in instances in which the insured has a liability under the policy beyond his or her copayment or deductible.

Section 8. KRS 304.17A-240 is amended to read as follows:

(1) Except as provided in this section, an insurer shall renew or continue in force a health benefit plan at the option of the insured.

(2) An insurer may nonrenew or discontinue a health benefit plan based only on one (1) or more of the following:

(a) The insured has failed to pay premiums or contributions in accordance with the terms of the plan or the insurer has not received timely premium payments;

(b) The insured has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage;

(c) The insured has engaged in intentional and abusive noncompliance with material provisions of the health benefit plan;

(d) The insurer is ceasing to offer coverage in the individual or group market in accordance with subsection (3) of this section;

(e) In the case of an insurer that offers health benefit plans through a network plan, the individual no longer resides, lives, or works in the service area or in an area for which the insurer is authorized to do business, but only if the coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals, or there is no longer any enrollee in connection with the group plan who resides, lives, or works in the service area of the insurer;[~~ or~~]

(f) In the case of a health benefit plan that is made available only through one (1) or more bona fide associations, the membership of the individual or employer in the association on the basis of which the coverage is provided ceases, but only if the coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals***; or***

(g) In the case of a health benefit plan issued to a group, the group no longer meets participation requirements or contribution requirements as established by the insurer.

(3) (a) In any case in which an insurer decides to discontinue offering a particular type of health benefit plan, coverage of the type may be discontinued by the insurer upon approval by the commissioner only if:

1. The insurer provides notice to each insured provided coverage of this type in the market of the discontinuation at least ninety (90) days prior to the date of the discontinuation of the coverage;

2. The insurer offers, to each insured provided coverage of this type, the option to purchase any other health benefit plan currently of that type being offered by the insurer in that market; and

3. In exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph 2. of this paragraph, the insurer acts uniformly without regard to any health status-related factor of enrolled insureds or insureds who may become eligible for coverage.

(b) 1. Subject to paragraph (a)3. of this subsection, in any case in which an insurer elects to discontinue offering all health benefit plans in Kentucky, health benefit plans may be discontinued by the insurer only if:

a. The insurer provides notice to the commissioner and to each insured of the discontinuation at least one hundred eighty (180) days prior to the date of the expiration of the coverage; and

b. All health benefit plans issued or delivered for issuance in Kentucky are discontinued and coverage under the health benefit plans is not renewed.

2. In the case of a discontinuation under subparagraph 1. of this paragraph, the insurer may not provide for the issuance of any health benefit plans in Kentucky during the five (5) year period beginning on the date of the discontinuation of the last health benefit plan not so renewed.

(4) At the time of coverage renewal, an insurer may modify, with approval of the commissioner, the health benefit plan for a policy form so long as the modification is consistent with this chapter and effective on a uniform basis among all individuals with that policy form.

(5) In applying this section in the case of a health benefit plan that is made available by an insurer only through one (1) or more associations, a reference to an individual is deemed to include a reference to an association of which the individual is a member, and a reference to an employer member is deemed to include a reference to the employer.

Section 9. KRS 304.17A-669 is amended to read as follows:

(1) Nothing in KRS 304.17A-660 to 304.17A-669 shall be construed as mandating coverage for mental health conditions.

(2) The following shall be exempt from the provisions of KRS 304.17A-660 to 304.17A-669:

(a) A group health benefit plan covering fewer than ***fifty-one (51)***[~~fifty (50)~~] employees;

(b) An individual health benefit plan; and

(c) An employer-organized association as defined in KRS 304.17A-005.

SECTION 10. A NEW SECTION OF SUBTITLE 17B OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) No less than annually, the Health Insurance Advisory Council shall review the list of high-cost conditions established under KRS 304.17B-001(14) and recommend changes to the commissioner. The commissioner may accept or reject any or all of the recommendations and may make whatever changes by administrative regulation the commissioner deems appropriate. The council, in making recommendations, and the commissioner, in making changes, shall consider, among other things, actual claims and losses on each diagnosis and advances in treatment of high-cost conditions.

(2) The commissioner may by administrative regulation add to or delete from the list of high-cost conditions for Kentucky Access.

Section 11. KRS 304.17B-015 is amended to read as follows:

(1) Any individual who is an eligible individual is eligible for coverage under Kentucky Access, except as specified in paragraphs (a), (b), (d), and (e) of subsection (4) of this section.

(2) Any individual who is not an eligible individual who has been a resident of the Commonwealth for at least twelve (12) months immediately preceding the application for Kentucky Access coverage is eligible for coverage under Kentucky Access if one (1) of the following conditions is met:

(a) The individual has been rejected by at least ***one (1) insurer***[~~two (2) insurers~~] for coverage of a health benefit plan that is substantially similar to Kentucky Access coverage;

(b) The individual has been offered coverage substantially similar to Kentucky Access coverage at a premium rate greater than the Kentucky Access premium rate at the time of enrollment or upon renewal; or

(c) The individual has a high-cost condition listed in KRS 304.17B-001.

(3) A Kentucky Access enrollee whose premium rates exceed claims for a three (3) year period shall be issued a notice of insurability. The notice shall indicate that the Kentucky Access enrollee has not had claims exceed premium rates for a three (3) year period and may be used by the enrollee to obtain insurance in the regular individual market.

(4) An individual shall not be eligible for coverage under Kentucky Access if:

(a) The individual has, or is eligible for, on ***or after the effective***[~~the~~] date of [~~application for~~] coverage under Kentucky Access, substantially similar coverage under another contract or policy, unless the individual was issued coverage from a GAP participating insurer as a GAP qualified individual prior to January 1, 2001. A GAP qualified individual shall be automatically eligible for coverage under Kentucky Access without regard to the requirements of subsection (2) of this section. An individual who is ineligible for coverage pursuant to this paragraph shall not preclude the individual's spouse or dependents from being eligible for Kentucky Access coverage. As used in this paragraph, "eligible for" includes any individual who was eligible for coverage but waived that coverage. That individual shall be ineligible for Kentucky Access coverage through the period of waived coverage;

(b) The individual is eligible for coverage under Medicaid or Medicare;

(c) The individual previously terminated Kentucky Access coverage and twelve (12) months have not elapsed since the coverage was terminated, unless the individual demonstrates a good faith reason for the termination;

(d) Except for covered benefits paid under the standard health benefit plan as specified in KRS 304.17B-019, Kentucky Access has paid two million dollars ($2,000,000) in covered benefits per individual. The maximum limit under this paragraph may be increased by the department; or

(e) The individual is confined to a public institution or incarcerated in a federal, state, or local penal institution or in the custody of federal, state, or local law enforcement authorities, including work release programs.

(5) The coverage of any person who ceases to meet the requirements of this section *or the requirements of any administrative regulation promulgated under this subtitle* may be terminated.

SECTION 12. A NEW SECTION OF SUBTITLE 18 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section:

(a) "Group policy" has the meaning provided in Section 13 of this Act; and

(b) "Medicare" has the meaning provided in Section 13 of this Act.

(2) An insurer providing group health insurance coverage shall offer a conversion health insurance policy, by written notice, to any group member terminated under the group policy for any reason. The insurer shall offer a conversion health insurance policy substantially similar to the group policy. The former group member shall meet the following conditions:

(a) The former group member had been a member of the group and covered under any health insurance policy offered by the group for at least three (3) months;

(b) The former group member must make written application to the insurer for conversion health insurance coverage not later than thirty-one (31) days after notice pursuant to subsection (6) of this section; and

(c) The former group member must pay the monthly, quarterly, semiannual, or annual premium, at the option of the applicant, to the insurer not later than thirty-one (31) days after notice pursuant to subsection (6) of this section.

(3) An insurer shall offer the following terms of conversion health insurance coverage:

(a) Conversion health insurance coverage shall be available without evidence of insurability and shall contain no pre-existing condition limitations;

(b) The premium for conversion health insurance coverage shall be according to the insurer's table of premium rates in effect on the latter of:

1. The effective date of the conversion policy; or

2. The date of application when the premium rate applies to the class of risk to which the covered persons belong, to their ages, and to the form and amount of insurance provided;

(c) The conversion health insurance policy shall cover the former group member and eligible dependents covered by the group policy on the date coverage under the group policy terminated.

(d) The effective date of the conversion health insurance policy shall be the date of termination of coverage under the group policy; and

(e) The conversion health insurance policy shall provide benefits substantially similar to those provided by the group policy, but not less than the minimum standards set forth in KRS 304.18-120 and any administrative regulations promulgated thereunder.

(4) The right to conversion health insurance coverage shall also be available:

(a) To the surviving spouse, at the death of the group member, with respect to the spouse and such children whose coverage under the group policy would terminate or terminates by reason of the death of the group member;

(b) To a child solely with respect to himself upon termination of membership in the group or his coverage by reason of operation of the limiting age of coverage under the group policy while covered as a dependent thereunder; or

(c) To a former spouse for himself and such children of whom he is awarded custody when coverage under the group policy would terminate or terminates by reason of termination of dependency as defined in the group policy and resulting from an order dissolving the marriage entered by a court of competent jurisdiction.

(5) Conversion health insurance coverage need not be granted in the following situations:

(a) At the time of application, the applicant is or could be covered by Medicare;

(b) At the time of application, the applicant is or could be covered by another group coverage (insured or uninsured) or, the applicant is covered by substantially similar benefits by another individual hospital, surgical, or medical expenses insurance policy; or

(c) The issuance of conversion health insurance coverage would cause the applicant to be overinsured according to the insurer's standards, taking into account that the applicant is or could be covered by similar benefits pursuant to or in accordance with the requirements of any statute and the individual coverage described in paragraph (b) of this subsection.

(6) Notice of the right to conversion health insurance coverage shall be given as follows:

(a) For group policies delivered, issued for delivery, or renewed after the effective date of this Act, the insurer shall give written notice of the right to conversion health insurance coverage to any former group member entitled to conversion coverage under this section upon notice from the group policyholder that the group member has terminated membership in the group, upon termination of the former group member's continued group health insurance coverage pursuant to Section 13 of this Act or COBRA as defined in Section 2(6) of this Act, or upon termination of the group policy for any reason. The written notice shall clearly explain the former group member's right to a conversion policy.

(b) The thirty-one (31) day period of subsection (2)(b) of this section shall not begin to run until the notice required by this subsection is mailed or delivered to the last known address of the former group member.

(c) If a former group member becomes entitled to obtain conversion health insurance coverage, pursuant to this section, and the insurer fails to give the former group member written notice of the right, pursuant to this subsection, the insurer shall give written notice to the former group member as soon as practicable after being notified of the insurer's failure to give written notice of conversion rights to the former group member and such former group member shall have an additional period within which to exercise his conversion rights. The additional period shall expire sixty (60) days after written notice is received from the insurer. Written notice delivered or mailed to the last known address of the former group member shall constitute the giving of notice for the purpose of this paragraph. If a former group member makes application and pays the premium, for conversion health insurance coverage within the additional period allowed by this paragraph, the effective date of conversion health insurance coverage shall be the date of termination of group health insurance coverage. However, nothing in this subsection shall require an insurer to give notice or provide conversion coverage to a former group member ninety (90) days after termination of the former group member's group coverage.

Section 13. KRS 304.18-110 is amended to read as follows:

(1) As used in this section:

(g) Other factors as deemed relevant by the commissioner.

(4) The rates for each policyholder shall be guaranteed for twelve (12) months at the rate in effect on the date of issue or date of renewal.

(5) At any time the commissioner, after a public hearing for which at least thirty (30) days' notice has been given, may withdraw approval of rates or fees previously approved under this section and may order an appropriate refund or future premium credit to policyholders, enrollees, and subscribers if the commissioner determines that the rates or fees previously approved are in violation of this chapter.

(6) Notwithstanding subsection (2)~~[(a) to (e)]~~ of this section, premium rates may be used upon filing with the department of a policy form not previously used if the filing is accompanied by the policy form filing and a minimum loss ratio guarantee. Insurers may use the filing procedure specified in this subsection only if the affected policy forms disclose the benefit of a minimum loss ratio guarantee. An insurer may not elect to use the filing procedure in this subsection for a policy form that does not contain the minimum loss ratio guarantee. Insurers may not amend policy forms to provide for a minimum loss ratio guarantee. If an insurer elects to use the filing procedure in this subsection for a policy form or forms, the insurer shall not use a filing of premium rates that does not provide a minimum loss ratio guarantee for that policy form or forms.

(a) The minimum loss ratio shall be in writing and shall contain at least the following:

1. An actuarial memorandum specifying the expected loss ratio that complies with the standards as set forth in this subsection;

2. A statement certifying that all rates, fees, dues, and other charges are not excessive, inadequate, or unfairly discriminatory;

3. Detailed experience information concerning the policy forms;

4. A step-by-step description of the process used to develop the experience loss ratio, including demonstration with supporting data;

5. A guarantee of a specific lifetime minimum loss ratio, that shall be greater than or equal to the following, taking into consideration adjustments for duration as set forth in administrative regulations promulgated by the commissioner:

a. Seventy percent (70%) for policies issued to individuals or for certificates issued to members of an association that does not offer coverage to small employers;

b. Seventy percent (70%) for policies issued to small groups of two (2) to ten (10) employees or for certificates issued to members of an association that offers coverage to small employers; and

c. Seventy-five percent (75%) for policies issued to small groups of eleven (11) to fifty (50) employees;

6. A guarantee that the actual Kentucky loss ratio for the calendar year in which the new rates take effect, and for each year thereafter until new rates are filed, will meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph, adjusted for duration;

7. A guarantee that the actual Kentucky lifetime loss ratio shall meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph; and

8. If the annual earned premium volume in Kentucky under the particular policy form is less than two million five hundred thousand dollars ($2,500,000), the minimum loss ratio guarantee shall be based partially on the Kentucky earned premium and other credibility factors as specified by the commissioner.

(b) The actual Kentucky minimum loss ratio results for each year at issue shall be independently audited at the insurer's expense and the audit shall be filed with the commissioner not later than one hundred twenty (120) days after the end of the year at issue. The audit shall demonstrate the calculation of the actual Kentucky loss ratio in a manner prescribed as set forth in administrative regulations promulgated by the commissioner.

(c) The insurer shall refund premiums in the amount necessary to bring the actual loss ratio up to the guaranteed minimum loss ratio.

(d) A Kentucky policyholder affected by the guaranteed minimum loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund shall be made to all Kentucky policyholders insured under the applicable policy form during the year at issue if the refund would equal ten dollars ($10) or more per policy. The refund shall include statutory interest from July 1 of the year at issue until the date of payment. Payment shall be made not later than one hundred eighty (180) days after the end of the year at issue.

(e) Premium refunds of less than ten dollars ($10) per insured shall be aggregated by the insurer and paid to the Kentucky State Treasury.

(f) None of the provisions of subsections (2) and (3) of this section shall apply if premium rates are filed with the department and accompanied by a minimum loss ratio guarantee that meets the requirements of this subsection. Such filings shall be deemed approved. Each insurer paying a risk assessment under KRS 304.17B-021 may include the amount of the assessment in establishing premium rates filed with the commissioner under this section. The insurer shall identify any assessment allocated.

(g) The policy form filing of an insurer using the filing procedure with a minimum loss ratio guarantee will disclose to the enrollee, member, or subscriber as prescribed by the commissioner an explanation of the lifetime loss ratio guarantee, and the actual loss ratio, and any adjustments for duration.

(h) The insurer who elects to use the filing procedure with a minimum loss ratio guarantee shall notify all policyholders of the refund calculation, the result of the refund calculation, the percent of premium on an aggregate basis to be refunded if any, any amount of the refund attributed to the payment of interests, and an explanation of amounts less than ten dollars ($10).

(7) The commissioner may by administrative regulation prescribe any additional information related to rates, fees, dues, and other charges as they relate to the factors set out in subsection (3) of this section that he or she deems necessary and relevant to be included in the filings and the form of the filings required by this section. When determining a loss ratio for the purposes of loss ratio guarantee, the insurer shall divide the total of the claims incurred, plus preferred provider organization expenses, case management and utilization review expenses, plus reinsurance premiums less reinsurance recoveries by the premiums earned less state and local premium taxes less other assessments. For purposes of determining the loss ratio for any loss ratio guarantee pursuant to this section, the commissioner may examine the insurer's expenses for preferred provider organization, case management, utilization review, and reinsurance used by the insurer in calculating the loss ratio guarantee for reasonableness. Only those expenses found to be reasonable by the commissioner may be used by the insurer for determining the loss ratio for purposes of any loss ratio guarantee.

(8) (a) The commissioner shall hold a hearing upon written request by the Attorney General. The written request shall be based upon one (1) or more of the reasons set out in subsection (3) of this section and shall state the applicable reasons.

(b) An insurer may request a hearing, pursuant to KRS 304.2-310, with regard to any action taken by the commissioner under this section as to the disapproval of rates or an order of a retroactive reduction of rates.

(c) The hearing shall be a public hearing conducted in accordance with KRS 304.2-310.

Section 4. KRS 304.17A-150 is amended to read as follows:

(1) On and after July 15, 1995, it is an unfair trade practice for an insurer, agent, broker, or any other person in the business of marketing and selling health plans, to commit or perform any of the following acts:

(a) Encourage individuals or groups to refrain from filing an application for coverage with the insurer because of the individual's or group's health status, claims experience, industry, occupation, or geographic location; or

(b) Encourage or direct individuals or groups to seek coverage from another insurer because of the individual's or group's health status, claims experience, industry, occupation, or geographic location; or

(c) Encourage an employer to exclude an employee from coverage.

The provisions of this subsection shall not apply to information provided regarding the established geographic service area of an insurer.

(2) It is an unfair trade practice for an insurer to compensate an agent, broker, or any other person in the business of marketing and selling health plans on the basis of the health status, claims experience, industry, occupation, or geographic location of the insured or prospective insured except as provided in KRS 304.17B-001 to 304.17B-031.

(3) It shall constitute an unfair trade practice for any insurer, insurance agent, or third-party administrator to refer an individual[~~ employee~~] to Kentucky Access, or to arrange for an individual[~~ employee~~] to apply to Kentucky Access, for the purpose of separating an ***individual***[~~employee~~] from group health insurance coverage***, except that individuals eligible for group health insurance coverage provided by a small employer or through an employer-organized association health insurance plan shall also be eligible for Kentucky Access if denied coverage by the insurer***[~~ provided in connection with the individual's employment~~].

(4) It is an unfair trade practice for an insurer that offers multiple health benefit plans to require a health care provider, as a condition of participation in a health benefit plan of the insurer, to participate in any of the insurer's other health benefit plans. In addition to the proceedings and penalties provided in this chapter for violation of this provision, a contract provision violating this subsection is void.

(5) It is an unfair trade practice for an insurer not to compute an insured's coinsurance or cost sharing on the basis of the amount actually received by a health-care provider from the insurer.

(6) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any insurer that fails to pay an assessment under KRS 304.17B-021. As an alternative, the commissioner may levy a civil penalty on any member insurer that fails to pay the assessment when due. The civil penalty shall not exceed five percent (5%) of the unpaid assessment per month, but no civil penalty shall be less than one hundred dollars ($100) per month.

(7) The remedy provided by KRS 304.12-120 shall be available for conduct proscribed by this section.

(8) It is an unfair claims settlement practice for any person to make claims payments to insureds or beneficiaries not accompanied by a statement setting forth the coverage under which the payments are being made in instances in which the insured has a liability under the policy beyond his or her copayment or deductible.

Section 5. KRS 304.17A-240 is amended to read as follows:

(1) Except as provided in this section, an insurer shall renew or continue in force a health benefit plan at the option of the insured.

(2) An insurer may nonrenew or discontinue a health benefit plan based only on one (1) or more of the following:

(a) The insured has failed to pay premiums or contributions in accordance with the terms of the plan or the insurer has not received timely premium payments;

(b) The insured has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage;

(c) The insured has engaged in intentional and abusive noncompliance with material provisions of the health benefit plan;

(d) The insurer is ceasing to offer coverage in the individual or group market in accordance with subsection (3) of this section;

(e) In the case of an insurer that offers health benefit plans through a network plan, the individual no longer resides, lives, or works in the service area or in an area for which the insurer is authorized to do business, but only if the coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals, or there is no longer any enrollee in connection with the group plan who resides, lives, or works in the service area of the insurer;[~~ or~~]

(f) In the case of a health benefit plan that is made available only through one (1) or more bona fide associations, the membership of the individual or employer in the association on the basis of which the coverage is provided ceases, but only if the coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals***; or***

(g) In the case of a health benefit plan issued to a group, the group no longer meets participation requirements or contribution requirements as established by the insurer.

(3) (a) In any case in which an insurer decides to discontinue offering a particular type of health benefit plan, coverage of the type may be discontinued by the insurer upon approval by the commissioner only if:

1. The insurer provides notice to each insured provided coverage of this type in the market of the discontinuation at least ninety (90) days prior to the date of the discontinuation of the coverage;

2. The insurer offers, to each insured provided coverage of this type, the option to purchase any other health benefit plan currently of that type being offered by the insurer in that market; and

3. In exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph 2. of this paragraph, the insurer acts uniformly without regard to any health status-related factor of enrolled insureds or insureds who may become eligible for coverage.

(b) 1. Subject to paragraph (a)3. of this subsection, in any case in which an insurer elects to discontinue offering all health benefit plans in Kentucky, health benefit plans may be discontinued by the insurer only if:

a. The insurer provides notice to the commissioner and to each insured of the discontinuation at least one hundred eighty (180) days prior to the date of the expiration of the coverage; and

b. All health benefit plans issued or delivered for issuance in Kentucky are discontinued and coverage under the health benefit plans is not renewed.

2. In the case of a discontinuation under subparagraph 1. of this paragraph, the insurer may not provide for the issuance of any health benefit plans in Kentucky during the five (5) year period beginning on the date of the discontinuation of the last health benefit plan not so renewed.

(4) At the time of coverage renewal, an insurer may modify, with approval of the commissioner, the health benefit plan for a policy form so long as the modification is consistent with this chapter and effective on a uniform basis among all individuals with that policy form.

(5) In applying this section in the case of a health benefit plan that is made available by an insurer only through one (1) or more associations, a reference to an individual is deemed to include a reference to an association of which the individual is a member, and a reference to an employer member is deemed to include a reference to the employer.

Section 6. KRS 304.17A-669 is amended to read as follows:

(1) Nothing in KRS 304.17A-660 to 304.17A-669 shall be construed as mandating coverage for mental health conditions.

(2) The following shall be exempt from the provisions of KRS 304.17A-660 to 304.17A-669:

- (a) A group health benefit plan covering fewer than ***fifty-one (51)***~~[fifty (50)]~~ employees;
- (b) An individual health benefit plan; and
- (c) An employer-organized association as defined in KRS 304.17A-005.

SECTION 7. A NEW SECTION OF SUBTITLE 17B OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) No less than annually, the Health Insurance Advisory Council shall review the list of high-cost conditions established under KRS 304.17B-001(14) and recommend changes to the commissioner. The commissioner may accept or reject any or all of the recommendations and may make whatever changes by administrative regulation the commissioner deems appropriate. The council, in making recommendations, and the commissioner, in making changes, shall consider, among other things, actual claims and losses on each diagnosis and advances in treatment of high-cost conditions.

(2) The commissioner may by administrative regulation add to or delete from the list of high-cost conditions for Kentucky Access.

Section 8. KRS 304.17B-015 is amended to read as follows:

(1) Any individual who is an eligible individual is eligible for coverage under Kentucky Access, except as specified in paragraphs (a), (b), (d), and (e) of subsection (4) of this section.

(2) Any individual who is not an eligible individual who has been a resident of the Commonwealth for at least twelve (12) months immediately preceding the application for Kentucky Access coverage is eligible for coverage under Kentucky Access if one (1) of the following conditions is met:

- (a) The individual has been rejected by at least ***one (1) insurer***~~[two (2) insurers]~~ for coverage of a health benefit plan that is substantially similar to Kentucky Access coverage;
- (b) The individual has been offered coverage substantially similar to Kentucky Access coverage at a premium rate greater than the Kentucky Access premium rate at the time of enrollment or upon renewal; or
- (c) The individual has a high-cost condition listed in KRS 304.17B-001.

(3) A Kentucky Access enrollee whose premium rates exceed claims for a three (3) year period shall be issued a notice of insurability. The notice shall indicate that the Kentucky Access enrollee has not had claims exceed premium rates for a three (3) year period and may be used by the enrollee to obtain insurance in the regular individual market.

(4) An individual shall not be eligible for coverage under Kentucky Access if:

- (a) The individual has, or is eligible for, on the ***effective*** date of ~~[application for]~~ coverage under Kentucky Access, substantially similar coverage under another contract or policy, unless the individual was issued coverage from a GAP participating insurer as a GAP qualified individual prior to January 1, 2001. A GAP qualified individual shall be automatically eligible for coverage under Kentucky Access without regard to the requirements of subsection (2) of this section. An individual who is ineligible for coverage pursuant to this paragraph shall not preclude the individual's spouse or dependents from being eligible for Kentucky Access coverage. As used in this paragraph, "eligible for" includes any individual who was eligible for coverage but waived that coverage. That individual shall be ineligible for Kentucky Access coverage through the period of waived coverage;
- (b) The individual is eligible for coverage under Medicaid or Medicare;
- (c) The individual previously terminated Kentucky Access coverage and twelve (12) months have not elapsed since the coverage was terminated, unless the individual demonstrates a good faith reason for the termination;
- (d) Except for covered benefits paid under the standard health benefit plan as specified in KRS 304.17B-019, Kentucky Access has paid two million dollars ($2,000,000) in covered benefits per individual. The maximum limit under this paragraph may be increased by the department; or
- (e) The individual is confined to a public institution or incarcerated in a federal, state, or local penal institution or in the custody of federal, state, or local law enforcement authorities, including work release programs.

(5) The coverage of any person who ceases to meet the requirements of this section ***or the requirements of any administrative regulation promulgated under this subtitle*** may be terminated.

SECTION 9. A NEW SECTION OF SUBTITLE 18 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section:

(a) "Conversion health insurance coverage" means a health benefit plan meeting the requirements of this section and regulated in accordance with Subtitles 17 and 17A of this chapter;

(b) "Group policy" has the meaning provided in Section 10 of this Act; and

(c) "Medicare" has the meaning provided in Section 10 of this Act.

(2) An insurer providing group health insurance coverage shall offer a conversion health insurance policy, by written notice, to any group member terminated under the group policy for any reason. The insurer shall offer a conversion health insurance policy substantially similar to the group policy. The former group member shall meet the following conditions:

(a) The former group member had been a member of the group and covered under any health insurance policy offered by the group for at least three (3) months;

(b) The former group member must make written application to the insurer for conversion health insurance coverage not later than thirty-one (31) days after notice pursuant to subsection (5) of this section; and

(c) The former group member must pay the monthly, quarterly, semiannual, or annual premium, at the option of the applicant, to the insurer not later than thirty-one (31) days after notice pursuant to subsection (5) of this section.

(3) An insurer shall offer the following terms of conversion health insurance coverage:

(a) Conversion health insurance coverage shall be available without evidence of insurability and may contain a pre-existing condition limitation in accordance with KRS 304.17A-230;

(b) The premium for conversion health insurance coverage shall be according to the insurer's table of premium rates in effect on the latter of:

1. The effective date of the conversion policy; or

2. The date of application when the premium rate applies to the class of risk to which the covered persons belong, to their ages, and to the form and amount of insurance provided;

(c) The conversion health insurance policy shall cover the former group member and eligible dependents covered by the group policy on the date coverage under the group policy terminated.

(d) The effective date of the conversion health insurance policy shall be the date of termination of coverage under the group policy; and

(e) The conversion health insurance policy shall provide benefits substantially similar to those provided by the group policy, but not less than the minimum standards set forth in KRS 304.18-120 and any administrative regulations promulgated thereunder.

(4) Conversion health insurance coverage need not be granted in the following situations:

(a) On the effective date of coverage, the applicant is or could be covered by Medicare;

(b) On the effective date of coverage, the applicant is or could be covered by another group coverage (insured or uninsured) or, the applicant is covered by substantially similar benefits by another individual hospital, surgical, or medical expenses insurance policy; or

(c) The issuance of conversion health insurance coverage would cause the applicant to be overinsured according to the insurer's standards, taking into account that the applicant is or could be covered by similar benefits pursuant to or in accordance with the requirements of any statute and the individual coverage described in paragraph (b) of this subsection.

(5) Notice of the right to conversion health insurance coverage shall be given as follows:

(a) For group policies delivered, issued for delivery, or renewed after the effective date of this Act, the insurer shall give written notice of the right to conversion health insurance coverage to any former group member entitled to conversion coverage under this section upon notice from the group policyholder that the group member has terminated membership in the group, upon termination of the former group member's continued group health insurance coverage pursuant to Section 10 of this Act or COBRA as defined in subsection (6) of Section 1 of this Act, or upon termination of the group policy for any reason. The written notice shall clearly explain the former group member's right to a conversion policy.

(b) The thirty-one (31) day period of subsection (2)(b) of this section shall not begin to run until the notice required by this subsection is mailed or delivered to the last known address of the former group member.

(c) If a former group member becomes entitled to obtain conversion health insurance coverage, pursuant to this section, and the insurer fails to give the former group member written notice of the right, pursuant to this subsection, the insurer shall give written notice to the former group member as soon as practicable after being notified of the insurer's failure to give written notice of conversion rights to the former group member and such former group member shall have an additional period within which to exercise his conversion rights. The

additional period shall expire sixty (60) days after written notice is received from the insurer. Written notice delivered or mailed to the last known address of the former group member shall constitute the giving of notice for the purpose of this paragraph. If a former group member makes application and pays the premium, for conversion health insurance coverage within the additional period allowed by this paragraph, the effective date of conversion health insurance coverage shall be the date of termination of group health insurance coverage. However, nothing in this subsection shall require an insurer to give notice or provide conversion coverage to a former group member ninety (90) days after termination of the former group member's group coverage.

Section 10. KRS 304.18-110 is amended to read as follows:

(1) As used in this section:

(a) "Group policy" means group health insurance policies as defined in KRS 304.18-020 and blanket health insurance policies which the commissioner, in his discretion, designates as subject to this section, which:

"Charitable health care provider" only means those persons, agencies, clinics, or facilities engaging in primary care medicine and performing no invasive or surgical procedures;

(b) "Medical malpractice insurer" means every person or entity engaged as principal and as indemnitor, surety, or contractor in the business of entering into contracts to provide medical professional liability insurance, except an entity in the business of providing such medical professional liability insurance only to itself or its affiliated subsidiary, or parent corporation, or subsidiaries of its parent corporations; and

(c) "Medical professional liability insurance" means insurance to cover liability incurred as a result of the hands-on providing of medical professional services directly to patients by an insured in the treatment, diagnosis, or prevention of patient illness, disease, or injury.

(2) Insurers offering medical professional liability insurance in the Commonwealth shall make available, as a condition of doing business in the Commonwealth pursuant to this chapter, medical professional liability insurance for charitable health care providers and persons volunteering to perform medical services for charitable health care providers, with the same coverage limits made available to its other insureds.

(3) (a) Premiums for policies issued under subsection (2) of this section shall be paid by the Commonwealth from the general fund upon written application for payment of the premium by the health care provider wishing to offer charitable services.

(b) The Department of Insurance shall, through promulgation of administrative regulations pursuant to KRS Chapter 13A, establish reasonable guidelines for the registration of charitable health care providers. The guidelines shall require the provider to supply, at a minimum, the following information:

1. Name and address of the charitable health care provider;

2. Number of employees of the charitable health care provider who will be rendering medical care without compensation or charge and without expectation of compensation or charge, and who will be covered under the policy issued under subsection (2) of this section;

(c) Persons insured under this section shall be required to comply with the same risk management and loss prevention policies which the insurer imposes upon its other insureds.

(d) Any premium refund for medical professional liability insurance issued under subsection (2) of this section received for any reason by the charitable health care provider shall be promptly remitted to the department for transmittal to the general fund.

(4) This section shall only apply to charitable health care providers and persons volunteering to perform medical services for charitable health care providers who are not otherwise covered by any policy of medical professional liability insurance for the charitable health care services provided, and that meet the terms for eligibility established pursuant to this section.

(5) Coverage offered to charitable health care providers and persons volunteering at charitable health care providers shall be at least as broad as the coverage offered by the insurer to other noncharitable health care providers or facilities and to medical professionals working at noncharitable health care facilities.

(6) The Department of Insurance shall retrospectively review on an annual basis the premiums paid pursuant to this section as opposed to the expenses incurred by the insurers covering risks under this section to determine if the profits made for those risks were consistent with reasonable loss ratio guidelines. If the determination is made that the profits were not consistent with reasonable loss ratio guidelines, the Department of Insurance shall determine the amount of the premiums to be refunded to the Commonwealth.

(7) The Cabinet for Health Services shall make available to the Department of Insurance information on its registration of charitable health care providers for the purpose of obtaining medical malpractice insurance.

(8) The Department of Insurance shall not provide medical malpractice insurance as specified in subsection (3)(a) of this section to a charitable health care provider who has not registered with the Cabinet for Health Services under KRS 216.941.

Premium rates for a health benefit plan issued or renewed to an individual, a small group, or an association on or after April 10, 1998, shall be subject to the following provisions:

(1) The premium rates charged during a rating period to an individual with similar case characteristics for the same coverage, or the rates that could be charged to that individual under the rating system for that class of business, shall not vary from the index rate by more than thirty-five percent (35%) of the index rate, except that the premium rates charged to an individual shall not vary from the index rate by more than fifty percent (50%) for two (2) consecutive years beginning January 1, 2001. *However, upon any policy issuance or renewal, on or after January 1, 2003, the maximum variation shall revert to thirty-five percent (35%) of the index rate.*

(2) The percentage increase in the premium rate charged to an individual for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a class of business for which the insurer is not issuing new policies, the insurer shall use the percentage change in the base premium rate;

(b) Any adjustment, not to exceed twenty percent (20%) annually and adjusted pro rata for rating periods of less than one (1) year, due to the claim experience, mental and physical condition, including medical condition, medical history, and health service utilization, or duration of coverage of the individual and dependents as determined from the insurer's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the individual as determined from the insurer's rate manual for the class of business.

(3) The premium rates charged during a rating period to a small group or to an association member with similar case characteristics for the same coverage, or the rates that could be charged to that small group or that association member under the rating system for that class of business, shall not vary from the index rate by more than ***thirty-five percent (35%)***~~[twenty-five percent (25%)]~~ of the index rate~~[, except that the premium rate charged to a small group or association shall not vary from the index rate by more than fifty percent (50%) for two (2) consecutive years beginning January 1, 2001]~~.

(4) The percentage increase in the premium rate charged to a small group or to an association member for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a class of business for which the insurer is not issuing new policies, the insurer shall use the percentage change in the base premium rate;

(b) Any adjustment, not to exceed twenty percent (20%) annually and adjusted pro rata for rating periods of less than one (1) year, due to the claims experience, mental and physical condition, including medical condition, medical history, and health service utilization, or duration of coverage of the employee, association member, or dependents as determined from the insurer's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the small group or association member as determined from the insurer's rate manual for the class of business.

(5) In utilizing case characteristics, the ratio of the highest rate factor to the lowest rate factor within a class of business shall not exceed five to one (5:1). For purpose of this limitation, case characteristics include age, gender, occupation or industry, and geographic area.

(6) Adjustments in rates for claims experience, mental and physical condition, including medical condition, medical history, and health service utilization, health status, and duration of coverage shall not be charged to an individual group member or the member's dependents. Any adjustment shall be applied uniformly to the rates charged for all individuals and dependents of the small group.

(7) The commissioner may approve establishment of additional classes of business upon application to the commissioner and a finding by the commissioner that the additional class would enhance the efficiency and fairness for the applicable market segment.

(a) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business in that market segment by more than ten percent (10%).

(b) An insurer may establish a separate class of business only to reflect substantial differences in expected claims experience or administrative cost related to the following reasons:

1. The insurer uses more than one (1) type of system for the marketing and sale of the health benefit plans; or

2. The insurer has acquired a class of business from another insurer.

(c) Notwithstanding any other provision of this subsection, beginning January 1, 2001, a GAP participating insurer may establish a separate class of business for the purpose of separating guaranteed acceptance program qualified individuals from other individuals enrolled in their plan prior to January 1, 2001. The index rate for the separate class created under this paragraph shall be established taking into consideration expected claims experience and administrative costs of the new class of business and the previous class of business.

(8) For the purpose of this section, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize a restricted provider network if utilization of the restricted provider network results in substantial differences in claims costs.

(9) Notwithstanding any other provision of this section, an insurer shall not be required to utilize the experience of those individuals with high-cost conditions who enrolled in its plans between July 15, 1995, and April 10, 1998, to develop the insurer's index rate for its individual policies.

(10) Nothing in this section shall be construed to prevent an insurer from offering incentives to participate in a program of disease prevention or health improvement.

Section 16. KRS 304.17A-0954 is amended to read as follows:

(1) For purposes of this section:

(a) "Base premium rate" has the meaning provided in KRS 304.17A-005;

(b) "Employer" means a person engaged in a trade or business who has two (2) or more employees within the state in each of twenty (20) or more calendar weeks in the current or preceding calendar year;

(c) "Employer-organized association" means any of the following:

2. An entity organized under KRS 247.240 to 247.370 that has actively marketed health insurance to its members and which is not insurer-controlled; or

3. Any entity which is a bona fide association as defined in 42 U.S.C. sec. 300gg-91(d)(3), whose members consist principally of employers, and for which the entity's health insurance decisions are made by a board or committee the majority of which are representatives of employer members of the entity who obtain group health insurance coverage through the entity or through a trust or other mechanism established by the entity, and whose health insurance decisions are reflected in written minutes or other written documentation;

(d) "Index rate" has the meaning provided in KRS 304.17A-005.

(2) Notwithstanding any other provision of this chapter, the amount or rate of premiums for an employer-organized association health plan may be determined, subject to the restrictions of subsection (3) of this section, based upon the experience or projected experience of the employer-organized associations whose employers obtain group coverage under the plan. Without the written consent of the employer-organized association filed with the commissioner, the index rate for the employer-organized association shall be calculated solely with respect to that employer-organized association and shall not be tied to, linked to, or otherwise adversely affected by any other index rate used by the issuing insurer.

(3) The following restrictions shall be applied in calculating the permissible amount or rate of premiums for an employer-organized health insurance plan:

(a) The premium rates charged during a rating period to members of the employer-organized association with similar characteristics for the same or similar coverage, or the premium rates that could be charged to a member of the employer-organized association under the rating system for that class of business, shall not vary from its own index rate by more than ***thirty-five percent (35%)***[~~twenty-five percent (25%)~~] of its own index rate[~~, except that the premium rates charged to an employer-organized association shall not vary from the index rate by more than fifty percent (50%) for two (2) consecutive years beginning January 1, 2001~~].

(b) The percentage increase in the premium rate charged to an employer member of an employer-organized association for a new rating period shall not exceed the sum of the following:

1. The percentage change in the new business premium rate for the employer-organized association measured from the first day of the prior rating period to the first day of the new rating period;

2. Any adjustment, not to exceed twenty percent (20%) annually and adjusted pro rata for rating period of less than one (1) year, due to the claims experience, mental and physical condition, including medical condition, medical history, and health service utilization, or duration of coverage of the member as determined from the insurer's rate manual; and

3. Any adjustment due to change in coverage or change in the case characteristics of the member as determined by the insurer's rate manual.

(4) In utilizing case characteristics, the ratio of the highest rate factor to the lowest rate factor within a class of business shall not exceed five to one (5:1). For purpose of this limitation, case characteristics include age, gender, occupation or industry, and geographic area.

(5) For the purpose of this section, a health insurance contract that utilizes a restricted provider network shall not be considered similar coverage to a health insurance contract that does not utilize a restricted provider network if utilization of the restricted provider network results in measurable differences in claims costs.

Section 17. The following KRS sections are repealed:

HB 625, AN ACT relating to worker's compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.122 is amended to read as follows:

(1) (a) For calendar year 1997 and for each calendar year thereafter, for the purpose of funding and prefunding the liabilities of the special fund, financing the administration and operation of the Kentucky Workers' Compensation Funding Commission, and financing the expenditures for all programs in the Labor Cabinet, except the Division of Employment Standards, Apprenticeship and Training and the Office of Labor-Management Relations and Mediation, as reflected in the enacted budget of the Commonwealth and enacted by the General Assembly, the funding commission shall impose a special fund assessment rate of nine percent (9%) upon the amount of workers' compensation premiums received on and after January 1, 1997, through December 31, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every group of self-insurers operating under the provisions of KRS 342.350(4), and against the premium, as defined in KRS 342.0011, of every employer carrying his or her own risk.

(b) The funding commission shall, for calendar year 1998 and thereafter, establish for the special fund an assessment rate to be assessed against all premium received during that calendar year which, when added to the coal severance tax appropriated to the special fund in accordance with paragraph (c) of this section, shall produce enough revenue to amortize on a level basis the unfunded liability of the special fund as of September 1 preceding January 1 of each year, for the period remaining until December 31, 2018. The interest rate to be used in this calculation shall reflect the funding commission's investment experience to date and the current investment policies of the commission. This assessment shall be imposed upon the amount of workers' compensation premiums received by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every group of self-insurers operating under the provisions of KRS 342.350(4), and against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.

(c) In addition to the assessment imposed in paragraph (a) or (b) of this subsection, and notwithstanding and prior to the transfer of funds to the Local Government Economic Assistance Program under KRS 42.450 to 42.495, the Kentucky Revenue Cabinet shall credit nineteen million dollars ($19,000,000) in coal severance tax revenues levied under KRS 143.020 to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission each year beginning with fiscal year 1998 and all fiscal years thereafter. The annual transfer of nineteen million dollars ($19,000,000) shall occur in four (4) equal quarterly payments. These transfers shall occur not later than the last day of each quarter of each calendar year and shall consist of four (4) equal payments of four million, seven hundred fifty thousand dollars ($4,750,000).

(d) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission.

(e) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on workers' compensation premiums.

(2) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received. Receipt shall be considered timely through actual physical receipt or by postmark of the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(3) The assessments imposed by this section may be collected by the insurance carrier from his insured. However, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. If the insurance carrier collects the assessment from an insured, the assessment shall be collected at the same time and in the same proportion as the premium is collected. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages imposed by this chapter. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. The percentages imposed by this chapter for an insurance policy issued by an insurance company shall be those percentages in effect on the annual effective date of the policy, regardless of the date that the premium is actually received by the insurance company.

(4) A group self-insurance association may elect to report its premiums and to have its assessments computed in the same manner as insurance companies. This election may not be rescinded for at least ten (10) years, nor may this election be made a second time for at least another ten (10) years***, except that the board of directors of the funding commission may,***

at its discretion, waive the ten (10) year ban on a case-by-case basis after formal petition has been made to the funding commission by a group self-insurance association.

(5) The funding commission, as part of the collection and auditing of the special fund assessments required by this section, shall annually require each insurance carrier and each group self-insurer to provide a list of employers which it has insured or which are members and the amount collected from each employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or group self-insurer may require its insureds or members to furnish the SIC code for each of their employees. However, the failure of any employer to furnish said codes shall not relieve the insurance carrier or group self-insurer from the obligation to furnish same to the funding commission. The Department for Employment Services, Cabinet for Workforce Development is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.

(6) Each self-insured employer, group self-insurer, or insurance carrier shall provide any information and submit any reports the Revenue Cabinet or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.

(7) The special fund shall be required to maintain a central claim registry of all claims to which it is named a party, giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. The registry shall be established by January 26, 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund.

(8) The fund heretofore designated as the subsequent claim fund is abolished, and there is substituted therefor the special fund as set out by this section, and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

(9) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.

(10) All assessment rates imposed for periods prior to January 1, 1997, under KRS 342.122 shall forever remain applicable to premiums received on policies with effective dates prior to January 1, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every group of self-insurers operating under the provision of KRS 342.350(4), and against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.

(3) The Kentucky coal workers' pneumoconiosis fund shall have one-half (1/2) of the liability for income benefits, including retraining benefits, payable for claims brought under KRS 342.732 for last exposure incurred on or after December 12, 1996. Income benefit payments by the Kentucky coal workers' pneumoconiosis fund shall be made contemporaneous with the payments made by the employer, except that the employer shall make all payments due under a final award or approved settlement until the liability of the Kentucky coal workers' pneumoconiosis fund is established under subsection (4) of this section and the coal workers' pneumoconiosis fund shall reimburse the employer for such payments to the extent of its liability.

(4) (a) For the purpose of funding and prefunding the liabilities of the Kentucky coal workers' pneumoconiosis fund and financing the administration and operation of the Kentucky coal workers' pneumoconiosis fund, as reflected in the budget of the Commonwealth enacted by the General Assembly, a Kentucky coal workers' pneumoconiosis fund assessment at the rate of three percent (3%) is hereby imposed upon the amount of workers' compensation premiums received on and after January 1, 1997, through December 31, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth and by every group of self-insurers operating under the provisions of KRS 342.350(4), from employers engaged in the severance or processing of coal. Likewise, on and after January 1, 1997, through December 31, 1997, an assessment at the rate of three percent (3%) of premium shall be paid by every employer engaged in the severance or processing of coal who is carrying his or her own risk.

(b) In addition to the assessment imposed in paragraph (a) of this subsection, an additional Kentucky coal workers' pneumoconiosis fund assessment at the rate of two and one-half cents ($0.025) per ton is hereby imposed upon the total annual amount of tons of coal severed on or after January 1, 1997, through December 31, 1997, by every entity engaged in the severance of coal as required pursuant to KRS Chapter 143.

(c) As of ***June 30, 2002***[~~September 1, 1997~~], and each year thereafter, the funding commission shall determine the assets of the fund and the claim and administrative expense liability incurred by the fund for all previous years and shall establish the rates under the provisions of paragraphs (a) and (b) of this subsection necessary as of January 1 of the next year to fully fund and prefund all claim liabilities and administrative expenses through December 31 of the next year of operations. The assessment rate authorized by this section for premiums received and tons of coal severed shall be set so as to receive fifty percent (50%) of the needed revenue from each assessment. Notice of any rate changes shall be provided no later than December 1 of the year preceding the rate change.

(5) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to a separate account within the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission. In addition, the powers and responsibilities of the Kentucky Workers' Compensation Funding Commission including its fiduciary duties and responsibilities relating to assessments collected for the special fund pursuant to KRS 342.122, 342.1222, 342.1223, 342.1226, 342.1229, and 342.1231 shall apply to assessments collected for the Kentucky coal workers' pneumoconiosis fund created pursuant to this section. Each entity subject to assessments for the Kentucky coal workers' pneumoconiosis fund shall provide any and all information requested by the Kentucky Workers' Compensation Funding Commission necessary to carry out its powers and responsibilities relating thereto.

(6) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received or the coal is processed or severed. Receipt shall be considered timely through actual physical receipt or by postmark by the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments. Penalty and interest penalties imposed pursuant to KRS 342.1221 and the authority of the Kentucky Workers' Compensation Funding Commission to waive part or all of the penalty shall apply to assessments for the Kentucky coal workers' pneumoconiosis fund in the same manner and amount as they are imposed on assessments for the special fund under KRS 342.122.

(7) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.

(8) Claims for benefits by reason of the development of coal workers' pneumoconiosis shall be maintained pursuant to KRS 342.732, and the Kentucky coal workers' pneumoconiosis fund shall be liable for payment of a part of the liability only for employees of employers engaged in the severance or processing of coal as defined in KRS 342.0011(23)(a) and (b).

Section 3. KRS 342.122 is amended to read as follows:

(1) (a) For calendar year 1997 and for each calendar year thereafter, for the purpose of funding and prefunding the liabilities of the special fund, financing the administration and operation of the Kentucky Workers' Compensation Funding Commission, and financing the expenditures for all programs in the Labor Cabinet, except the Division of Employment Standards, Apprenticeship and Training and the Office of Labor-Management Relations and Mediation, as reflected in the enacted budget of the Commonwealth and enacted by the General Assembly, the funding commission shall impose a special fund assessment rate of nine percent (9%) upon the amount of workers' compensation premiums received on and after January 1, 1997, through December 31, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every group of self-insurers operating under the provisions of KRS 342.350(4), and against the premium, as defined in KRS 342.0011, of every employer carrying his or her own risk.

(b) The funding commission shall, for calendar year 1998 and thereafter, establish for the special fund an assessment rate to be assessed against all premium received during that calendar year which, when added to the coal severance tax appropriated to the special fund in accordance with paragraph (c) of this section, shall produce enough revenue to amortize on a level basis the unfunded liability of the special fund as of ***June 30***~~[September 1]~~ preceding January 1 of each year, for the period remaining until December 31, 2018. The interest rate to be used in this calculation shall reflect the funding commission's investment experience to date and the current investment policies of the commission. This assessment shall be imposed upon the amount of workers' compensation premiums received by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every group of self-insurers operating under the provisions of KRS 342.350(4), and against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.

(c) In addition to the assessment imposed in paragraph (a) or (b) of this subsection, and notwithstanding and prior to the transfer of funds to the Local Government Economic Assistance Program under KRS 42.450 to 42.495, the Kentucky Revenue Cabinet shall credit nineteen million dollars ($19,000,000) in coal severance tax revenues levied under KRS 143.020 to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission each year beginning with fiscal year 1998 and all fiscal years thereafter. The annual transfer of nineteen million dollars ($19,000,000) shall occur in four (4) equal quarterly payments. These transfers shall occur not later than the last day of each quarter of each calendar year and shall consist of four (4) equal payments of four million, seven hundred fifty thousand dollars ($4,750,000).

(d) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission.

(e) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on workers' compensation premiums.

(2) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received. Receipt shall be considered timely through actual physical receipt or by postmark of the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(3) The assessments imposed by this section may be collected by the insurance carrier from his insured. However, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. If the insurance carrier collects the assessment from an insured, the assessment shall be collected at the same time and in the same proportion as the premium is collected. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages imposed by this chapter. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. The percentages imposed by this chapter for an insurance policy issued by an insurance company shall be those percentages in effect on the annual effective date of the policy, regardless of the date that the premium is actually received by the insurance company.

(4) A group self-insurance association may elect to report its premiums and to have its assessments computed in the same manner as insurance companies. This election may not be rescinded for at least ten (10) years, nor may this election be made a second time for at least another ten (10) years.

(5) The funding commission, as part of the collection and auditing of the special fund assessments required by this section, shall annually require each insurance carrier and each group self-insurer to provide a list of employers which it has insured or which are members and the amount collected from each employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or group self-insurer may require its insureds or members to furnish the SIC code for each of their employees. However, the failure of any employer to furnish said codes shall not relieve the insurance carrier or group self-insurer from the obligation to furnish same to the funding commission. The Department for Employment Services, Cabinet for Workforce Development is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.

(6) Each self-insured employer, group self-insurer, or insurance carrier shall provide any information and submit any reports the Revenue Cabinet or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.

(7) The special fund shall be required to maintain a central claim registry of all claims to which it is named a party, giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. The registry shall be established by January 26, 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund.

(8) The fund heretofore designated as the subsequent claim fund is abolished, and there is substituted therefor the special fund as set out by this section, and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

(9) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.

(10) All assessment rates imposed for periods prior to January 1, 1997, under KRS 342.122 shall forever remain applicable to premiums received on policies with effective dates prior to January 1, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every group of self-insurers operating under the provision of KRS 342.350(4), and against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.

Section 4. Whereas the date change in Sections 2 and 3 of this Act would occur before the Act's normal effective date, an emergency is declared, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

(3) All retired members and beneficiaries of the Kentucky Judicial Retirement Plan whose effective retirement dates are July 1, 1998, or after, and whose retirement allowances have been limited by 26 U.S.C. sec. 415 shall be participants in the plan. Each member's participation in the plan shall be determined each fiscal year and shall cease for any year in which the retirement allowance is not limited by 26 U.S.C. sec. 415.

(4) A participant shall receive a benefit equal to the difference between the retirement allowance otherwise payable from the plan prior to any reduction or limitation required by 26 U.S.C. sec. 415 and the actual retirement allowance payable as limited by 26 U.S.C. sec. 415. The benefit shall be subject to withholding for applicable state and federal taxes. (6) The benefits payable from the plan shall be treated in accordance with KRS 21.470.

SECTION 2. A NEW SECTION OF KRS CHAPTER 21 IS CREATED TO READ AS FOLLOWS:

(b) A state fund to be known as the Kentucky Judicial Retirement Plan excess benefit fund which shall consist of all the assets of the plan.

(2) The administration and assets of the plan created under this section shall be as set forth in Section 1 of this Act.

(2) A member who has qualified for benefits under this section may transfer to the Judicial Retirement Plan up to ten (10) years of service credit which he has earned in a retirement system administered by Kentucky Retirement Systems, and he may transfer to the Judicial Retirement Plan up to ten (10) years of service credit which he has earned in the Kentucky Legislators' Retirement Plan. If the member elects to transfer his service credit, the system or plan from which the transfer is made shall transfer to the judicial retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the system or plan from which the transfer is made in effect at the time the contributions were made, compounded annually at that same interest rate. The member shall be entitled to the transferred service credit, at the rate at which he qualifies under KRS 21.400, when he pays the total difference between the amount of the funds transferred and the cost of the credit to the Judicial Retirement Plan, as determined by the actuary for the Judicial Retirement Plan. The member may pay by transfer, if authorized under subsection (5)(d) of this section, or by lump sum or increments as set forth in subsection (4)(b) of this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

(3) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan under subsection (1) of this section or KRS 21.375, shall receive service credit for a maximum of four (4) years for his period of service as a city police judge for a city within the Commonwealth of Kentucky, if the service was performed prior to the first Monday in January, 1978, and if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records of the city for which the service was performed. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the member in question under KRS 21.400. Service credit awarded under this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

(4) (a) 1. Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan under subsection (1) of this section or KRS 21.375, or his beneficiary acting in his place if the member dies prior to retirement, shall receive service credit for a maximum of four (4) years for his period of service in the Armed Forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service by any other retirement system administered by the Commonwealth of Kentucky, by paying the retirement system thirty-five percent (35%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump-sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. (c) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

[~~(d) No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the Armed Forces, or is a disability pension which does not exceed five hundred dollars ($500) monthly.~~]

(5) (a) ~~[Any provision of law to the contrary notwithstanding, paragraphs (a), (b), (c), and (d) of this subsection shall apply only to applicable officials who are in office on June 21, 2001, and who are in active contributing status to the applicable retirement plan on June 21, 2001.~~

The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question under KRS 21.400. The member may pay by transfer as set forth in paragraph (d) of this subsection, or by lump sum or increments as set forth in subsection (4)(b) of this section. Payment of the total or the increment may be made by lump-sum or by monthly installments through payroll deduction. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump-sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. If the member leaves office before completing his installment payments, he may satisfy his contract by a lump-sum payment of the remaining principal amount, but no further installment payments shall be accepted thereafter. In this case, the member shall be credited with the military service credit for which he has paid, in years or months but no fraction less than a full month, and any payment remaining after credit for full months has been awarded shall be returned to the member.

(c) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

[~~(d) No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the Armed Forces, or is a disability pension which does not exceed five hundred dollars ($500) monthly.~~]

(3) If spouses both serve in the General Assembly, but not simultaneously, they may combine their service credit in the Legislators' Retirement Plan for all purposes of that plan into a single account, and may jointly designate to whom the

service retirement allowance shall be paid. The designation shall not be changed once it is made. Assuming equal service credit, the benefits paid, under this section, to a legislator and his or her spouse who also served as a legislator shall not exceed the benefits that the same legislator and his or her spouse would receive if the spouse had not served as a legislator.

(4) In the event of divorce, rights to benefits shall be considered marital property subject to the provisions of KRS 403.190.

(5) A former legislator whose spouse currently serves in the General Assembly and who received a refund of contributions under KRS 21.460 may repurchase service credit which he or she previously had by repaying the amount refunded with interest at six percent (6%) per annum, and the service credit shall become part of the single account authorized by subsection (3) of this section.

(6) A member who has qualified for benefits under KRS 6.525(1) may transfer to the Legislators' Retirement Plan up to ten (10) years of service credit which he has earned in a retirement system administered by Kentucky Retirement Systems. If the member elects to transfer his service credit, the system from which the transfer is made shall transfer to the legislators' retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to date of transfer at the actuarially assumed interest rate of the system from which the transfer is made in effect at the time the contributions were made, compounded annually at that same interest rate. The member shall be entitled to the transferred service credit, at the rate at which he qualifies under KRS 6.520, when he pays the total difference between the amount of the funds transferred and the cost of the credit to the Legislators' Retirement Plan, as determined by the actuary for the Legislators' Retirement Plan. The member may pay by transfer, if authorized under subsection (7)(d) of this section, by lump sum, or by increments, as provided for in this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(7) (a) ~~[Any provision of law to the contrary notwithstanding, paragraphs (a), (b), (c), and (d) of this subsection shall apply only to applicable officials who are in office on June 21, 2001, and who are in active contributing status to the applicable retirement plan on June 21, 2001.~~

~~(a)~~]Any active member of the Legislators Retirement Plan who is vested in the Legislators Retirement Plan under KRS 6.525, shall receive service credit for a maximum of four (4) years each for his period of service as a Domestic Relations Commissioner, a Master Commissioner, or a District Court Trial Commissioner of the Commonwealth of Kentucky, or a combination thereof, if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question under KRS 6.520. Service credit awarded under this subsection shall be equivalent, for all purposes of the Legislators Retirement Plan, to other service credit earned in the plan. The member may pay by transfer, by lump sum, or by increments as set forth in this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(b) Any active member of the Legislators Retirement Plan who is vested in the Legislators Retirement Plan under KRS 6.525, shall receive service credit for his period of service to the United States Government, other than service in the Armed Forces, if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question under KRS 6.520. Service credit awarded under this subsection shall be equivalent, for all purposes of the Legislators Retirement Plan, to other service credit earned in the plan. The member may pay by transfer, by lump sum, or by increments as set forth in this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(c) Any member of the Legislators Retirement Plan, who has at least two hundred forty (240) months of service credit may purchase a combined maximum total of five (5) years of retirement service credit that is not otherwise purchasable, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The member shall be entitled to the service credit at the rate at which he qualifies under KRS 6.520. Service credit awarded under this subsection shall be equivalent, for all purposes of the Legislators Retirement Plan, to other service credit earned in the plan. The member may pay by transfer, by lump sum, or by increments as set forth in this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(d) A member of the Legislators Retirement Plan may purchase service credit under the provisions of this section by transferring funds ***through a direct trustee-to-trustee transfer as permitted under the applicable sections of the Internal Revenue Code and any regulations or rulings issued thereunder or through a direct rollover as contemplated by and permitted*** under~~[the rules in]~~ 26 U.S.C. sec. 401(a)(31) ***and any regulations or rulings***

The amount shall be credited to the individual member's contribution account and shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

HB 502, AN ACT relating to student discipline.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 158.150 is amended to read as follows:

(1) All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:

(a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school; and

(b) Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.

(2) Each local board of education shall adopt a policy requiring the expulsion from school for a period of not less than one (1) year for a student who is determined by the board to have brought a weapon to a school under its jurisdiction. The board shall also adopt a policy requiring disciplinary actions, up to and including expulsion from school, for a student who is determined by the board to have possessed prescription drugs or controlled substances for the purpose of sale or distribution at a school under the board's jurisdiction, or to have physically assaulted or battered or abused educational personnel or other students at a school or school function under the board's jurisdiction. The board may modify the expulsion requirement for students on a case-by-case basis. A board that has expelled a student from the student's regular school setting shall provide or assure that educational services are provided to the student in an appropriate alternative program or setting, unless the board has made a determination, on the record, supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff and cannot be placed into a state-funded agency program. Other intervention services as indicated for each student may be provided by the board or by agreement with the appropriate state or community agency. A state agency that provides the service shall be responsible for the cost. In determining whether a student has brought a weapon to school, a local board of education shall use the definition of "unlawful possession of a weapon on school property" stated in KRS 527.070.

(3) School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the district transportation system pending any further disciplinary action that may occur. Each board of education shall adopt a policy to assure the implementation of this section and to assure the safety of the students and staff.

(4) A pupil shall not be suspended from the common schools until after at least the following due process procedures have been provided:

(a) The pupil has been given oral or written notice of the charge or charges against him which constitute cause for suspension;

(b) The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and

(c) The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

(5) The superintendent, principal, assistant principal, or head teacher of any school may suspend a pupil but shall report the action in writing immediately to the superintendent and to the parent, guardian, or other person having legal custody or control of the pupil. The board of education of any school district may expel any pupil for misconduct as defined in subsection (1) of this section, but the action shall not be taken until the parent, guardian, or other person having legal custody or control of the pupil has had an opportunity to have a hearing before the board. The decision of the board shall be final.

(6) (a) Suspension of exceptional children, as defined in KRS 157.200, shall be considered a change of educational placement if:

1. The child is removed for more than ten (10) consecutive days during a school year; or

2. The child is subjected to a series of removals that constitute a pattern because the removals accumulate to more than ten (10) school days during a school year and because of other factors, such as the length of each removal, the total amount of time the child is removed, and the proximity of removals to one another.

(b) The admissions and release committee shall meet to review the placement and make a recommendation for continued placement or a change in placement and determine whether regular suspension or expulsion procedures apply. Additional evaluations shall be completed, if necessary.

(c) If the admissions and release committee determines that an exceptional child's behavior is related to his disability, the child shall not be suspended any further or expelled unless the current placement could result in injury to the child, other children, or the educational personnel, in which case an appropriate alternative placement shall be provided that will provide for the child's educational needs and will provide a safe learning and teaching environment for all. If the admissions and release committee determines that the behavior is not related to the disability, the local educational agency may pursue its regular suspension or expulsion procedure for the child, if the behavior so warrants. However, educational services shall not be terminated during a period of expulsion and during a suspension after a student is suspended for more than a total of ten (10) days during a school year. A district may seek temporary injunctive relief through the courts if the parent and the other members of the admissions and release committee cannot agree upon a placement and the current placement will likely result in injury to the student or others.

(7) Suspension of primary school students shall be considered only in exceptional cases where there are safety issues for the child or others. ***Suspension or expulsion of primary students shall be permitted after a local school district has followed the procedures outlined in the code of behavior and discipline adopted by the local board of education in accordance with KRS 158.148(4) and the due process requirements outlined in subsection (4) of this section.***

(a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school; and

(b) Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.

(2) Each local board of education shall adopt a policy requiring the expulsion from school for a period of not less than one (1) year for a student who is determined by the board to have brought a weapon to a school under its jurisdiction. The board shall also adopt a policy requiring disciplinary actions, up to and including expulsion from school, for a student who is determined by the board to have possessed prescription drugs or controlled substances for the purpose of sale or distribution at a school under the board's jurisdiction, or to have physically assaulted or battered or abused educational personnel or other students at a school or school function under the board's jurisdiction. The board may modify the expulsion requirement for students on a case-by-case basis. A board that has expelled a student from the student's regular school setting shall provide or assure that educational services are provided to the student in an appropriate alternative program or setting, unless the board has made a determination, on the record, supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff and cannot be placed into a state-funded agency program. Other intervention services as indicated for each student may be provided by the board or by agreement with the appropriate state or community agency. A state agency that provides the service shall be responsible for the cost. In determining whether a student has brought a weapon to school, a local board of education shall use the definition of "unlawful possession of a weapon on school property" stated in KRS 527.070.

(3) School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the district transportation system pending any further disciplinary action that may occur. Each board of education shall adopt a policy to assure the implementation of this section and to assure the safety of the students and staff.

(4) A pupil shall not be suspended from the common schools until after at least the following due process procedures have been provided:

(a) The pupil has been given oral or written notice of the charge or charges against him which constitute cause for suspension;

(b) The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and

(c) The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

(5) The superintendent, principal, assistant principal, or head teacher of any school may suspend a pupil but shall report the action in writing immediately to the superintendent and to the parent, guardian, or other person having legal custody or control of the pupil. The board of education of any school district may expel any pupil for misconduct as defined in subsection (1) of this section, but the action shall not be taken until the parent, guardian, or other person having legal custody or control of the pupil has had an opportunity to have a hearing before the board. The decision of the board shall be final.

(6) (a) Suspension of exceptional children, as defined in KRS 157.200, shall be considered a change of educational placement if:

1. The child is removed for more than ten (10) consecutive days during a school year; or

2. The child is subjected to a series of removals that constitute a pattern because the removals accumulate to

more than ten (10) school days during a school year and because of other factors, such as the length of each removal, the total amount of time the child is removed, and the proximity of removals to one another.

(b) The admissions and release committee shall meet to review the placement and make a recommendation for continued placement or a change in placement and determine whether regular suspension or expulsion procedures apply. Additional evaluations shall be completed, if necessary.

(c) If the admissions and release committee determines that an exceptional child's behavior is related to his disability, the child shall not be suspended any further or expelled unless the current placement could result in injury to the child, other children, or the educational personnel, in which case an appropriate alternative placement shall be provided that will provide for the child's educational needs and will provide a safe learning and teaching environment for all. If the admissions and release committee determines that the behavior is not related to the disability, the local educational agency may pursue its regular suspension or expulsion procedure for the child, if the behavior so warrants. However, educational services shall not be terminated during a period of expulsion and during a suspension after a student is suspended for more than a total of ten (10) days during a school year. A district may seek temporary injunctive relief through the courts if the parent and the other members of the admissions and release committee cannot agree upon a placement and the current placement will likely result in injury to the student or others.

(7) Suspension of primary school students shall be considered only in exceptional cases where there are safety issues for the child or others. ***Suspension of primary students shall be permitted after a local school district has followed the procedures outlined in the code of behavior and discipline adopted by the local board of education in accordance with KRS 158.148(4) and the due process requirements outlined in subsection (4) of this section.***

Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the school day.

(9) Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.

(10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. (2) The local board of education, upon recommendation of the local school district superintendent, shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, instructional days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.

(3) Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:

(a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30;

(b) A pupil's required attendance in school shall be for at least the minimum instructional term; and

(c) No teacher shall be required to teach more than the minimum term during the school year.

(4) (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of pupils pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.

(b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.

2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement or consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.

(c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.

(d) Each local board may use two (2) days for planning activities without the presence of pupils.

(e) Each local board may use the number of days deemed necessary for:

(6) (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide

professional meeting, the school district shall permit teachers who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The commissioner of education shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. School shall be closed on the day of a regular election, and that day may be used for professional development activities, professional meetings, or parent-teacher conferences.

Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts ***and shall include criteria by which the commissioner of education may approve a district's request for a waiver to use an alternative service delivery option, including providing services during the school day on a limited basis***. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the school day.

(9) Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.

(10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. In the event of an unforeseen bus delay, the administrator of a school that participates in the Federal School Breakfast Program may authorize up to fifteen (15) minutes of the six (6) hour instructional day if necessary to provide the opportunity for children to eat breakfast not to exceed eight (8) times during the school year within a school building.

In addition to the eligibility conditions set forth by the board of trustees under subsection (2) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding both the eligibility to participate and the extent of participation in any benefit offered under KRS 161.220 to 161.716 that apply to members providing full-time services.

(4) The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

No service or salary credit shall be credited to a member's account unless full contributions are paid to the Kentucky Teachers' Retirement System.

Court-ordered back salary can be credited to the member's account only as permitted under subsections (9) and (10) of Section 3 of this Act.

(4) The calculations of the contributions and interest required to be paid for court-ordered back salary or reinstatement shall be provided by the retirement system to the member or the member's employer at the member's or employer's request. Requests for these calculations shall be made with at least two (2) weeks of advance notice to the retirement system to provide these calculations. The retirement system will calculate accrued interest as of the last day of the month during which payment of the full contributions are made.

Orders entered by a government board or agency as a result of litigation conducted on an administrative hearing level shall be considered as court orders for the purposes of this section.

(22) "Full actuarial cost," when used to determine the payment that a member must pay for service credit means the actuarial value of all costs associated with the enhancement of a member's benefits or eligibility for benefit enhancements, including health insurance supplement payments made by the retirement system. The actuary for the retirement system shall determine the full actuarial value costs and actuarial cost factor tables as provided in KRS 161.400***; and***

(23) "Last annual compensation" means the annual compensation, as defined by subsection (10) of Section 3 of this Act and as limited by subsection (9) of Section 3 of this Act, earned by the member during the twelve (12) months immediately preceding the member's effective retirement date, excluding bonuses, retirement incentives, payments for accumulated sick, annual, personal and compensatory leave, and any other lump-sum payment.

Section 4. KRS 161.250 is amended to read as follows:

(1) The general administration and management of the retirement system, and the responsibility for its proper operation and for making effective provisions of KRS 161.155 and 161.220 to 161.714 are vested in a board of trustees to be known as the "Board of Trustees of the Teachers' Retirement System of the State of Kentucky." All appeals must be in writing and filed with the retirement system within thirty (30) days of the claimant's first notice of the retirement system's decision. For purposes of this section, notice shall be complete and effective upon the date of mailing of the retirement system's decision to the claimant at the claimant's last known address. Failure by the claimant to file a written appeal with the retirement system within the thirty (30) day period shall result in the decision of the retirement system becoming permanent with the effect of a final and unappealable order. Appeals may include a request for an administrative hearing which shall be conducted in accordance with the provisions of KRS Chapter 13B. ***The board of trustees may establish an appeals committee whose members shall be appointed by the chairperson and who shall have the authority to act upon the report and recommendation of the hearing officer by issuing a final order on behalf of the full board of trustees.*** A member, retired member, or designated beneficiary who has filed a timely, written appeal of a decision of the retirement system may, following the administrative hearing and issuance of the final order by the board of trustees, appeal the final order of the board of trustees to the Franklin Circuit Court in accordance with the provisions of KRS Chapter 13B.

(4) The board shall require the trustees, executive secretary, and employees it determines proper to execute bonds for the faithful performance of their duties notwithstanding the limitations of KRS Chapter 62.

(5) The board of trustees may expend funds from the expense fund as necessary to insure the trustees, employees, and officials of the Teachers' Retirement System against any liability arising out of an act or omission committed in the scope and course of performing legal duties.

The valuation shall include a description of the actuarial assumptions used, and such assumptions shall be reasonably related to the experience of the system and represent the actuary's best estimate of anticipated experience.]~~

(2) Actuarial factors and actuarial cost factor tables in use by the retirement system for all purposes shall be determined by the actuary of the retirement system and approved by the board of trustees by resolution and implemented without the necessity of an administrative regulation. The assets of the system shall be valued at market value, or at a modified market value determined by the board to be a prudent measure of asset value. Effective July 1, 1992, the spread between investment and salary assumptions shall be reviewed and adjusted at the time of actuarial valuation, based upon the most recent five (5) year experience of the system.

(3) A copy of each actuarial investigation and valuation shall be forwarded to the Legislative Research Commission no later than ten (10) days after receipt by the board.

Section 8. KRS 161.420 is amended to read as follows:

All of the assets of the retirement system are for the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system. The board of trustees shall be the trustee of all funds of the system and shall have full power and responsibility for administering the funds. It is hereby declared that the restrictions and rights provided herein shall not be subject to reduction or impairment by alteration, amendment, or repeal. All the assets of the retirement system shall be credited according to the purpose for which they are held to one (1) of the following funds:

(1) The expense fund shall consist of the funds set aside from year to year by the board of trustees to defray the expenses of the administration of the retirement system. Each fiscal year an amount not greater than four percent (4%) of the ***dividends and interest*** income earned from investments during the immediate past fiscal year shall be set aside into the expense fund or expended for the administration of the retirement system;

(2) The teachers' savings fund shall consist of the contributions paid by members of the retirement system into this fund and regular interest assigned by the board of trustees from the guarantee fund. ***A member may not borrow any amount of his or her accumulated contributions to this fund, or any interest earned thereon.*** The accumulated contributions of a member returned to him upon his withdrawal or paid to his estate or designated beneficiary in the event of his death shall be paid from the teachers' savings fund. Any accumulated contributions forfeited by a failure of a teacher or his estate to claim these contributions shall be transferred from the teachers' savings fund to the guarantee fund. The accumulated contributions of a member shall be transferred from the teachers' savings fund to the allowance reserve fund in the event of

retirement by reason of service or disability;

(3) The state accumulation fund shall consist of funds appropriated by the state for the purpose of providing annuities, survivor benefits, and death benefits, including any sums appropriated for meeting unfunded liabilities, together with regular interest assigned by the board of trustees from the guarantee fund. At the time of retirement or death of a member there shall be transferred from the state accumulation fund to the allowance reserve fund an amount which together with the sum transferred from the teachers' savings fund will be sufficient to provide the member a retirement allowance and provide for benefits under KRS 161.520, 161.525, and 161.655;

(4) The allowance reserve fund shall be the fund from which shall be paid all retirement allowances and benefits provided under KRS 161.520, 161.525, and 161.655. In addition, whenever a change in the status of a member results in an obligation on this fund, there shall be transferred to this fund from the teachers' savings fund, and the state accumulation fund, the amounts as may be held in those funds for the account or benefit of the member;

(5) The medical insurance fund shall consist of amounts accumulated for the purpose of providing benefits as provided in KRS 161.675. One and five tenths percent (1.5%) of the gross annual payroll of all members shall be deposited to this fund. One-half (1/2) of this amount shall derive from member contributions and one-half (1/2) from a state appropriation. The board of trustees may allocate the three and twenty-five hundredths percent (3.25%) of the total salaries of active members that the state appropriates annually as provided under KRS 161.550. ***The medical insurance fund shall receive all interest income from the investments of the fund.*** All claims for benefits under KRS 161.675 shall be paid from this fund. Any amounts not required to meet current costs shall be maintained as a reserve for these benefits; and

(6) The guarantee fund shall be maintained to facilitate the crediting of uniform interest on the amounts of the other funds, except the expense fund, to finance operating expenses directly related to investment management services, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. All income, interest, and dividends derived from the authorized deposits and investments shall be paid into the guarantee fund. Any funds received from gifts and bequests, which the board is hereby authorized to accept and expend without limitation in a manner either expressed by the donor or deemed to be in the best interest of the membership, shall be credited to the guarantee fund. Any funds transferred from the teachers' savings fund by reason of lack of claimant or because of a surplus in any fund and any other moneys whose disposition is not otherwise provided for, shall also be credited to the guarantee fund. The interest allowed by the board of trustees to each of the other funds shall be paid to these funds from the guarantee fund. Any deficit occurring in any fund that would not be automatically covered shall be met by the payments from the guarantee fund to that fund. The board of trustees may, at any time during a fiscal year, transfer from the guarantee fund to the medical insurance fund an amount not to exceed four percent (4%) of the income earned from investments during the immediate past year.

(7) The school employee annuity fund shall consist of those funds voluntarily contributed under the provisions of section 403(b) of the Internal Revenue Code by a retired member of the Teachers' Retirement System with accounts that existed on or after July 1, 1996. The contributions shall not be picked up as provided in KRS 161.540(2). Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to manage this program.

(8) The supplemental retirement benefit fund shall consist of those funds contributed by~~[the member and]~~ the employer for the purpose of constituting a qualified government excess benefit plan as described in Section 415 of the Internal Revenue Code for accounts that existed on or after July 1, 1996.~~[The contributions shall not be picked up as provided in KRS 161.540(2). Separate member accounts shall be maintained for each member.]~~ The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program.

(9) The defined contribution fund shall consist of those funds contributed by retired members who have been approved by the retirement system for full-time reemployment in a position covered by the retirement system and contributions made by the employer for the purpose of providing separate retirement allowances for periods of reemployment. Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program. The contributions shall not be picked up as provided in KRS 161.540(2).

(10) The life insurance benefit fund shall consist of amounts accumulated for the purpose of providing benefits provided under Section 30 of this Act. The board of trustees may allocate to this fund a percentage of the employer and state contributions as provided under Section 20 of this Act. The allocation to this fund will be in an amount that the actuary determines necessary to fund the obligation of providing the benefits provided under Section 30 of this Act.

Section 9. KRS 161.430 is amended to read as follows:

(1) The board of trustees shall be the trustee of the funds of the retirement system and shall have full power and responsibility for the purchase, sale, exchange, transfer, or other disposition of the investments and moneys of the retirement system. The board shall, by administrative regulation, establish investment policies and procedures to carry out their responsibilities. The board shall employ experienced competent investment counselors to advise it on all matters pertaining to investment, except the board may employ qualified investment personnel to advise it on investment matters not to exceed fifty percent (50%) of the book value of the system's assets. ***All individuals associated with the investment and management of retirement system assets, whether contracted investment advisors or staff employees, shall adhere to "The Code of Ethics" and "The Standards of Professional Conduct" promulgated by the Association for Investment Management***

and Research. Effective July 1, 1991, no investment counselor shall manage more than forty percent (40%) of the funds of the retirement system. The board may appoint an investment committee consisting of the executive secretary and two (2) trustees to act for the board in all matters of investment, subject to the approval of the board of trustees. The board of trustees, in keeping with their responsibilities as trustees and wherever consistent with their fiduciary responsibilities, shall give priority to the investment of funds in obligations calculated to improve the industrial development and enhance the economic welfare of the Commonwealth. Toward this end, the board shall develop procedures for informing the business community of the potential for in-state investments by the retirement fund, accepting and evaluating applications for the in-state investment of funds, and working with members of the business community in executing in-state investments which are consistent with the board's fiduciary responsibilities. The board shall include in the criteria it uses to evaluate in-state investments their potential for creating new employment opportunities and adding to the total job pool in Kentucky. The board may cooperate with the board of trustees of Kentucky Retirement Systems in developing its program and procedures, and shall report to the Legislative Research Commission annually on its progress in placing in-state investments. The first report shall be submitted by October 1, 1991, and subsequent reports shall be submitted by October 1 of each year thereafter. The report shall include the number of applications for in-state investment received, the nature of the investments proposed, the amount requested, the amount invested, and the percentage of applications which resulted in investments.

(2) The board members and investment counselor shall discharge their duties with respect to the assets of the system solely in the interests of the active contributing members and annuitants and:

(a) For the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system;

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent man acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims;

(c) By diversifying the investments of the plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

(d) In accordance with the laws, administrative regulations, and other instruments governing the system.

(3) (a) In choosing and contracting for professional investment management services the board must do so prudently and in the interest of the members and annuitants. Any contract that the board makes with an investment counselor shall set forth policies and guidelines of the board with reference to standard rating services and specific criteria for determining the quality of investments. Expenses directly related to investment management services shall be financed from the guarantee fund in amounts approved by the board.

(b) An investment counselor appointed under this section shall acknowledge in writing his fiduciary responsibilities to the fund. To be eligible for appointment, an investment counselor must be:

1. Registered under the Federal Investment Advisors Act of 1940; or
2. A bank as defined by that Act; or
3. An insurance company qualified to perform investment services under the laws of more than one (1) state.

(4) No investment or disbursement of funds shall be made unless authorized by the board of trustees, except that the board, in order to ensure timely market transactions, shall establish investment guidelines, by administrative regulation, and may permit its staff and investment counselors employed pursuant to this section to execute purchases and sales of investment instruments within those guidelines without prior board approval.

Section 10. KRS 161.440 is amended to read as follows:

At the end of each fiscal year the board of trustees shall assign from the guarantee fund interest at the rate of three percent (3%) to the teachers' savings fund, the state accumulation fund, and the allowance reserve fund[~~, and, effective July 1, 1978, interest at a rate of interest not to exceed the average yield on fixed income security investments for the immediate past year to the medical insurance fund~~]. The amounts so allowed shall be due and payable to the funds and shall be annually credited thereto by the board of trustees from interest and other earnings on money of the retirement system.

Section 11. KRS 161.470 is amended to read as follows:

(1) The membership of the retirement system shall consist of all new members, all present teachers, and all persons participating under the retirement system as of June 30, 1986, except as provided in Acts 1938 (1st Ex. Sess.), Ch. 1, paragraph 29. The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

(2) Service credit shall be forfeited upon withdrawal. If a member again enters service it shall be as a new member, except that any teacher who withdraws by claiming his deposits may repay the system the amount withdrawn plus interest and reestablish his service credit as provided in subsection (3) of this section.

(3) Effective July 1, 1988, and thereafter, an active contributing member of the retirement system with contributing service equal to one (1) year may regain service credit by depositing in the teachers' savings fund the amount withdrawn with

interest at the rate to be set by the board of trustees, and computed from the first of the month of withdrawal and including the month of redeposit.

(4) Effective July 1, 1974, any active contributing member with at least two (2) years of contributing service credit who declined membership as provided in Acts 1938 (1st Ex. Sess.), Ch. 1, paragraph 29, may secure service credit for prior service, and for any subsequent service prior to date of membership, by depositing in the teachers' savings fund contributions for each year of subsequent service prior to date of membership, with interest at the rate of eight percent (8%) compounded annually to the date of deposit.

(5) Membership in the retirement system shall be terminated:

(a) By retirement for service;

(b) By death;

(c) By withdrawal of the member's accumulated contributions;

(d) When a member, having less than five (5) years of Kentucky service is absent from service for more than three (3) consecutive years; or

(e) For persons hired on or after August 1, 2000, when a member is convicted, in any state or federal court of competent jurisdiction, of a felony related to his employment as provided in subparagraphs 1. and 2. of this paragraph.

1. Notwithstanding any provision of law to the contrary, a member hired on or after August 1, 2000, who is convicted, in any state or federal court of competent jurisdiction, of a felony related to his employment shall forfeit rights and benefits earned under the retirement system, except for the return of his accumulated contributions and interest credited on those contributions.

2. The payment of retirement benefits ordered forfeited shall be stayed pending any appeal of the conviction. If the conviction is reversed on final judgment, no retirement benefits shall be forfeited.

Except for paragraph (e) of this subsection, upon termination of member accounts under this subsection, funds in the account shall be transferred to the guarantee fund. Inactive members may apply for refunds of these funds at any time. The terminated service shall be reinstated, if not withdrawn by the member, in the event that the member returns to active contributing service.

(6) In case of withdrawal from service prior to eligibility for retirement, the board of trustees shall on request of the member return all of his accumulated contributions with regular interest, including any payments made by the member to the state accumulation fund, but the member shall have no claim on any contributions made by the state with a view to his retirement or to contributions made to the medical insurance fund. If the member is eligible for an immediate service retirement allowance as provided in KRS 161.600, no withdrawal and refund shall be permitted, unless the allowance would prohibit the member from qualifying for Social Security benefits or the member elects to withdraw part or all of his service for the purpose of obtaining credit in another retirement plan. Requests for refund of contributions by the member must be filed on forms prescribed by the Teachers' Retirement System and the employer shall be financially responsible for all information that is certified on the prescribed form. ***A member may not withdraw any part of his or her contributions to the retirement system except as provided by this subsection.***

(7) Except as provided in KRS 161.520 and 161.525, in case of death prior to retirement, the board of trustees shall pay to the estate of the deceased member***, unless a beneficiary was otherwise applicably designated by the deceased member, then to the beneficiary,***[~~or to his assigns~~] all of his accumulated contributions, with regular interest, including any payments made by the member to the state accumulation fund, but the estate or ***beneficiary***[~~assigns~~] shall have no claim on any contributions made by the state with a view to the retirement of the member or to contributions made to the medical insurance fund.

(8) Any active contributing member of the Kentucky Employees Retirement System, the County Employees Retirement System, the State Police Retirement System, or the Judicial Retirement System may use service, under that retirement system for the purpose of meeting the service requirement of subsections (3) and (4) of this section.

Section 12. KRS 161.480 is amended to read as follows:

Each person, upon becoming a member of the retirement system, shall file a detailed statement as required by the board of trustees and shall designate a ***primary*** beneficiary to receive any benefits accruing from the death of the member. ***A contingent beneficiary may be designated in addition to the primary beneficiary. Any beneficiary designation made by the member***[~~This designation~~] shall remain in effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except ***in the event of***[~~that~~] subsequent marriage or divorce***. Subsequent marriage*** by the member shall void the ***primary beneficiary*** designation and the spouse of the member at death shall be considered as ***the primary*** beneficiary[~~ in the event of subsequent marriage, and the estate of the member shall be considered as beneficiary in the event of subsequent divorce~~], unless the member subsequent to marriage[~~ or divorce~~] designates another beneficiary. ***A final divorce decree shall terminate an ex-spouse's status as either primary or contingent beneficiary, unless subsequent to divorce the member redesignates the former spouse as primary or contingent beneficiary. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of a member's contributions to the retirement system as provided under subsection (7) of Section 11 of this Act and KRS 161.650, and for receipt of the life insurance benefit provided under Section 30 of this Act.*** The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section.

Section 13. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the Teachers' Retirement System may receive service credit for active service rendered in the uniformed services of the Armed Forces of the United States, including the commissioned corps of the Public Health Service, subject to the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 and to administrative regulations promulgated by the board of trustees. Military service includes service in the uniformed services that occurs before the employment of a member in a position covered by the retirement system or where a member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services. Service in the uniformed services also includes uniformed service that occurs after employment in a position covered by the retirement system where the member has given advance written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment. Military service may be credited only if discharge was honorable or was not terminated upon the occurrence of any of the events listed in 38 U.S.C. sec. 4304. Service shall be considered as Kentucky teaching service, except that service may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1) unless the service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returned directly from uniformed services to covered employment. A maximum of six (6) years of military service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) No credit shall be granted for military service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

(3) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on this military service, may not receive credit for any military service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and after this date.

(4) (a) A member receiving retirement credit for active duty in the armed services of the United States prior to employment in a position covered by the retirement system or where the member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services shall ***pay to the retirement system the full actuarial cost of the service credit purchased as provided under subsection (22) of Section 3 of this Act***~~[contribute to the retirement system an amount equal to thirty-five percent (35%) of the actuarial cost for each year of service for which the member is receiving credit]~~. Two percent (2%) of the~~[thirty-five percent (35%)]~~ required payment shall be allocated to the medical insurance fund. These contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services, the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting this service.

(b) If military service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment, the member shall contribute the regular member contribution required by KRS 161.540. The member may make the payment of delayed contributions in a lump sum payment or in installments not to exceed five (5) years beginning with the member's date of reemployment. Interest at the rate of eight percent (8%) per annum shall be charged for delayed contributions beginning with the member's date of reemployment until paid.

(5) An active contributing member of the Teachers' Retirement System may receive service credit for service in the military reserves of the United States or the National Guard. The member may purchase one (1) month of service for each six (6) months of service in the reserves or the National Guard. Notwithstanding any other statute, regulation, or policy to the contrary, the system shall provide a member, upon request, the estimated actuarial cost of the National Guard or military reserves service purchase based upon the information available at the time of the request. The member shall be entitled to enter into a contract with the system at the time of the request to purchase the National Guard or military reserve service by paying to the system the estimated actuarial cost, either by installments or in lump sum. The member shall pay the full actuarial cost of this service in the military reserves or the National Guard as provided in KRS 161.220(22). Service in the military reserves or the National Guard shall be treated as service earned prior to participation in the system and shall not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). The payment shall not be picked up by the employer, as described in KRS 161.540(2).

Section 14. KRS 161.515 is amended to read as follows:

(1) For the purposes of this section, "out-of-state service" shall mean service in any state in a comparable position, which would be covered if in Kentucky.

(2) (a) ***An active contributing member***~~[A member in active status]~~ who has been a contributing member of the retirement system for at least one (1) full scholastic year subsequent to the latest out-of-state service, may present for credit service rendered out of state, not to exceed ten (10) years actually taught as a certified or licensed teacher. With the exception of university faculty members, all members who elect to purchase this service shall pay to the retirement

system an amount equal to the current member contribution rate based on the first Kentucky salary of the member subsequent to the out-of-state service, provided this service was rendered after ***June 30, 1983***[~~January 1, 1984~~]. In the event this service was rendered prior to ***July 1, 1983***[~~January 1, 1984~~], the contribution rate shall be seven and eighty-four hundredths percent (7.84%). University faculty members shall pay on a contribution rate of seven and eighty-four hundredths percent (7.84%) based on the first Kentucky salary subsequent to the out-of-state service, regardless of when the service was rendered. ***Members shall pay to the retirement system the employer contribution at the rates set forth in Section 20 of this Act.*** In addition, all members shall pay interest on the contributions for this service at a rate to be set by the board of trustees on each annual contribution from the last day of the scholastic year in which the service was rendered to date of payment to the retirement system. The payments shall not be picked up as described in KRS 161.540(2). For each year of which the retirement system shall accept the contribution and interest, one (1) year of service credit shall be given. This credit may not be used to meet the service requirements of KRS 161.525, 161.600, or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds;

(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the State of Kentucky, may present this service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by a public institution or governmental agency. This service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit; and

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section may elect to use this service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of eight percent (8%) for each year so used. These payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and after this date, shall not receive credit for service defined in subsections (2)(a) or (2)(b) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

(4) A member, having completed service as a volunteer in the Kentucky Peace Corps created by KRS 154.01-720, may purchase service credit for the time served in the corps on the same basis as provided in this section for the purchase of out-of-state service credit. A member, having completed service as a federal Peace Corps volunteer, may purchase up to two (2) years of service credit for time served in the Peace Corps on the same basis as provided in this section for the purchase of out-of-state service credit.

Section 15. KRS 161.522 is amended to read as follows:

Upon the death of a member retired for disability who had a minimum of twenty-seven (27) years of service at the time of death, except as provided in KRS 161.661(6), the spouse, if named as the beneficiary of the member's account, shall be entitled to elect, in lieu of a refund of the member's account, an annuity actuarially equivalent to the annuity that would have been paid to the deceased member had retirement for service been effective on the day immediately preceding the member's death. In selecting this right, the spouse shall be limited to selecting an option providing a straight life annuity with refundable balance or a term certain option. There shall be a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This section applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1988, and to surviving spouses of members who die on or after July 1, 1984***, except that the member shall have been retired for disability with a minimum of thirty (30) years of service if either of these two (2) conditions were met prior to July 1, 1990***.

Section 16. KRS 161.540 is amended to read as follows:

(1) Effective July 1, 1988, each member shall contribute to the retirement system nine and eight hundred fifty-five thousandths percent (9.855%) of annual compensation, except that university faculty members shall contribute eight and three hundred seventy-five thousandths percent (8.375%) of annual compensation. Payments authorized by statute that are made to retiring members for not more than sixty (60) days of unused accrued annual leave shall be considered as part of the member's annual compensation, and shall be used only for the member's final year of active service. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance. In the event a member is awarded a court-ordered back salary payment the employer shall deduct and remit the member contribution on the salary payment, plus interest to be paid by the employer, to the retirement system unless otherwise specified by the court order.

(2) Each public board, institution, or agency, listed in KRS 161.220(4) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the ***member***[~~employee~~] contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer

contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). The picked-up ***member***~~[employee]~~ contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the ***member***~~[employee]~~ contribution, and the picked-up ***member***~~[employee]~~ contribution shall be in lieu of ***a member***~~[an employee]~~ contribution. Each employer shall pay these picked-up ***member***~~[employee]~~ contributions from the same source of funds which is used to pay earnings to the ***member***~~[employee]~~. The ***member***~~[employee]~~ shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. ***Member***~~[Employee]~~ contributions picked-up after August 1, 1982, shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as ***member***~~[employee]~~ contributions made prior to August 1, 1982.

Section 17. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time, or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees ***if contributions were not otherwise made as a result of the service***. Members placed on leave of absence may make contributions and receive service credit for this leave only if contributions are made by the end of the fiscal year next succeeding the year in which the leave was effective as provided in administrative regulations promulgated by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(2) Active contributing members of the Teachers' Retirement System, or former members who are currently participating in a state-administered retirement system, who were granted leaves of absence since July 1, 1964, for reasons of health, child rearing, or to improve their educational qualifications, and did not qualify at the time of the leave of absence to make contributions to the retirement system for the leave of absence as provided in subsection (1) of this section, may obtain credit for the leave of absence under the following conditions:

(a) The leave of absence shall be verified by a copy of the board of education minutes which granted the leave of absence; and

(b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the leave of absence, and by depositing in the state accumulation fund an amount equal to this total.

(c) The member shall receive credit for no more than two (2) years under the provisions of this subsection.

(3)~~[Active contributing members who had breaks in their participation in the retirement system for reasons of health or for the purpose of obtaining Rank I status, a master's degree in education, or a doctorate degree in education and did not qualify at the time of the absence to obtain credit for the absence, may qualify to obtain credit for the absence under the following conditions:~~

~~(a) The period of a qualified absence shall be substantiated and verified in a manner required by the board of trustees;~~

~~(b) The member shall receive credit for no more than two (2) years of service under the provisions of this subsection;~~

~~(c) The member shall contribute the required percentage based on the salary received the year immediately preceding the qualified absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the absence, and by depositing an amount equal to this total in the state accumulation fund; and~~

~~(d) Credit for service obtained under this subsection shall be purchased prior to July 1, 1997.~~

~~(4)]~~ Contributions permitted under this section after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

Section 18. KRS 161.5461 is amended to read as follows:

(1) Any active contributing member may purchase service credit as authorized under KRS Chapter 161 by rolling over funds from a previous plan~~[qualified under Section 401(a) or 401(k) of the Internal Revenue Code]~~ to the extent that rollovers are permitted by the rules set forth in the Internal Revenue Code. The rollovers may be made directly from a previous qualified plan or through a conduit individual retirement account as permitted by the rules set forth in the Internal Revenue Code.

(2) Any active contributing member may purchase service credit as authorized under KRS Chapter 161 by transferring funds directly from a retirement plan maintained by the Commonwealth of Kentucky~~[and qualified under Section 401(a) or 401(k) of the Internal Revenue Code,]~~ to the extent that transfers are permitted by the rules set forth in the Internal Revenue Code.

(3) The amount of any transfer or rollover purchase as permitted under subsections (1) and (2) of this section, excluding that portion credited to the medical insurance fund under KRS 161.420(5), shall be credited to the individual member's account and shall be considered accumulated contributions of the member.

Section 19. KRS 161.5465 is amended to read as follows:

On or after August 1, 1998, a member of the Teachers' Retirement System in active contributing status who has a minimum of twenty (20) years of service credit may purchase up to a maximum of five (5) years of service credit that is not otherwise purchasable under any of the provisions of KRS 161.230 to 161.716 and that meets the definition of nonqualified service as provided in Section 1526 of the Federal Taxpayer Relief Act of 1997. The member shall pay the full actuarial cost of the service credit as provided in KRS 161.220(22). The payment shall not be picked up by the employer as described in KRS 161.540(2), and the member's payment shall be credited to the member's contribution account and shall be considered accumulated contributions of the member. Payment by the member may be by lump sum or by installment payments as provided in KRS 161.597. ***Notwithstanding any other statute to the contrary, the Kentucky Teachers' Retirement System shall recognize nonqualified service credit purchased with another retirement system only to the extent that the member had an equivalent number of full months of active employment in the position covered by the other retirement system during the period that the nonqualified service was purchased.***

Section 20. KRS 161.550 is amended to read as follows:

Beginning with July 1, each employer, except as provided under KRS 161.555, shall contribute annually to the retirement system a permanent amount equal to that contributed by~~[its employees who are]~~ members of the retirement system ***it employs*** plus an additional three and one-fourths percent (3.25%) of the total of salaries of~~[its employees who are]~~ members of the retirement system ***it employs*** to discharge the system's unfunded obligations with interest assumed by the state and to provide funding to the medical insurance fund as provided under KRS 161.420(5). Each employer shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155; 161.507(4); 161.515; 161.545; ***Section 25 of this Act,*** 161.620(1), (3), (5), (6), and (7); ***Section 1 of this Act;*** and 161.553. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. Employer contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and these contributions shall be considered deferred compensation to the members.

Section 21. KRS 161.553 is amended to read as follows:

(1) The cost of providing statutory benefit improvements for annuitants may be funded by annual appropriations from the state on an actuarial amortized basis over the lifetime of the annuitants. The schedules in subsections (1)(a), (1)(b), and (1)(c) of this section are the annual appropriations which shall be made by the state for benefit improvements approved in the respective fiscal years or bienniums prior to July 1, ***2004***~~[2002]~~:

Section 22. KRS 161.555 is amended to read as follows:

Each employer employing members of the Teachers' Retirement System in positions established under educational acts adopted by the federal Congress shall contribute to the Teachers' Retirement System an amount equal to ***the employer contribution provided under Section 20 of this Act***[~~that contributed by the members of that employer~~].

Section 23. KRS 161.560 is amended to read as follows:

(1) Each agency employing members of the retirement system shall deduct from the compensation of each member for each payroll period subsequent to the date the ***individual***[~~teacher~~] became a member, the percentage of his compensation due under the rates prescribed in KRS 161.540. No later than fifteen (15) days following the end of each payroll period, the agency shall forward all amounts deducted to the Teachers' Retirement System. The retirement system shall charge the employing agency interest at an annual rate not to exceed twelve percent (12%) for deductions not remitted within the specified fifteen (15) days. Payroll reports, contributions lists, and other data required by administrative regulation of the board of trustees shall be submitted. Employers shall submit an annual report, in compliance with requirements of the retirement system, of ***member***[~~teacher~~] contributions and periods employed to the retirement system no later than August 1 following the completion of each fiscal year. The retirement system may impose a penalty on the employer not to exceed one thousand dollars ($1,000) when the employer does not meet the August 1 reporting date. The deductions shall be made notwithstanding the fact that the salary as a result may be less than the minimum compensation provided by law. Every member shall be deemed to consent and agree to the deductions, and the deductions shall be considered as having been paid to the member. After August 1, 1982, ***member***[~~employee~~] contributions shall be picked up by the agency pursuant to KRS 161.540(2).

(2) If an employer fails to deduct the correct retirement contribution from a member's compensation, the member may make the contribution that should have been deducted by the employer and receive retirement credit for the payment. For correction of omitted member contributions that occur more than one (1) year after the year in which the error was made, the employer shall be responsible for paying interest to the retirement system at a rate of eight percent (8%) from the end of the year in which the service was performed to the date of payment.

Section 24. KRS 161.603 is amended to read as follows:

(1) Any member retired by reason of service may waive his annuity and return to ***full-time***[~~regular~~] employment in a position covered by the Teachers' Retirement System. The member shall receive no annuity payments while employed in a covered position, ***shall waive his or her medical insurance coverage with the Kentucky Teachers' Retirement System during the period of reemployment, and shall receive the medical insurance coverage that is generally offered by the member's active employer to the other members of the retirement system employed by the active employer. The member's***[~~but shall continue to be covered by the system's hospital and medical insurance program and his~~] estate ***or, if there is a beneficiary applicably designated by the member, then the beneficiary,*** shall continue to be eligible for ***life insurance***[~~death~~] benefits as provided in KRS 161.655. Service subsequent to retirement shall not be used to improve an annuity, except as provided in subsections (2) and (3) of this section.

(2) Any member who waives regular annuity benefits and returns to teaching or covered employment shall be entitled to make contributions on the salaries received for this service and have their retirement annuity recalculated as provided in the regular retirement formula in KRS 161.620(1) less any applicable actuarial discount applied to the original retirement allowance due to the election of a joint and last survivor option. Retirement option and beneficiary designation on original retirement shall not be altered by post-retirement employment nor shall dependents and spouses of the members become eligible for benefits under KRS 161.520, 161.525, and 161.661 because of post-retirement employment.

(3) When a member returns to full-time teaching or covered employment as provided in subsection (2) of this section, the employer is required to withhold and remit regular retirement contributions. The member must be employed full-time for at least one (1) consecutive contract year to be eligible to improve an annuity. The member will be returned to the annuity rolls on July 1 following completion of the contract year or on the first day of the month following the month of termination of service if full-time employment exceeds one (1) consecutive contract year. Any discounts applied at the time of the original retirement due to service or age may be reduced or eliminated due to additional employment if full-time employment is for one (1) contract consecutive year or longer.

(4) A member retired by reason of service who has been employed the equivalent of twenty-five (25) days or more during a school year under the provisions of KRS 161.605 may waive the member's retirement annuity and return to regular employment covered by the Teachers' Retirement System during that school year a maximum of one (1) time during any five (5) year period, beginning with that school year.

Section 25. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

(1) ***Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. Service credit purchased under the provisions of Section 19 of this Act may not be used to meet the thirty (30) year requirement set forth in this subsection.***

(2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered.

(3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the Department of Education certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The Kentucky Department of Education may use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and local education agencies to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Department of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative

regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Department of Education that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis.

(4) Under this section, an employer may employ full-time a number of retired members not to exceed four percent (4%) of the membership actively employed full-time by that employer. The board of trustees may reduce this four percent (4%) cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. For purposes of this subsection, "full-time" means the same as defined by subsection (21) of Section 3 of this Act. A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met.

(5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will establish a second account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under Section 16 of this Act. The second account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this second account shall be calculated pursuant to subsection (1)(b) of Section 28 of this Act. This second account shall not entitle the member to a duplication of the benefits offered under Section 30 or 33 of this Act, nor shall this second account provide the benefits offered by KRS 161.520, 161.525, Section 31 of this Act, or Section 32 of this Act. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by Section 11 of this Act.

(6) The board of trustees may annually adjust the daily rate of a member's last annual compensation, for each year that the member has been retired for a full twelve (12) month period, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations.

(7) A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer. Failure to comply with these separation from service requirements voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service.

(8) Members who retired on or before June 30, 2002 may, for the fiscal year concluding on June 30, 2003, be reemployed under the one hundred (100) day provisions of this section as they existed on June 30, 2002, except that members returning to work under those provisions shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under Section 16 of this Act and members' employers shall make contributions to the Kentucky Teachers' Retirement System at the rates specified under Section 20 of this Act. Those members returning to work under the one hundred (100) day provisions of this section as they existed on June 30, 2002, shall further waive their medical insurance coverage with the retirement system during the period of reemployment and will instead receive the medical insurance coverage generally provided by their active employer to other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. Notwithstanding any other statute to the contrary, retired members returning to work shall under no circumstances be permitted to purchase as service credit service provided under the one hundred (100) day provisions of this section as they existed on June 30, 2002.[~~Retired members may perform substitute teaching in the public schools for the equivalent of one hundred (100) days in any one (1) school year and receive compensation based on a standard salary schedule adopted by a district for all substitute teachers without reduction in retirement annuities~~].

[~~(2) A retired member may be employed as a part-time or temporary teacher in the public schools for a period not to exceed the equivalent of one hundred (100) days in any one (1) school year.~~

~~(3) Retired members may be employed part time or temporarily in a nonteaching capacity in the public schools and receive compensation for this employment without reduction in retirement annuities, except that retired members may not be employed in excess of a one hundred (100) day period in any one (1) school year~~]

(9) The return to work limitations set forth in this section and Section 24 of this Act shall apply to retired members who are returning to work in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the ***return to work limitations set forth in this section and Section 24 of this Act***[~~one hundred (100) day limitation in this subsection~~]. The board of trustees shall determine ***whether***[~~if~~] employment in a nonteaching position ***is subject to***[~~qualifies for an exemption under~~] this subsection.

(10) The provisions of subsections (1) to (8) of this section are not subject to KRS 161.714.

(11)[~~(4)~~] Members retired from an agency listed in KRS 161.220(4)(b) ***or (n)*** may be employed in a part-time teaching capacity by one (1) of the universities ***or community colleges*** participating in the Teachers' Retirement System, not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. ***Members retired from an agency listed in subsection (4)(b) or (n) of Section 3 of this Act may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by one (1) of the universities or community colleges participating in the Teachers' Retirement System in a position that would otherwise be covered by the retirement system. None of these members shall be subject to the return to work provisions set forth in subsections (1) to (8) of this section.***

[~~(5)~~] Calculation of the number of days for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service.

(12)[~~(6)~~] When a retired member returns to employment ***in***[~~as~~] a part-time ***teaching capacity***[~~teacher~~] or in a nonteaching capacity as provided in ***subsection (11)***[~~subsections (2), (3), and (4)~~] of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for ***retired members who return to work under subsection (11) of this section***[~~nonuniversity and university members.~~

~~(7) The board of trustees shall provide for reemployment of retired members as full-time teachers or in a nonteaching capacity under the following conditions:~~

~~(a) A retired teacher or administrator may return to full-time teaching in a position that has been determined by the commissioner of education to be a critical shortage area as defined in KRS 156.106 and for which the person is certified. When the commissioner of education certifies to the retirement system that qualified applicants are not available to fill teaching or administrative positions in critical academic subject areas, grade levels, or geographic areas, local school districts may employ, as full-time employees, during a school fiscal year, up to a maximum of two (2) retired members, or one percent (1%) of the total active members of the retirement system in a school district, whichever is greater. Retired members who are reemployed in a full-time position covered by the retirement system shall be rehired on a one (1) year contract in a district other than the one from which they retired following an absence of at least three (3) months or in the same district from which they retired following an absence of at least one (1) year.~~

~~(b) Retired members reemployed under this subsection shall remain eligible to receive their retirement annuity.~~

~~(c) Retired members reemployed under this subsection shall waive their health insurance coverage with the retirement system during the period of reemployment and receive health insurance coverage that is provided to regular full-time employees of the district.~~

~~(d) Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at rates determined by the retirement system's actuary that reflect accrued liability for nonuniversity members.~~

~~(e) Retirees who are reemployed under this provision shall make retirement contributions to the retirement system at rates specified under KRS 161.540 and the employer shall make contributions to the retirement system at rates specified under KRS 161.550. The member's entire contribution and a matching amount from the employer's contribution shall be placed in a separate defined contribution fund administered by the retirement system, with annual interest applied at the actuarially assumed rate. When the retiree's reemployment terminates, the total contributions with interest will be paid in a lump sum or on a monthly straight life basis to the retiree. If the member dies before retiring, the designated beneficiary shall receive a refund, and if there is a remaining balance at the death of the member after retirement, it shall be paid to the beneficiary designated by the member for this benefit.~~

~~(f) The provisions pertaining to the reemployment of retired members as full-time employees shall be granted by the board of trustees when it is deemed necessary to assist school districts in filling teaching or nonteaching positions in critical academic or geographic areas and when doing so would not create a significant negative impact on the funding status of the retirement system. The provisions of this subsection are optional with the board of trustees and shall not be covered under KRS 161.714~~].

Section 26. KRS 161.611 is amended to read as follows:

(1) The board of trustees is authorized to provide a supplemental retirement benefit plan for the sole purpose of enabling the employer to apply the same formula for determining benefits payable to all ***members of***[~~employees covered by~~] the retirement system ***employed by the employer***, whose benefits under the retirement system are limited by Section 415 of the Internal Revenue Code of 1986, as amended from time to time. This plan is intended to constitute a qualified governmental excess benefit plan as described in Section 415 of the Internal Revenue Code.

(2) The board of trustees shall administer this plan and have full discretionary fiduciary authority to determine all questions in connection with the plan. The board of trustees may adopt procedural rules and administrative regulations and may employ and rely on any legal counsel, actuaries, accountants, and agents as it deems advisable to assist in the administration of this plan.

(3) All members and retired former members in the retirement system shall be eligible to participate in this plan whenever their benefits under the retirement system would exceed the limitation on benefits imposed by Section 415 of the Internal Revenue Code.

(4) On or after the effective date of this plan, the employer shall pay to each eligible member in the retirement system who retires on or after that date and to each former member who retired before that date and his or her beneficiaries a supplemental pension benefit, equal to the amount by which the benefit that would have been payable under the retirement system, without regard to any provision therein incorporating the limitation on benefits imposed by Section 415 of the Internal Revenue Code, exceeds the benefit actually payable, taking into account the limitation imposed on the retirement system by Section 415 of the code. These supplemental pension benefits shall be computed and payable under the same terms and conditions and to the same person as the benefits payable to, or on account of, an eligible member under the retirement system.

(5) Benefits payable under this plan shall not be subject to the dollar limit applicable to eligible deferred compensation plans under Section 457 of the Internal Revenue Code, nor to the "substantial risk or forfeiture" rules of Section 457(f) of the code applicable to ineligible deferred compensation plans. In addition, benefits payable under this plan shall not be taken into account in determining whether any other plan of the employer is an eligible deferred compensation plan under Section 457 of the code.

(6) Funding of benefits payable under this plan shall be provided by the state, as employer, and shall be segregated from funds that are maintained by the retirement system for payment of the regular benefits provided by the retirement system. The employer may establish a grantor trust for payment of benefits provided under this plan, with the employer treated as "grantor" thereof for purposes of Section 677 of the Internal Revenue Code. The rights of any person to receive benefits under this plan are limited to those of a general creditor of the employer.

Section 27. KRS 161.615 is amended to read as follows:

(1) The board of trustees is authorized to implement a limited defined contribution plan for the sole purpose of providing retirement allowance payments for retired members who have been approved by the retirement system for full-time reemployment as provided in KRS 161.605.

(2) The defined contribution plan shall be administered separately from the regular benefits provided for members of the retirement system, except that the contributions to the plan shall be invested in the same manner as other contributions to the retirement system.

(3) ***The provisions of this section apply only to those retired members who were permitted to return to work under the critical shortage provisions of KRS 161.605(7) as they existed on June 30, 2002. The provisions of this section shall not apply to any retired member returning to work on or after July 1, 2002***[~~All retired members of the retirement system who are approved by the retirement system for full-time reemployment as provided in KRS 161.605 shall be eligible to participate in the plan~~].

(4) Separate member accounts shall be maintained for participants in this plan which shall reflect the annual contributions made to the participant's account based on the rates and interest levels specified in KRS 161.605.

(5) When the retiree's reemployment terminates, the total contributions and accrued interest in the participant's account will be paid in a lump sum payment or on an actuarial straight life monthly basis to the retiree. If the member dies prior to making application for a retirement allowance under this plan, the beneficiary designated by the participant for this plan shall receive a refund of the funds in the account. If there is a remaining balance in the account at the death of the participant after retirement from this plan, it shall be paid to the beneficiary designated by the participant for this benefit.

(6) Retired members shall be eligible to receive their retirement annuity when approved for reemployment and participation in this plan. Service as a reemployed retiree may not be used in any manner for credit under the regular retirement benefit plans provided by the retirement system.

Section 28. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1998, and thereafter, ***except as otherwise provided by this section,*** the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed ***by members of***[~~at state colleges or universities that participate in~~] the Teachers' Retirement System ***who are members under the provisions of subsection (4)(b) or (n) of Section 3 of this Act*** shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section; and

(b) ***For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under subsection (4)(b) or (n) of Section 3 of this Act, and who upon retirement have earned less than ten (10) full years of service credit, the retirement allowance shall be two percent (2%) of the member's final average salary for each year of service. For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under subsection (4)(b) or (n) of Section 3 of this Act, and who upon retirement have earned at least ten (10) full years of service credit, the annual allowance for each year of service shall be two and one-half percent (2.5%) of the member's final average salary.***

(c) The board of trustees may approve for members who initially retire on or after July 1, 2004, except those persons who are members under subsection (4)(b) or (n) of Section 3 of this Act, a retirement allowance of three percent (3%) of the member's final average salary for each year of service credit earned in excess of thirty (30) years. This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. This subsection is optional with the board of trustees and shall not be subject to KRS 161.714.

(d) The retirement allowance of a member at retirement shall not exceed the member's last annual compensation or the member's final average salary, whichever is the greater amount.

(2) Effective July 1, ***2002***[~~1990~~], and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option[~~ who has been retired at least ten (10) months~~] shall be increased in the amount of one and one-half percent (1.5%)***, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase***.

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than ***four hundred dollars ($400) effective July 1, 2002, and not less than four hundred forty dollars ($440) effective July 1, 2003***[~~three hundred twenty-five dollars ($325) effective July 1, 2000, and three hundred thirty-five dollars ($335) effective July 1, 2001~~], multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection.

(4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.

(5) Effective July 1, ***2002***[~~2000~~], the monthly allowance of each ***retired*** member[~~ retired for at least one (1) year,~~] and each recipient of a retirement option of the retired member ***may***[~~shall~~] be increased in an amount not to exceed ***one and four-tenths percent (1.4%)***[~~eight-tenths of one percent (0.8%)~~] of the monthly allowance in effect the previous month***, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase***. The level of increase provided for in this subsection shall be determined by the funding provided in the ***2002-2004***[~~2000-2002~~] biennium budget appropriation.

(6) Effective July 1, ***2003***[~~2001~~], the monthly allowance of each ***retired*** member[~~ retired for at least one (1) year,~~] and each recipient of a retirement option of the retired member ***may***[~~shall~~] be increased in an amount not to exceed one ***and one-half*** percent ***(1.5%)***[~~(1.0%)~~] of the monthly allowance in effect the previous month***, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date***

that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the ***2002-2004***[~~2000-2002~~] biennium budget appropriation.

(7) Effective July 1, 1990, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code[~~ as enacted in 1988~~].

(9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's[~~ regular~~] retirement annuity[~~ but shall be used in determining retirement allowance payments under the supplemental retirement plan of the retirement system which is intended to constitute a qualified governmental excess benefit plan as provided in Section 415 of the Internal Revenue Code~~]. The limitation on compensation for eligible members shall not be less than the amount which was allowed to be taken into account by the retirement system in effect on July 1, 1993. For this purpose, an eligible member is an individual who was a member of the retirement system before the first plan year beginning after December 31, 1995.

Section 29. KRS 161.623 is amended to read as follows:

(1) Effective July 1, 1982, and thereafter, a district board of education or other employer of members of the Teachers' Retirement System may compensate, at the time of retirement for service, an active ***contributing member***[~~teacher~~] for unused sick-leave days in accordance with this section.

(2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. Such sick-leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance[~~ under KRS 161.600~~].

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(9) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

(7) Payments to the retirement system for service credit obtained under this section or for compensation credit obtained under KRS 161.155(9) shall be based on the full actuarial cost as defined in KRS 161.220(22).

Section 30. KRS 161.655 is amended to read as follows:

(1) Effective July 1, 2000, the Teachers' Retirement System shall provide a life insurance benefit in a minimum amount of five thousand dollars ($5,000) for its members who are retired for service or disability. This life insurance ***benefit***[~~policy~~] shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system. The Teachers' Retirement System shall provide a life insurance benefit in a minimum amount of two thousand dollars ($2,000) for its active contributing members. This life insurance ***benefit***[~~policy~~] shall be payable upon the death of an active contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system. Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.

(2) Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

Section 31. KRS 161.661 is amended to read as follows:

(1) Any member who has completed five (5) or more years of accredited service in the public schools of Kentucky after July 1,

1941, may retire for disability and be granted a disability allowance if found to be eligible as provided in this section. Application for disability benefits shall be made within ***three (3) months***[~~one (1) year~~] of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of employment in a position covered by the Teachers' Retirement System and subsequent to the completion of five (5) years of teaching service in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service. The annual disability allowance shall be equal to sixty percent (60%) of the member's final average salary***. Members with twenty-seven (27) or more years of service credit are eligible for service retirement only***[~~, except that a member retiring for disability who is also eligible for service retirement may elect to have the benefit calculated on the service retirement formula and may choose any of the retirement options provided for service retirement~~].

(2) The provisions of KRS 161.520, 161.525, and subsections (3), (4), and (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of these members.

(3) Members shall earn one (1) year of entitlement to disability retirement, at sixty percent (60%) of the member's final average salary, for each four (4) years of service in a covered position, but any member meeting the service requirement for disability retirement shall be credited with no less than five (5) years of eligibility.

(4) A member retired by reason of disability shall continue to earn service credit at the rate of one (1) year for each year retired for disability. This service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of a medical review committee, and this service shall be used in calculating benefits as provided in subsection (5) of this section***, but under no circumstances shall this service be used to provide the member with more than twenty-seven (27) years of total service credit***. The service credit shall be valued at the same level as service earned by active members ***as provided under KRS 161.600 and Section 28 of this Act***.

(5) Any member retired by reason of disability and remaining disabled at the expiration of the entitlement period shall have his disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) of this section. The retirement allowance shall be calculated as set forth in KRS 161.620, except that those persons less than sixty (60) years of age shall be considered as sixty (60) years of age. ***Members having their disability benefits recalculated under this subsection shall not be entitled to a benefit based upon an average of their three (3) highest salaries as set forth in subsection (9) of Section 3 of this Act, unless approved otherwise by the board of trustees.***

(6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy (70) or until the member's eligibility is discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period. Members who have their disability retirement allowance recalculated at the expiration of their entitlement period shall be entitled to a minimum monthly allowance of five hundred dollars ($500) as the basic straight life annuity. The minimum allowance shall be effective July 1, 1992, and shall apply to those members who have had their allowance recalculated prior to that date and to disability retirees who will have their benefit allowance recalculated on or after that date.

(7) Effective July 1, 1992, members retired for disability prior to July 1, 1964, shall be entitled to a minimum monthly allowance of five hundred dollars ($500) as their basic straight life annuity and their surviving spouse shall be eligible for survivor benefits as provided in KRS 161.520(1)(a) and (b).

(8) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or any member, who is age sixty (60) years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.

(9) In order to qualify for retirement by reason of disability a member must suffer from a physical or mental condition presumed to be permanent in duration and of a nature as to render the member incapable of being gainfully employed in a covered position. The incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of a medical review committee.

(10) A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of a medical review committee indicate the disability no longer exists, the allowance shall be discontinued.

(11) Eligibility for payment shall begin on the first day of the month following receipt of the application in the Teachers' Retirement System office, or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.

(12) No person who receives a disability allowance may be employed in a position that entails duties or qualification requirements similar to positions subject to participation in the retirement system either within or without the State of Kentucky. So doing shall constitute a misdemeanor and shall result in loss of the allowance from the first date of this service. ***A member who applies for and is approved for disability retirement on or after July 1, 2002, and whose annual disability benefit is less than thirty thousand dollars ($30,000) may earn income in any occupation other than covered***

employment only to the extent that the annual income from the other employment when added to the annual disability benefit does not exceed thirty thousand dollars ($30,000). For any member who exceeds this limit as a result of income from other employment, the Kentucky Teachers' Retirement System shall reduce the member's disability benefit on a dollar-for-dollar basis for each dollar that the member's combined annual disability benefit and annual income from other employment exceeds thirty thousand dollars ($30,000). The board of trustees may annually increase the thirty thousand dollar ($30,000) limit by the percentage increase in the annual average of the consumer price index for all urban consumers for the most recent calendar year as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%). All members who applied for disability retirement before July 1, 2002, and were approved as a result of that application shall be subject to the income limitations as they existed on June 30, 2002. The recipient of a disability allowance who engages in any gainful occupation other than covered employment must make a report of the duties involved, compensation received, and any other pertinent information required by the board of trustees.[~~If the annual income from other employment plus the disability benefit exceed the sum of twenty-seven thousand dollars ($27,000) or the last earned compensation, whichever is the greater amount, the benefit shall be reduced to an amount which with earned income will not exceed the last earned compensation or twenty-seven thousand dollars ($27,000), whichever is the greater amount. In no case shall the benefit be reduced to less than seventy-five dollars ($75) per month, if the member has five (5) or more years of contributing service in the Teachers' Retirement System.~~]

(13) The board of trustees shall designate medical review committees, each consisting of three (3) licensed physicians. A medical review committee shall pass upon all applications for disability retirement and upon all ***applicant*** statements, ***medical*** certifications, and examinations submitted in connection with disability applications. The disposition of each case shall be recommended by a medical review committee in writing to the ***retirement system***[~~board of trustees~~]. Members of a medical review committee shall follow administrative regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The ***retirement system***[~~board of trustees~~] may secure additional medical ***examinations***[~~service~~] and information as it deems necessary. ***A member may appeal any final agency decision denying his or her disability retirement application pursuant to the provisions of subsection (2) of Section 4 of this Act***[~~The board of trustees shall promulgate administrative regulations that specify member appeal procedures~~].

(14) A disability may be presumed to be permanent if the condition creating the disability may be reasonably expected to continue for one (1) year or more from the date of application for disability benefits.

(15) Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of a medical review committee, may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve (12) months of the date disability benefits terminated. If the termination of benefits were voluntary, the reinstatement may be made without medical examination if application is made within three (3) months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

(16) No person who is receiving disability benefits under this section may be employed in a position which qualifies the person for membership in a retirement system financed wholly or in part with public funds. Employment in a position prohibited by this subsection shall result in disqualification for those disability benefits from the date of employment in the prohibited position.

(17) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section***, or becomes disqualified from receiving a portion of those benefits due to income from other than covered employment,*** shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits. ***The Kentucky Teachers' Retirement System may, in order to collect an outstanding debt, reduce or terminate any benefit that a member is otherwise entitled to receive.***

Section 32. KRS 161.663 is amended to read as follows:

Any active contributing member with less than five (5) years of Kentucky service may apply and be approved for disability retirement under KRS 161.661 if the member is found to be mentally or physically incapacitated as a result of ***a single, traumatic, physical***[~~an~~] injury related directly to their covered employment. All conditions and restrictions specified under KRS 161.661 shall be applicable, except that the initial annual disability allowance shall be equal to fifty percent (50%) of the member's current annual contract salary and the member's last annual contract salary shall be used in lieu of the final average salary in the recalculation of the member's benefit at the expiration of the eligibility period.

Section 33. KRS 161.675 is amended to read as follows:

(1) The board of trustees shall arrange by appropriate contract or on a self-insured basis to provide a broad program of group hospital and medical insurance for present and future eligible recipients of a retirement allowance from the Teachers' Retirement System. The board of trustees may also arrange to provide health insurance coverage by health maintenance organizations as defined in KRS 18A.225 as an alternative to group hospital and medical insurance for persons eligible for hospital and medical benefits under this section. The board of trustees may authorize present and future eligible recipients

of a retirement allowance from the Teachers' Retirement System who are less than age sixty-five (65) to be included in the state-sponsored health insurance that is provided to active teachers and state employees under KRS 18A.225. Members who are sixty-five (65) or older and retired for service shall not be eligible to participate in the state employee health insurance program as described in KRS 18A.225.

(2) The coverage provided shall be as set forth in the contracts and the administrative regulations of the board of trustees. The board of trustees may change the levels of coverage and eligibility conditions to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and administrative regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital, and miscellaneous hospital costs. ***An annuitant***[~~A retiree~~] whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years creditable Kentucky service in the Teachers' Retirement System or ***five (5) years of combined creditable service in the state-administered retirement systems if the member is retiring under the reciprocity provisions of KRS 61.680 and 61.702. A member retiring under the reciprocity provisions of KRS 61.680 and 61.702 may not elect coverage through more than one (1) of the state-administered retirement systems***[~~of combined service in the Kentucky Employees Retirement System, of which at least two (2) years was creditable service under KRS 161.607(2), to qualify for the coverage~~]. The board of trustees shall offer coverage to the disabled child of ***an annuitant***[~~a retired member~~] regardless of the disabled child's age if the ***annuitant***[~~retired member~~] pays the entire premium for the disabled child's coverage. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(3) All expenses for benefits under this section shall be paid from the funding provisions contained in KRS 161.420(5), premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute.

(4) (a) The board of trustees shall determine the amount of health insurance supplement payments that the Teachers' Retirement System will provide to assist eligible ***annuitants***[~~recipients of a retirement allowance~~] in paying the cost of their health insurance, based on the funds available in the medical insurance fund. The board of trustees shall establish the maximum monthly amounts of health insurance supplement payments that will be made by the retirement system for eligible ***annuitants***[~~recipients of a retirement allowance~~]. The board of trustees shall annually establish the percentage of the maximum monthly health insurance supplement payment that will be made, based on age and years of service credit of eligible recipients of a retirement allowance. Monthly health insurance supplement payments made by the retirement system may not exceed the amount of the single coverage insurance premium chosen by the eligible ***annuitants***[~~recipients of a retirement allowance~~]. In order to qualify for health insurance supplements made by the retirement system, the ***annuitant***[~~recipient of a supplement payment~~] must agree to pay the difference between the insurance premium and the applicable supplement payment, by payroll deduction from his retirement allowance, or by a payment method approved by the retirement system.

(b) The board of trustees may offer, on a full-cost basis, health care insurance coverage provided by the retirement system to spouses and dependents of eligible ***annuitants***[~~retirees~~] not ***otherwise*** eligible for regular coverage. Recipients of a retirement allowance from the retirement system must agree to pay the cost of this coverage by payroll deduction from their retirement allowance or by a payment method approved by the retirement system.

(c) The board of trustees shall offer, on a full-cost basis, health insurance coverage provided by the retirement system to the disabled child of ***an annuitant***[~~a retired member~~], regardless of the age of the disabled child. A child shall be considered disabled for purposes of this section if the child has been determined to be eligible for federal Social Security disability benefits.

(5) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the hospital and medical insurance program. The board of trustees is empowered to pay the expenses for insurance coverage from the medical insurance fund, from the premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute. The board may provide insurance coverage by making payment to insurance carriers including health insurance plans that are available to active and retired state employees and active teachers, institutions, and individuals for services performed, or the board of trustees may elect to provide insurance on a "self-insurance" basis or a combination of these provisions.

(6) The board of trustees may approve health insurance supplement payments to eligible ***annuitants***[~~retirees or recipients~~] who are less than sixty-five (65) years of age, as reimbursement for hospital and medical insurance premiums made by ***annuitants***[~~retirees~~] for their individual coverage. Eligible ***annuitants***[~~retirees~~] or recipients are those ***annuitants***[~~retirees or recipients~~] who are not eligible for Medicare and who do not reside in Kentucky or in an area outside of Kentucky where comparable coverage is available. The reimbursement payments shall not exceed the minimum supplement payment that would have been made had the ***annuitant***[~~retiree~~] lived in Kentucky. Eligible ***annuitants***[~~retirees~~] or recipients shall submit proof of payment to the retirement system for hospital and medical insurance that they have obtained. Reimbursement payments shall be made on a quarterly basis.

(7) Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(8) The board of trustees is empowered to promulgate administrative regulations to assure efficient operation of the hospital

and medical insurance program.

(9) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

(10) In the event that a member is providing services on less than a full-time basis under Section 25 of this Act, the retirement system may pay the full cost of the member's health insurance coverage for the full fiscal year that the member is providing those services, at the conclusion of which, the retirement system may then bill the active employer and the active employer shall reimburse the retirement system for the cost of the health insurance coverage incurred by the retirement system on a pro rata basis for the time that the member was employed by the active employer.

Section 34. KRS 161.700 is amended to read as follows:

(1) The right of a ***member***[~~teacher~~] to a retirement allowance and to the return of contributions, any benefit or right accrued or accruing to any person under the retirement system, and the money in the various funds of the retirement system are exempt from any state or municipal tax, are not subject to execution, garnishment, attachment, or other process, and are unassignable except as provided in this chapter, and except for court or administratively ordered current child support, owed child support, or to-be-owed child support. Except retirement benefits accrued or accruing to any person under this retirement system on or after January 1, 1998, shall be subject to the tax imposed by KRS 141.020, to the extent provided in KRS 141.010 and 141.0215.

(2) Retirement allowance, disability allowance, accumulated contributions, or any other benefit under the retirement system shall not be classified as marital property pursuant to KRS 403.190(1). Retirement allowance, disability allowance, accumulated contributions, or any other benefit under the retirement system shall not be considered as an economic circumstance during the division of marital property in an action for dissolution of marriage pursuant to KRS 403.190(1)(d).

Section 35. KRS 18A.225 is amended to read as follows:

(1) (a) The term "health maintenance organization" for the purposes of this section means a health maintenance organization as defined in KRS 304.38-030 or as a nonprofit hospital, medical-surgical, dental, and health service corporation, which has been licensed by the Kentucky Health Facilities and Health Services Certificate of Need and Licensure Board or its successor agency and issued a certificate of authority by the Department of Insurance as a health maintenance organization or as a nonprofit hospital, medical-surgical, dental, and health service corporation and which is qualified under the requirements of the United States Department of Health, Education and Welfare except as provided in subsection (2) of this section; and

(b) The term "state employee" for purposes of this section shall include a person, including an elected public official, who is regularly employed by any department, board, agency, branch of state government, or any municipal, urban-county, charter county, or county government, whose legislative body has opted to participate in the state health insurance program pursuant to KRS 79.080 and who is a contributing member to any one (1) of the retirement systems administered by the state. It shall also include a person who must fulfill the requirements established by the Kentucky Board of Education for eligibility and a person who is a present or future recipient of a retirement allowance from any of the Kentucky Retirement Systems who either satisfies the requirements of KRS 61.559 or who is board authorized under KRS 61.702(1), including a beneficiary of a retired employee as defined in KRS 61.542 who is receiving a retirement allowance from any of the Kentucky Retirement Systems and includes members of the Legislators' Retirement Plan as provided in KRS 18A.2287. It shall also include a person who is a present or future recipient of a retirement allowance from the Teachers' Retirement System of Kentucky who either satisfies the requirements of KRS 161.525, 161.620, and 161.675 or who is board certified, including a beneficiary of a retired member who is receiving a retirement allowance from the Teachers' Retirement System of Kentucky, except that a member who is receiving a retirement allowance from the Teachers' Retirement System and who is age sixty-five (65) or older shall not be included ***unless that member is reemployed in a position covered by any one (1) of the state-administered retirement systems***.

(2) (a) The secretary of the Finance and Administration Cabinet, upon the recommendation of the secretary of the Personnel Cabinet, shall procure, in compliance with the provisions of KRS 45A.080, 45A.085, and 45A.090, from one (1) or more health insurance companies or from one (1) or more health maintenance organizations authorized to do business in this state, a policy or policies of group health care coverage including, but not limited to, indemnity, health maintenance organization (HMO), preferred provider organization (PPO), point of service (POS), and exclusive provider organization (EPO) benefit plans encompassing all or any class or classes of state employees. Health insurance coverage provided to state employees under this section shall, at a minimum, contain the same benefits as provided under Kentucky Kare Standard as of January 1, 1994. All state employees and other persons for whom the health care coverage is provided or made available shall annually be given an option to elect health care coverage through a self-funded plan offered by the state or, if a self-funded plan is not available, from a list of coverage options determined by the competitive bid process under the provisions of KRS 45A.080, 45A.085, and 45A.090 and made available during annual open enrollment. For calendar year 2001 only, an emergency shall exist when any county in which only one (1) health insurance company offers a single plan to state employees and, subsequent to the open enrollment period, the health insurance company fails to maintain at least sixty-five percent

(65%) of its contracts within the geographic region with specialty physicians who were participating in the network at the time of open enrollment. The Finance and Administration Cabinet shall immediately notify the Governor, the Legislative Research Commission, and the secretary of the Personnel Cabinet and shall be authorized to immediately negotiate and contract with additional health insurance companies for additional plans to serve any county without meeting the requirements of the Model Procurement Code under KRS Chapter 45.

(b) The policy or policies shall be approved by the commissioner of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws.

(c) Any carrier bidding to offer health care coverage to members of the state group shall agree to provide coverage to all members of the state group, including both active employees and retirees within the county or counties specified in its bid. Furthermore, any carrier bidding to offer health care coverage to members of the state group shall also agree to rate all such members of the state group as a single entity, except for those retirees whose former employers insure their active employees outside the state health insurance program.

(d) Any carrier bidding to offer health care coverage to any member of the state group shall agree to provide enrollment, claims, and utilization data to the Commonwealth in a format specified by the Personnel Cabinet with the understanding that the data shall be owned by the Commonwealth; to provide data in an electronic form and within a time frame specified by the Personnel Cabinet; and to be subject to penalties for noncompliance of data reporting requirements as specified by the Personnel Cabinet. The Personnel Cabinet shall take strict precautions to protect the confidentiality of each individual member; however, confidentiality assertions shall not relieve a carrier from the requirement of providing stipulated data to the Commonwealth.

(e) The Personnel Cabinet shall develop the necessary techniques and capabilities for timely analysis of data received from carriers and, to the extent possible, provide in the request-for-proposal specifics relating to data requirements, electronic reporting, and penalties for noncompliance. The Commonwealth shall own the enrollment, claims, and utilization data provided by each carrier and shall develop methods to protect the confidentiality of the individual. The Personnel Cabinet shall provide to the General Assembly in June of each year an analysis of enrollment, claims, utilization data of all carriers for the prior plan year ending December 31, and on the financial stability of the program. The report shall include, but not be limited to, loss ratios, methods of risk adjustment, measurements of carrier quality of service, prescription coverage and cost management, paid dependent coverage, and statutorially required mandates. If state self-insurance was available as a carrier option, the report also shall provide a detailed financial analysis of the self-insurance fund including, but not limited to, loss ratios, reserves, and reinsurance agreements.

(f) If any agency participating in the state employee health insurance program for its active members terminates participation in the state employee health insurance program for its active members and there is a state appropriation for the employer's contribution for active employees' health insurance coverage, neither the agency nor the employees shall receive the state-funded contribution after termination from the state employee health insurance program.

(g) Any funds in flexible spending accounts that remain after all reimbursements have been processed shall be transferred to the credit of the state health insurance plan's appropriation account.

(3) The secretary of the Finance and Administration Cabinet, upon the recommendation of the secretary of the Personnel Cabinet, may procure from one (1) or more dental insurance companies, one (1) or more nonprofit hospital, medical-surgical, dental, and health service corporations organized under Subtitle 32 of KRS Chapter 304, or one (1) or more prepaid dental plan organizations organized under Subtitle 43 of KRS Chapter 304, a policy or policies of group dental insurance or prepaid dental plan coverage encompassing all or any class or classes of state employees. All state employees for whom the dental insurance or prepaid dental plan coverage is provided shall annually be given an option to elect either standard dental insurance coverage or coverage by a prepaid dental plan. The policy or policies shall be approved by the commissioner of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws. It is intended that either dental insurance or prepaid dental plan coverage may be made available for state employees, except that the procuring of each is permissive.

(4) The premiums may be paid by the policyholder:

(a) Wholly from funds contributed by the insured employee, by payroll deduction or otherwise;

(b) Wholly from funds contributed by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government; or

(c) Partly from each, except that any premium due for health care coverage or dental coverage, if any, in excess of the premium amount contributed by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government for any other health care coverage shall be paid by the employee.

(5) If an employee moves his place of residence or employment out of the service area of a managed health care plan or of a prepaid dental plan, under which he has elected coverage, into either the service area of another managed health care plan or prepaid dental plan or into an area of the state not within a managed health care plan service area or prepaid dental plan service area, the employee shall be given an option, at the time of the move or transfer, to change his or her coverage to another health care plan or dental plan.

(6) No payment of premium by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government shall constitute compensation to an insured employee for the purposes of any statute fixing or limiting the compensation of such an employee. Any premium or other expense incurred by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government shall be considered a proper cost of administration.

(7) The policy or policies may contain the provisions with respect to the class or classes of employees covered, amounts of insurance or coverage for designated classes or groups of employees, policy options, terms of eligibility, continuation of insurance or coverage after retirement, and other provisions the commissioner of insurance may approve.

(8) The policy or policies shall contain the provision that employees or retired employees shall be allowed to change health care plans during the reopening period without any limitation for pre-existing conditions if the employee has met the pre-existing condition limitation upon initial employment or reemployment with the group.

(9) The secretary of the Finance and Administration Cabinet is authorized to perform all acts necessary or advisable for the purpose of contracting for and maintaining health care coverage and dental coverage under the provisions of this section.

(10) Group rates under this section shall be made available to the disabled child of a state employee regardless of the child's age if the entire premium for the disabled child's coverage is paid by the state employee. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(11) The health care contract or contracts for state employees shall be entered into for a period of not less than one (1) year.

(12) The secretary shall appoint twenty-eight (28) persons to an Advisory Committee of State Health Insurance Subscribers to advise the secretary or his designee regarding the state health insurance program for state employees. The secretary shall appoint, from a list of names submitted by appointing authorities, members representing school districts from each of the seven (7) Supreme Court districts, members representing state government from each of the seven (7) Supreme Court districts, two (2) members representing retirees under age sixty-five (65), one (1) member representing local health departments, two (2) members representing the Kentucky Teachers' Retirement System, and three (3) members at large. The secretary shall also appoint two (2) members from a list of five (5) names submitted by the Kentucky Education Association, two (2) members from a list of five (5) names submitted by the largest state employee organization of nonschool state employees, and two (2) members from a list of names consisting of five (5) names submitted by each state employee organization that has two thousand (2,000) or more members on state payroll deduction. The advisory committee shall be appointed in January of each year and shall meet quarterly.

(13) Notwithstanding any other provision of law to the contrary, the policy or policies provided to state employees pursuant to this section shall not provide coverage for obtaining or performing an abortion, nor shall any state funds be used for the purpose of obtaining or performing an abortion on behalf of state employees or their dependents.

(14) Interruption of an established treatment regime with maintenance drugs shall be grounds for an insured to appeal a formulary change through the established appeal procedures approved by the Personnel Cabinet, if the physician supervising the treatment certifies that the change is not in the best interests of the patient.

Section 36. Whereas, retirement annuity adjustments are implemented at the beginning of the fiscal year, an emergency is declared to exist, and this Act takes effect July 1, 2002.

Members providing part-time and substitute services shall participate in the retirement system as follows:

(1) Members providing part-time and substitute services shall accrue service credit as provided under KRS 161.500 and be entitled to a retirement allowance upon meeting the service retirement conditions of KRS 161.600. The board of trustees shall adopt a methodology for accrediting service credit to these members on a pro rata basis. The methodology adopted by the board of trustees may be amended as necessary to ensure its actuarial soundness. The retirement allowance for members providing part-time and substitute services shall be calculated pursuant to Section 28 of this Act. Members providing part-time and substitute services who meet the service retirement conditions of KRS 161.600 may also be eligible to participate as approved by the board of trustees in the medical insurance program provided by the retirement system under Section 33 of this Act. Members providing part-time and substitute services shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under Section 16 of this Act. A member who provides part-time or substitute services, or in the event of the death of the member, the member's

estate or applicably designated beneficiary, will be entitled, within ninety (90) days of the posting of the annual report submitted by the member's employer, to a refund of contributions as permitted and limited by Section 11 of this Act.

(2) The board of trustees shall adopt eligibility conditions under which members providing part-time and substitute services may participate in the benefits provided under KRS 161.520, and Sections 22, 31, and 32 of this Act. The board of trustees may adopt eligibility conditions under which members providing part-time or substitute services may participate in other benefits offered by the retirement system. All eligibility conditions adopted by the board of trustees pursuant to this subsection may be amended as necessary to ensure their actuarial soundness.

(3) In addition to the pro rata methodology adopted by the board of trustees under subsection (1) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding the accrual, retention, accreditation, and use of service credit that apply to members providing full-time services. In addition to the eligibility conditions set forth by the board of trustees under subsection (2) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding both the eligibility to participate and the extent of participation in any benefit offered under KRS 161.220 to 161.716 that apply to members providing full-time services.

(4) The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

(5) The provisions of this section are not subject to KRS 161.714.

SECTION 2. A NEW SECTION OF KRS 161.220 TO 161.716 IS CREATED TO READ AS FOLLOWS:

A court order awarding additional back salary to or reinstating a member as a result of employment in a position covered by the Kentucky Teachers' Retirement System shall entitle the member to additional salary or service credit, or both, under the following circumstances:

(1) Members shall make contributions to the Kentucky Teachers' Retirement System at the rate set forth in Section 16 of this Act and members' employers shall make contributions at the rate set forth in Section 20 of this Act, with interest accruing on all contributions at the rate of eight percent (8%) per annum from the end of each fiscal year that back salary or the reinstatement was ordered. Contributions, plus interest, shall be made for each year that back salary or reinstatement was ordered. No service or salary credit shall be credited to a member's account unless full contributions are paid to the Kentucky Teachers' Retirement System.

(2) The member may have court-ordered back salary credited to his or her account only to the extent that the member actually received payment for the back salary and only to the extent that the court-ordered back salary is within the salary scale that was available to the member in the covered position for the years that the back salary was awarded. Court-ordered back salary can be credited to the member's account only as permitted under subsections (9) and (10) of Section 3 of this Act.

(3) The member's employer ordered to pay back salary or to reinstate the member by a court of competent jurisdiction shall provide the retirement system with a breakdown of the back salary awarded to the member on a year-by-year basis.

(4) The calculations of the contributions and interest required to be paid for court-ordered back salary or reinstatement shall be provided by the retirement system to the member or the member's employer at the member's or employer's request. Requests for these calculations shall be made with at least two (2) weeks of advance notice to the retirement system to provide these calculations. The retirement system will calculate accrued interest as of the last day of the month during which payment of the full contributions are made.

(5) For purposes of this section, a settlement agreement that provides back salary or reinstatement, and is adopted by order or judgment of a court of competent jurisdiction or is referenced in an order dismissing the action as settled shall have the same effect as a court order adjudicating the matter. Orders entered by a government board or agency as a result of litigation conducted on an administrative hearing level shall be considered as court orders for the purposes of this section.

(6) Under no circumstances shall a member be entitled to service credit as a result of court-ordered reinstatement that is in violation of the provisions of Section 20 of this Act.

For purposes of this section, notice shall be complete and effective upon the date of mailing of the retirement system's decision to the claimant at the claimant's last known address. Failure by the claimant to file a written appeal with the retirement system within the thirty (30) day period shall result in the decision of the retirement system becoming permanent with the effect of a final and unappealable order. Appeals may include a request for an administrative hearing which shall be conducted in accordance with the provisions of KRS Chapter 13B. ***The board of trustees may establish an appeals committee whose members shall be appointed by the chairperson and who shall have the authority to act upon the report and recommendation of the hearing officer by issuing a final order on behalf of the full board of trustees.*** A member, retired member, or designated beneficiary who has filed a timely, written appeal of a decision of the retirement system may, following the administrative hearing and issuance of the final order by the board of trustees, appeal the final order of the board of trustees to the Franklin Circuit Court in accordance with the provisions of KRS Chapter 13B.

It is hereby declared that the restrictions and rights provided herein shall not be subject to reduction or impairment by alteration, amendment, or repeal. All the assets of the retirement system shall be credited according to the purpose for which they are held to one (1) of the following funds:

(1) The expense fund shall consist of the funds set aside from year to year by the board of trustees to defray the expenses of the administration of the retirement system. Each fiscal year an amount not greater than four percent (4%) of the ***dividends and interest*** income earned from investments during the immediate past fiscal year shall be set aside into the expense fund or expended for the administration of the retirement system;

Any accumulated contributions forfeited by a failure of a teacher or his estate to claim these contributions shall be transferred from the teachers' savings fund to the guarantee fund. The accumulated contributions of a member shall be transferred from the teachers' savings fund to the allowance reserve fund in the event of retirement by reason of service or disability;

(3) The state accumulation fund shall consist of funds appropriated by the state for the purpose of providing annuities, survivor benefits, and death benefits, including any sums appropriated for meeting unfunded liabilities, together with regular interest assigned by the board of trustees from the guarantee fund. At the time of retirement or death of a member there shall be transferred from the state accumulation fund to the allowance reserve fund an amount which together with the sum transferred from the teachers' savings fund will be sufficient to provide the member a retirement allowance and provide for benefits under KRS 161.520, 161.525, and 161.655;

(5) The medical insurance fund shall consist of amounts accumulated for the purpose of providing benefits as provided in KRS 161.675. Any amounts not required to meet current costs shall be maintained as a reserve for these benefits; and

(6) The guarantee fund shall be maintained to facilitate the crediting of uniform interest on the amounts of the other funds, except the expense fund, to finance operating expenses directly related to investment management services, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. All income, interest, and dividends derived from the authorized deposits and investments shall be paid into the guarantee fund. Any funds received from gifts and bequests, which the board is hereby authorized to accept and expend without limitation in a manner either expressed by the donor or deemed to be in the best interest of the membership, shall be credited to the guarantee fund. Any funds transferred from the teachers' savings fund by reason of lack of claimant or because of a surplus in any fund and any other moneys whose disposition is not otherwise provided for, shall also be credited to the guarantee fund. The interest allowed by the board of trustees to each of the other funds shall be paid to these funds from the guarantee fund. Any deficit occurring in any fund that would not be automatically covered shall be met by the payments from the guarantee fund to that fund. The board of trustees may, at any time during a fiscal year, transfer from the guarantee fund to the medical insurance fund an amount not to exceed four percent (4%) of the income earned from investments during the immediate past year.

Separate member accounts shall be maintained for each member.~~] The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program.

(9) The defined contribution fund shall consist of those funds contributed by retired members who have been approved by the retirement system for full-time reemployment in a position covered by the retirement system and contributions made by the employer for the purpose of providing separate retirement allowances for periods of reemployment. Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program. The contributions shall not be picked up as provided in KRS 161.540(2).

(10) The life insurance benefit fund shall consist of amounts accumulated for the purpose of providing benefits provided under Section 30 of this Act. The board of trustees may allocate to this fund a percentage of the employer and state contributions as provided under Section 20 of this Act. The allocation to this fund will be in an amount that the actuary determines necessary to fund the obligation of providing the benefits provided under Section 30 of this Act.

Section 9. KRS 161.430 is amended to read as follows:

Toward this end, the board shall develop procedures for informing the business community of the potential for in-state investments by the retirement fund, accepting and evaluating applications for the in-state investment of funds, and working with members of the business community in executing in-state investments which are consistent with the board's fiduciary responsibilities. The board shall include in the criteria it uses to evaluate in-state investments their potential for creating new employment opportunities and adding to the total job pool in Kentucky. The board may cooperate with the board of trustees of Kentucky Retirement Systems in developing its program and procedures, and shall report to the Legislative Research Commission annually on its progress in placing in-state investments. The first report shall be submitted by October 1, 1991, and subsequent reports shall be submitted by October 1 of each year thereafter. The report shall include the number of applications for in-state investment received, the nature of the investments proposed, the amount requested, the amount invested, and the percentage of applications which resulted in investments.

(a) For the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system;

Expenses directly related to investment management services shall be financed from the guarantee fund in amounts approved by the board.

(b) An investment counselor appointed under this section shall acknowledge in writing his fiduciary responsibilities to the fund. To be eligible for appointment, an investment counselor must be:

1. Registered under the Federal Investment Advisors Act of 1940; or

2. A bank as defined by that Act; or

Section 10. KRS 161.440 is amended to read as follows:

At the end of each fiscal year the board of trustees shall assign from the guarantee fund interest at the rate of three percent (3%) to the teachers' savings fund, the state accumulation fund, and the allowance reserve fund~~[, and, effective July 1, 1978, interest at a rate of interest not to exceed the average yield on fixed income security investments for the immediate past year to the medical insurance fund]~~. The amounts so allowed shall be due and payable to the funds and shall be annually credited thereto by the board of trustees from interest and other earnings on money of the retirement system.

Section 11. KRS 161.470 is amended to read as follows:

(1) The membership of the retirement system shall consist of all new members, all present teachers, and all persons participating under the retirement system as of June 30, 1986, except as provided in Acts 1938 (1st Ex. The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

(2) Service credit shall be forfeited upon withdrawal. If a member again enters service it shall be as a new member, except that any teacher who withdraws by claiming his deposits may repay the system the amount withdrawn plus interest and reestablish his service credit as provided in subsection (3) of this section.

(3) Effective July 1, 1988, and thereafter, an active contributing member of the retirement system with contributing service equal to one (1) year may regain service credit by depositing in the teachers' savings fund the amount withdrawn with interest at the rate to be set by the board of trustees, and computed from the first of the month of withdrawal and including the month of redeposit.

(4) Effective July 1, 1974, any active contributing member with at least two (2) years of contributing service credit who declined membership as provided in Acts 1938 (1st Ex. 1. Notwithstanding any provision of law to the contrary, a member hired on or after August 1, 2000, who is convicted, in any state or federal court of competent jurisdiction, of a felony related to his employment shall forfeit rights and benefits earned under the retirement system, except for the return of his accumulated contributions and interest credited on those contributions.

2. The payment of retirement benefits ordered forfeited shall be stayed pending any appeal of the conviction. If the conviction is reversed on final judgment, no retirement benefits shall be forfeited.

Except for paragraph (e) of this subsection, upon termination of member accounts under this subsection, funds in the account shall be transferred to the guarantee fund. Inactive members may apply for refunds of these funds at any time. The terminated service shall be reinstated, if not withdrawn by the member, in the event that the member returns to active contributing service.

If the member is eligible for an immediate service retirement allowance as provided in KRS 161.600, no withdrawal and refund shall be permitted, unless the allowance would prohibit the member from qualifying for Social Security benefits or the member elects to withdraw part or all of his service for the purpose of obtaining credit in another retirement plan. Requests for refund of contributions by the member must be filed on forms prescribed by the Teachers' Retirement System and the employer shall be financially responsible for all information that is certified on the prescribed form. ***A member may not withdraw any part of his or her contributions to the retirement system except as provided by this subsection.***

(8) Any active contributing member of the Kentucky Employees Retirement System, the County Employees Retirement System, the State Police Retirement System, or the Judicial Retirement System may use service, under that retirement system for the purpose of meeting the service requirement of subsections (3) and (4) of this section.

Each person, upon becoming a member of the retirement system, shall file a detailed statement as required by the board of trustees and shall designate a ***primary*** beneficiary to receive any benefits accruing from the death of the member. ***A contingent beneficiary may be designated in addition to the primary beneficiary. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of a member's contributions to the retirement system as provided under subsection (7) of Section 11 of this Act and KRS 161.650, and for receipt of the life insurance benefit provided under Section 30 of this Act.*** The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section.

Section 13. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the Teachers' Retirement System may receive service credit for active service rendered in the uniformed services of the Armed Forces of the United States, including the commissioned corps of the Public Health Service, subject to the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 and to administrative regulations promulgated by the board of trustees. Military service includes service in the uniformed services that occurs before the employment of a member in a position covered by the retirement system or where a member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services. Service in the uniformed services also includes uniformed service that occurs after employment in a position covered by the retirement system where the member has given advance written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment. Military service may be credited only if discharge was honorable or was not terminated upon the occurrence of any of the events listed in 38 U.S.C. sec. 4304. Service shall be considered as Kentucky teaching service, except that service may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1) unless the service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returned directly from uniformed services to covered employment. A maximum of six (6) years of military service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) No credit shall be granted for military service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

(3) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on this military service, may not receive credit for any military service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and after this date.

(4) (a) A member receiving retirement credit for active duty in the armed services of the United States prior to employment in a position covered by the retirement system or where the member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services shall ***pay to the retirement system the full actuarial cost of the service credit purchased as provided under subsection (22) of Section 3 of this Act***~~[contribute to the retirement system an amount equal to thirty five percent (35%) of the actuarial cost for each year of service for which the member is receiving credit]~~. Two percent (2%) of the~~[thirty-five percent (35%)]~~ required payment shall be allocated to the medical insurance fund. These contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services, the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting this service.

(b) If military service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment, the member shall contribute the regular member contribution required by KRS 161.540. The member may make the payment of delayed contributions in a lump sum payment or in installments not to exceed five (5) years beginning with the member's date of reemployment. Interest at the rate of eight percent (8%) per annum shall be charged for delayed contributions beginning with the member's date of reemployment until paid.

(5) An active contributing member of the Teachers' Retirement System may receive service credit for service in the military reserves of the United States or the National Guard. The member may purchase one (1) month of service for each six (6) months of service in the reserves or the National Guard. Notwithstanding any other statute, regulation, or policy to the contrary, the system shall provide a member, upon request, the estimated actuarial cost of the National Guard or military reserves service purchase based upon the information available at the time of the request. The member shall be entitled to enter into a contract with the system at the time of the request to purchase the National Guard or military reserve service by paying to the system the estimated actuarial cost, either by installments or in lump sum. The member shall pay the full actuarial cost of this service in the military reserves or the National Guard as provided in KRS 161.220(22). Service in the military reserves or the National Guard shall be treated as service earned prior to participation in the system and shall not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). The payment shall not be picked up by the employer, as described in KRS 161.540(2).

Section 14. KRS 161.515 is amended to read as follows:

(1) For the purposes of this section, "out-of-state service" shall mean service in any state in a comparable position, which

would be covered if in Kentucky.

(2) (a) ***An active contributing member***[~~A member in active status~~] who has been a contributing member of the retirement system for at least one (1) full scholastic year subsequent to the latest out-of-state service, may present for credit service rendered out of state, not to exceed ten (10) years actually taught as a certified or licensed teacher. With the exception of university faculty members, all members who elect to purchase this service shall pay to the retirement system an amount equal to the current member contribution rate based on the first Kentucky salary of the member subsequent to the out-of-state service, provided this service was rendered after ***June 30, 1983***[~~January 1, 1984~~]. In the event this service was rendered prior to ***July 1, 1983***[~~January 1, 1984~~], the contribution rate shall be seven and eighty-four hundredths percent (7.84%). University faculty members shall pay on a contribution rate of seven and eighty-four hundredths percent (7.84%) based on the first Kentucky salary subsequent to the out-of-state service, regardless of when the service was rendered. ***Members shall pay to the retirement system the employer contribution at the rates set forth in Section 20 of this Act.*** In addition, all members shall pay interest on the contributions for this service at a rate to be set by the board of trustees on each annual contribution from the last day of the scholastic year in which the service was rendered to date of payment to the retirement system. The payments shall not be picked up as described in KRS 161.540(2). For each year of which the retirement system shall accept the contribution and interest, one (1) year of service credit shall be given. This credit may not be used to meet the service requirements of KRS 161.525, 161.600, or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds;

(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the State of Kentucky, may present this service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by a public institution or governmental agency. This service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit; and

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section may elect to use this service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of eight percent (8%) for each year so used. These payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and after this date, shall not receive credit for service defined in subsections (2)(a) or (2)(b) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

(4) A member, having completed service as a volunteer in the Kentucky Peace Corps created by KRS 154.01-720, may purchase service credit for the time served in the corps on the same basis as provided in this section for the purchase of out-of-state service credit. A member, having completed service as a federal Peace Corps volunteer, may purchase up to two (2) years of service credit for time served in the Peace Corps on the same basis as provided in this section for the purchase of out-of-state service credit.

Section 15. KRS 161.522 is amended to read as follows:

Upon the death of a member retired for disability who had a minimum of twenty-seven (27) years of service at the time of death, except as provided in KRS 161.661(6), the spouse, if named as the beneficiary of the member's account, shall be entitled to elect, in lieu of a refund of the member's account, an annuity actuarially equivalent to the annuity that would have been paid to the deceased member had retirement for service been effective on the day immediately preceding the member's death. In selecting this right, the spouse shall be limited to selecting an option providing a straight life annuity with refundable balance or a term certain option. There shall be a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This section applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1988, and to surviving spouses of members who die on or after July 1, 1984***, except that the member shall have been retired for disability with a minimum of thirty (30) years of service if either of these two (2) conditions were met prior to July 1, 1990***.

Section 16. KRS 161.540 is amended to read as follows:

(1) Effective July 1, 1988, each member shall contribute to the retirement system nine and eight hundred fifty-five thousandths percent (9.855%) of annual compensation, except that university faculty members shall contribute eight and three hundred seventy-five thousandths percent (8.375%) of annual compensation. Payments authorized by statute that are made to retiring members for not more than sixty (60) days of unused accrued annual leave shall be considered as part of the member's annual compensation, and shall be used only for the member's final year of active service. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance. In the event a member is awarded a court-ordered back salary payment the employer shall deduct

and remit the member contribution on the salary payment, plus interest to be paid by the employer, to the retirement system unless otherwise specified by the court order.

(2) Each public board, institution, or agency, listed in KRS 161.220(4) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the ***member***[~~employee~~] contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). The picked-up ***member***[~~employee~~] contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the ***member***[~~employee~~] contribution, and the picked-up ***member***[~~employee~~] contribution shall be in lieu of ***a member***[~~an employee~~] contribution. Each employer shall pay these picked-up ***member***[~~employee~~] contributions from the same source of funds which is used to pay earnings to the ***member***[~~employee~~]. The ***member***[~~employee~~] shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. ***Member***[~~Employee~~] contributions picked-up after August 1, 1982, shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as ***member***[~~employee~~] contributions made prior to August 1, 1982.

Section 17. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time, or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees ***if contributions were not otherwise made as a result of the service***. Members placed on leave of absence may make contributions and receive service credit for this leave only if contributions are made by the end of the fiscal year next succeeding the year in which the leave was effective as provided in administrative regulations promulgated by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(2) Active contributing members of the Teachers' Retirement System, or former members who are currently participating in a state-administered retirement system, who were granted leaves of absence since July 1, 1964, for reasons of health, child rearing, or to improve their educational qualifications, and did not qualify at the time of the leave of absence to make contributions to the retirement system for the leave of absence as provided in subsection (1) of this section, may obtain credit for the leave of absence under the following conditions:

(a) The leave of absence shall be verified by a copy of the board of education minutes which granted the leave of absence; and

(b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the leave of absence, and by depositing in the state accumulation fund an amount equal to this total.

(c) The member shall receive credit for no more than two (2) years under the provisions of this subsection.

(3)[~~Active contributing members who had breaks in their participation in the retirement system for reasons of health or for the purpose of obtaining Rank I status, a master's degree in education, or a doctorate degree in education and did not qualify at the time of the absence to obtain credit for the absence, may qualify to obtain credit for the absence under the following conditions:~~

~~(a) The period of a qualified absence shall be substantiated and verified in a manner required by the board of trustees;~~

~~(b) The member shall receive credit for no more than two (2) years of service under the provisions of this subsection;~~

~~(c) The member shall contribute the required percentage based on the salary received the year immediately preceding the qualified absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the absence, and by depositing an amount equal to this total in the state accumulation fund; and~~

~~(d) Credit for service obtained under this subsection shall be purchased prior to July 1, 1997.~~

~~(4)~~] Contributions permitted under this section after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

Section 18. KRS 161.5461 is amended to read as follows:

(1) Any active contributing member may purchase service credit as authorized under KRS Chapter 161 by rolling over funds from a previous plan[~~ qualified under Section 401(a) or 401(k) of the Internal Revenue Code~~] to the extent that rollovers are permitted by the rules set forth in the Internal Revenue Code. The rollovers may be made directly from a previous qualified plan or through a conduit individual retirement account as permitted by the rules set forth in the Internal Revenue Code.

(2) Any active contributing member may purchase service credit as authorized under KRS Chapter 161 by transferring funds directly from a retirement plan maintained by the Commonwealth of Kentucky[~~ and qualified under Section 401(a) or 401(k) of the Internal Revenue Code,~~] to the extent that transfers are permitted by the rules set forth in the Internal Revenue Code.

(3) The amount of any transfer or rollover purchase as permitted under subsections (1) and (2) of this section, excluding that portion credited to the medical insurance fund under KRS 161.420(5), shall be credited to the individual member's account and shall be considered accumulated contributions of the member.

Section 19. KRS 161.5465 is amended to read as follows:

On or after August 1, 1998, a member of the Teachers' Retirement System in active contributing status who has a minimum of twenty (20) years of service credit may purchase up to a maximum of five (5) years of service credit that is not otherwise purchasable under any of the provisions of KRS 161.230 to 161.716 and that meets the definition of nonqualified service as provided in Section 1526 of the Federal Taxpayer Relief Act of 1997. The member shall pay the full actuarial cost of the service credit as provided in KRS 161.220(22). The payment shall not be picked up by the employer as described in KRS 161.540(2), and the member's payment shall be credited to the member's contribution account and shall be considered accumulated contributions of the member. Payment by the member may be by lump sum or by installment payments as provided in KRS 161.597. ***Notwithstanding any other statute to the contrary, the Kentucky Teachers' Retirement System shall recognize nonqualified service credit purchased with another retirement system only to the extent that the member had an equivalent number of full months of active employment in the position covered by the other retirement system during the period that the nonqualified service was purchased.***

Section 20. KRS 161.550 is amended to read as follows:

Beginning with July 1, each employer, except as provided under KRS 161.555, shall contribute annually to the retirement system a permanent amount equal to that contributed by[~~ its employees who are~~] members of the retirement system ***it employs*** plus an additional three and one-fourths percent (3.25%) of the total of salaries of[~~ its employees who are~~] members of the retirement system ***it employs*** to discharge the system's unfunded obligations with interest assumed by the state and to provide funding to the medical insurance fund as provided under KRS 161.420(5). Each employer shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155; 161.507(4); 161.515; 161.545; ***Section 25 of this Act,*** 161.620(1), (3), (5), (6), and (7); ***Section 1 of this Act;*** and 161.553. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. Employer contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and these contributions shall be considered deferred compensation to the members.

Section 21. KRS 161.553 is amended to read as follows:

(1) The cost of providing statutory benefit improvements for annuitants may be funded by annual appropriations from the state on an actuarial amortized basis over the lifetime of the annuitants. The schedules in subsections (1)(a), (1)(b), and (1)(c) of this section are the annual appropriations which shall be made by the state for benefit improvements approved in the respective fiscal years or bienniums prior to July 1, ***2004***[~~2002~~]:

Section 23. KRS 161.560 is amended to read as follows:

(1) Each agency employing members of the retirement system shall deduct from the compensation of each member for each payroll period subsequent to the date the ***individual***[~~teacher~~] became a member, the percentage of his compensation due under the rates prescribed in KRS 161.540. No later than fifteen (15) days following the end of each payroll period, the agency shall forward all amounts deducted to the Teachers' Retirement System. The retirement system shall charge the employing agency interest at an annual rate not to exceed twelve percent (12%) for deductions not remitted within the specified fifteen (15) days. Payroll reports, contributions lists, and other data required by administrative regulation of the board of trustees shall be submitted. Employers shall submit an annual report, in compliance with requirements of the retirement system, of ***member***[~~teacher~~] contributions and periods employed to the retirement system no later than August 1 following the completion of each fiscal year. The retirement system may impose a penalty on the employer not to exceed one thousand dollars ($1,000) when the employer does not meet the August 1 reporting date. The deductions shall be made

notwithstanding the fact that the salary as a result may be less than the minimum compensation provided by law. Every member shall be deemed to consent and agree to the deductions, and the deductions shall be considered as having been paid to the member. After August 1, 1982, ***member***[~~employee~~] contributions shall be picked up by the agency pursuant to KRS 161.540(2).

(2) If an employer fails to deduct the correct retirement contribution from a member's compensation, the member may make the contribution that should have been deducted by the employer and receive retirement credit for the payment. For correction of omitted member contributions that occur more than one (1) year after the year in which the error was made, the employer shall be responsible for paying interest to the retirement system at a rate of eight percent (8%) from the end of the year in which the service was performed to the date of payment.

Section 24. KRS 161.603 is amended to read as follows:

(1) Any member retired by reason of service may waive his annuity and return to ***full-time***[~~regular~~] employment in a position covered by the Teachers' Retirement System. The member shall receive no annuity payments while employed in a covered position, ***shall waive his or her medical insurance coverage with the Kentucky Teachers' Retirement System during the period of reemployment, and shall receive the medical insurance coverage that is generally offered by the member's active employer to the other members of the retirement system employed by the active employer. The member's***[~~but shall continue to be covered by the system's hospital and medical insurance program and his~~] estate ***or, if there is a beneficiary applicably designated by the member, then the beneficiary,*** shall continue to be eligible for ***life insurance***[~~death~~] benefits as provided in KRS 161.655. Service subsequent to retirement shall not be used to improve an annuity, except as provided in subsections (2) and (3) of this section.

(2) Any member who waives regular annuity benefits and returns to teaching or covered employment shall be entitled to make contributions on the salaries received for this service and have their retirement annuity recalculated as provided in the regular retirement formula in KRS 161.620(1) less any applicable actuarial discount applied to the original retirement allowance due to the election of a joint and last survivor option. Retirement option and beneficiary designation on original retirement shall not be altered by post-retirement employment nor shall dependents and spouses of the members become eligible for benefits under KRS 161.520, 161.525, and 161.661 because of post-retirement employment.

(3) When a member returns to full-time teaching or covered employment as provided in subsection (2) of this section, the employer is required to withhold and remit regular retirement contributions. The member must be employed full-time for at least one (1) consecutive contract year to be eligible to improve an annuity. The member will be returned to the annuity rolls on July 1 following completion of the contract year or on the first day of the month following the month of termination of service if full-time employment exceeds one (1) consecutive contract year. Any discounts applied at the time of the original retirement due to service or age may be reduced or eliminated due to additional employment if full-time employment is for one (1) contract consecutive year or longer.

(4) A member retired by reason of service who has been employed the equivalent of twenty-five (25) days or more during a school year under the provisions of KRS 161.605 may waive the member's retirement annuity and return to regular employment covered by the Teachers' Retirement System during that school year a maximum of one (1) time during any five (5) year period, beginning with that school year.

Section 25. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

(1) ***Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. Service credit purchased under the provisions of Section 19 of this Act may not be used to meet the thirty (30) year requirement set forth in this subsection.***

(2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered.

(3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill

the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis.

(4) Under this section, an employer may employ full-time a number of retired members not to exceed four percent (4%) of the membership actively employed full-time by that employer. The board of trustees may reduce this four percent (4%) cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the four percent (4%) cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by subsection (21) of Section 3 of this Act. A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met.

(5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will establish a second account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under Section 16 of this Act. The second account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this second account shall be calculated pursuant to subsection (1)(b) of Section 28 of this Act. This second account shall not entitle the member to a duplication of the benefits offered under Section 30 or 33 of this Act, nor shall this second account provide the benefits offered by KRS 161.520, 161.525, Section 31 of this Act, or Section 32 of this Act. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by Section 11 of this Act.

(6) The board of trustees may annually adjust the daily rate of a member's last annual compensation, for each year that the member has been retired for a full twelve (12) month period, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations.

(7) A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer. Failure to comply with these separation-from-service requirements voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service.

(8) Members who retired on or before June 30, 2002 may, for the fiscal year concluding on June 30, 2003, be reemployed under the one hundred (100) day provisions of this section as they existed on June 30, 2002, except that members returning to work under those provisions shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under Section 16 of this Act and members' employers shall make contributions to the Kentucky Teachers' Retirement System at the rates specified under Section 20 of this Act. Those members returning to work under the one hundred (100) day provisions of this section as they existed on June 30, 2002, shall further waive their medical insurance coverage with the retirement system during the period of reemployment and will instead receive the medical insurance coverage generally provided by their active employer to other members of the retirement system that

the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. Notwithstanding any other statute to the contrary, retired members returning to work shall under no circumstances be permitted to purchase as service credit service provided under the one hundred (100) day provisions of this section as they existed on June 30, 2002.[~~Retired members may perform substitute teaching in the public schools for the equivalent of one hundred (100) days in any one (1) school year and receive compensation based on a standard salary schedule adopted by a district for all substitute teachers without reduction in retirement annuities~~].

[~~(2) A retired member may be employed as a part-time or temporary teacher in the public schools for a period not to exceed the equivalent of one hundred (100) days in any one (1) school year.~~

~~(3) Retired members may be employed part-time or temporarily in a nonteaching capacity in the public schools and receive compensation for this employment without reduction in retirement annuities, except that retired members may not be employed in excess of a one hundred (100) day period in any one (1) school year~~]

(9) The return to work limitations set forth in this section and Section 24 of this Act shall apply to retired members who are returning to work in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the ***return to work limitations set forth in this section and Section 24 of this Act***[~~one hundred (100) day limitation in this subsection~~]. The board of trustees shall determine ***whether***[~~if~~] employment in a nonteaching position ***is subject to***[~~qualifies for an exemption under~~] this subsection.

(10) The provisions of subsections (1) to (8) of this section are not subject to KRS 161.714.

(11)[~~(4)~~] Members retired from an agency listed in KRS 161.220(4)(b) ***or (n)*** may be employed in a part-time teaching capacity by one (1) of the universities ***or community colleges*** participating in the Teachers' Retirement System, not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. ***Members retired from an agency listed in subsection (4)(b) or (n) of Section 3 of this Act may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by one (1) of the universities or community colleges participating in the Teachers' Retirement System in a position that would otherwise be covered by the retirement system. None of these members shall be subject to the return to work provisions set forth in subsections (1) to (8) of this section.***

[~~(5)~~] Calculation of the number of days for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service.

(12)[~~(6)~~] When a retired member returns to employment ***in***[~~as~~] a part-time ***teaching capacity***[~~teacher~~] or in a nonteaching capacity as provided in ***subsection (11)***[~~subsections (2), (3), and (4)~~] of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for ***retired members who return to work under subsection (11) of this section***[~~nonuniversity and university members.~~

~~(7) The board of trustees shall provide for reemployment of retired members as full-time teachers or in a nonteaching capacity under the following conditions:~~

~~(a) A retired teacher or administrator may return to full time teaching in a position that has been determined by the commissioner of education to be a critical shortage area as defined in KRS 156.106 and for which the person is certified. When the commissioner of education certifies to the retirement system that qualified applicants are not available to fill teaching or administrative positions in critical academic subject areas, grade levels, or geographic areas, local school districts may employ, as full time employees, during a school fiscal year, up to a maximum of two (2) retired members, or one percent (1%) of the total active members of the retirement system in a school district, whichever is greater. Retired members who are reemployed in a full-time position covered by the retirement system shall be rehired on a one (1) year contract in a district other than the one from which they retired following an absence of at least three (3) months or in the same district from which they retired following an absence of at least one (1) year.~~

~~(b) Retired members reemployed under this subsection shall remain eligible to receive their retirement annuity.~~

~~(c) Retired members reemployed under this subsection shall waive their health insurance coverage with the retirement system during the period of reemployment and receive health insurance coverage that is provided to regular full-time employees of the district.~~

~~(d) Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at rates determined by the retirement system's actuary that reflect accrued liability for nonuniversity members.~~

~~(e) Retirees who are reemployed under this provision shall make retirement contributions to the retirement system at~~

~~rates specified under KRS 161.540 and the employer shall make contributions to the retirement system at rates specified under KRS 161.550. The member's entire contribution and a matching amount from the employer's contribution shall be placed in a separate defined contribution fund administered by the retirement system, with annual interest applied at the actuarially assumed rate. When the retiree's reemployment terminates, the total contributions with interest will be paid in a lump sum or on a monthly straight life basis to the retiree. If the member dies before retiring, the designated beneficiary shall receive a refund, and if there is a remaining balance at the death of the member after retirement, it shall be paid to the beneficiary designated by the member for this benefit.~~

~~(f) The provisions pertaining to the reemployment of retired members as full-time employees shall be granted by the board of trustees when it is deemed necessary to assist school districts in filling teaching or nonteaching positions in critical academic or geographic areas and when doing so would not create a significant negative impact on the funding status of the retirement system. The provisions of this subsection are optional with the board of trustees and shall not be covered under KRS 161.714]~~.

Section 26. KRS 161.611 is amended to read as follows:

(1) The board of trustees is authorized to provide a supplemental retirement benefit plan for the sole purpose of enabling the employer to apply the same formula for determining benefits payable to all ***members of***~~[employees covered by]~~ the retirement system ***employed by the employer***, whose benefits under the retirement system are limited by Section 415 of the Internal Revenue Code of 1986, as amended from time to time. This plan is intended to constitute a qualified governmental excess benefit plan as described in Section 415 of the Internal Revenue Code.

(2) The board of trustees shall administer this plan and have full discretionary fiduciary authority to determine all questions in connection with the plan. The board of trustees may adopt procedural rules and administrative regulations and may employ and rely on any legal counsel, actuaries, accountants, and agents as it deems advisable to assist in the administration of this plan.

(3) All members and retired former members in the retirement system shall be eligible to participate in this plan whenever their benefits under the retirement system would exceed the limitation on benefits imposed by Section 415 of the Internal Revenue Code.

(4) On or after the effective date of this plan, the employer shall pay to each eligible member in the retirement system who retires on or after that date and to each former member who retired before that date and his or her beneficiaries a supplemental pension benefit, equal to the amount by which the benefit that would have been payable under the retirement system, without regard to any provision therein incorporating the limitation on benefits imposed by Section 415 of the Internal Revenue Code, exceeds the benefit actually payable, taking into account the limitation imposed on the retirement system by Section 415 of the code. These supplemental pension benefits shall be computed and payable under the same terms and conditions and to the same person as the benefits payable to, or on account of, an eligible member under the retirement system.

(5) Benefits payable under this plan shall not be subject to the dollar limit applicable to eligible deferred compensation plans under Section 457 of the Internal Revenue Code, nor to the "substantial risk or forfeiture" rules of Section 457(f) of the code applicable to ineligible deferred compensation plans. In addition, benefits payable under this plan shall not be taken into account in determining whether any other plan of the employer is an eligible deferred compensation plan under Section 457 of the code.

(6) Funding of benefits payable under this plan shall be provided by the state, as employer, and shall be segregated from funds that are maintained by the retirement system for payment of the regular benefits provided by the retirement system. The employer may establish a grantor trust for payment of benefits provided under this plan, with the employer treated as "grantor" thereof for purposes of Section 677 of the Internal Revenue Code. The rights of any person to receive benefits under this plan are limited to those of a general creditor of the employer.

Section 27. KRS 161.615 is amended to read as follows:

(1) The board of trustees is authorized to implement a limited defined contribution plan for the sole purpose of providing retirement allowance payments for retired members who have been approved by the retirement system for full-time reemployment as provided in KRS 161.605.

(2) The defined contribution plan shall be administered separately from the regular benefits provided for members of the retirement system, except that the contributions to the plan shall be invested in the same manner as other contributions to the retirement system.

(3) ***The provisions of this section apply only to those retired members who were permitted to return to work under the critical shortage provisions of KRS 161.605(7) as they existed on June 30, 2002. The provisions of this section shall not apply to any retired member returning to work on or after July 1, 2002***~~[All retired members of the retirement system who are approved by the retirement system for full-time reemployment as provided in KRS 161.605 shall be eligible to participate in the plan]~~.

(4) Separate member accounts shall be maintained for participants in this plan which shall reflect the annual contributions made to the participant's account based on the rates and interest levels specified in KRS 161.605.

(5) When the retiree's reemployment terminates, the total contributions and accrued interest in the participant's account will be paid in a lump sum payment or on an actuarial straight life monthly basis to the retiree. If the member dies prior to making application for a retirement allowance under this plan, the beneficiary designated by the participant for this plan shall receive a refund of the funds in the account. If there is a remaining balance in the account at the death of the participant after retirement from this plan, it shall be paid to the beneficiary designated by the participant for this benefit.

(6) Retired members shall be eligible to receive their retirement annuity when approved for reemployment and participation in this plan. Service as a reemployed retiree may not be used in any manner for credit under the regular retirement benefit plans provided by the retirement system.

Section 28. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1998, and thereafter, ***except as otherwise provided by this section,*** the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed ***by members of***[~~at state colleges or universities that participate in~~] the Teachers' Retirement System ***who are members under the provisions of subsection (4)(b) or (n) of Section 3 of this Act*** shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section; and

(b) ***For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under subsection (4)(b) or (n) of Section 3 of this Act, and who upon retirement have earned less than ten (10) full years of service credit, the retirement allowance shall be two percent (2%) of the member's final average salary for each year of service. For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under subsection (4)(b) or (n) of Section 3 of this Act, and who upon retirement have earned at least ten (10) full years of service credit, the annual allowance for each year of service shall be two and one-half percent (2.5%) of the member's final average salary.***

(c) ***The board of trustees may approve for members who initially retire on or after July 1, 2004, except those persons who are members under subsection (4)(b) or (n) of Section 3 of this Act, a retirement allowance of three percent (3%) of the member's final average salary for each year of service credit earned in excess of thirty (30) years. This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. This subsection is optional with the board of trustees and shall not be subject to KRS 161.714.***

(d) The retirement allowance of a member at retirement shall not exceed the member's last annual compensation or the member's final average salary, whichever is the greater amount.

(2) Effective July 1, ***2002***[~~1990~~], and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option[~~ who has been retired at least ten (10) months~~] shall be increased in the amount of one and one-half percent (1.5%)***, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase***.

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than ***four hundred dollars ($400) effective July 1, 2002, and not less than four hundred forty dollars ($440) effective July 1, 2003***[~~three hundred twenty-five dollars ($325) effective July 1, 2000, and three hundred thirty-five dollars ($335) effective July 1, 2001~~], multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection.

(4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.

(5) Effective July 1, ***2002***[~~2000~~], the monthly allowance of each ***retired*** member[~~ retired for at least one (1) year,~~] and each recipient of a retirement option of the retired member ***may***[~~shall~~] be increased in an amount not to exceed ***one and four-tenths percent (1.4%)***[~~eight tenths of one percent (0.8%)~~] of the monthly allowance in effect the previous month***, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by***

each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the ***2002-2004***[~~2000-2002~~] biennium budget appropriation.

(6) Effective July 1, ***2003***[~~2001~~], the monthly allowance of each ***retired*** member[~~ retired for at least one (1) year,~~] and each recipient of a retirement option of the retired member ***may***[~~shall~~] be increased in an amount not to exceed one ***and one-half*** percent ***(1.5%)***[~~(1.0%)~~] of the monthly allowance in effect the previous month***, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase***. The level of increase provided for in this subsection shall be determined by the funding provided in the ***2002-2004***[~~2000-2002~~] biennium budget appropriation.

(7) Effective July 1, 1990, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code[~~ as enacted in 1988~~].

(9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's[~~ regular~~] retirement annuity[~~ but shall be used in determining retirement allowance payments under the supplemental retirement plan of the retirement system which is intended to constitute a qualified governmental excess benefit plan as provided in Section 415 of the Internal Revenue Code~~]. The limitation on compensation for eligible members shall not be less than the amount which was allowed to be taken into account by the retirement system in effect on July 1, 1993. For this purpose, an eligible member is an individual who was a member of the retirement system before the first plan year beginning after December 31, 1995.

Section 29. KRS 161.623 is amended to read as follows:

(1) Effective July 1, 1982, and thereafter, a district board of education or other employer of members of the Teachers' Retirement System may compensate, at the time of retirement for service, an active ***contributing member***[~~teacher~~] for unused sick-leave days in accordance with this section.

(2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. Such sick-leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance[~~ under KRS 161.600~~].

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(9) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

(7) Payments to the retirement system for service credit obtained under this section or for compensation credit obtained under KRS 161.155(9) shall be based on the full actuarial cost as defined in KRS 161.220(22).

Section 30. KRS 161.655 is amended to read as follows:

(1) Effective July 1, 2000, the Teachers' Retirement System shall provide a life insurance benefit in a minimum amount of five thousand dollars ($5,000) for its members who are retired for service or disability. This life insurance ***benefit***[~~policy~~] shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system. The Teachers' Retirement System shall provide a life insurance benefit in a minimum amount of two thousand dollars ($2,000) for its active contributing members. This life insurance ***benefit***[~~policy~~] shall be payable upon the death of an active contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system. Application for payment of life insurance

proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.

(2) Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

Section 31. KRS 161.661 is amended to read as follows:

(1) Any member who has completed five (5) or more years of accredited service in the public schools of Kentucky after July 1, 1941, may retire for disability and be granted a disability allowance if found to be eligible as provided in this section. Application for disability benefits shall be made within one (1) year of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of employment in a position covered by the Teachers' Retirement System and subsequent to the completion of five (5) years of teaching service in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service. The annual disability allowance shall be equal to sixty percent (60%) of the member's final average salary***. Members with twenty-seven (27) or more years of service credit are eligible for service retirement only***[~~, except that a member retiring for disability who is also eligible for service retirement may elect to have the benefit calculated on the service retirement formula and may choose any of the retirement options provided for service retirement~~].

(2) The provisions of KRS 161.520, 161.525, and subsections (3), (4), and (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of these members.

(3) Members shall earn one (1) year of entitlement to disability retirement, at sixty percent (60%) of the member's final average salary, for each four (4) years of service in a covered position, but any member meeting the service requirement for disability retirement shall be credited with no less than five (5) years of eligibility.

(4) A member retired by reason of disability shall continue to earn service credit at the rate of one (1) year for each year retired for disability. This service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of a medical review committee, and this service shall be used in calculating benefits as provided in subsection (5) of this section***, but under no circumstances shall this service be used to provide the member with more than twenty-seven (27) years of total service credit***. The service credit shall be valued at the same level as service earned by active members ***as provided under KRS 161.600 and Section 28 of this Act***.

(5) Any member retired by reason of disability and remaining disabled at the expiration of the entitlement period shall have his disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) of this section. The retirement allowance shall be calculated as set forth in KRS 161.620, except that those persons less than sixty (60) years of age shall be considered as sixty (60) years of age. ***Members having their disability benefits recalculated under this subsection shall not be entitled to a benefit based upon an average of their three (3) highest salaries as set forth in subsection (9) of Section 3 of this Act, unless approved otherwise by the board of trustees.***

(6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy (70) or until the member's eligibility is discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period. Members who have their disability retirement allowance recalculated at the expiration of their entitlement period shall be entitled to a minimum monthly allowance of five hundred dollars ($500) as the basic straight life annuity. The minimum allowance shall be effective July 1, 1992, and shall apply to those members who have had their allowance recalculated prior to that date and to disability retirees who will have their benefit allowance recalculated on or after that date.

(7) Effective July 1, 1992, members retired for disability prior to July 1, 1964, shall be entitled to a minimum monthly allowance of five hundred dollars ($500) as their basic straight life annuity and their surviving spouse shall be eligible for survivor benefits as provided in KRS 161.520(1)(a) and (b).

(8) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or any member, who is age sixty (60) years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.

(9) In order to qualify for retirement by reason of disability a member must suffer from a physical or mental condition presumed to be permanent in duration and of a nature as to render the member incapable of being gainfully employed in a covered position. The incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of a medical review committee.

(10) A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of a medical review committee indicate the disability no longer exists, the allowance shall be discontinued.

(11) Eligibility for payment shall begin on the first day of the month following receipt of the application in the Teachers' Retirement System office, or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.

(12) No person who receives a disability allowance may be employed in a position that entails duties or qualification requirements similar to positions subject to participation in the retirement system either within or without the State of Kentucky. So doing shall constitute a misdemeanor and shall result in loss of the allowance from the first date of this service. ***A member who applies for and is approved for disability retirement on or after July 1, 2002, and whose annual disability benefit is less than thirty thousand dollars ($30,000) may earn income in any occupation other than covered employment only to the extent that the annual income from the other employment when added to the annual disability benefit does not exceed thirty thousand dollars ($30,000). For any member who exceeds this limit as a result of income from other employment, the Kentucky Teachers' Retirement System shall reduce the member's disability benefit on a dollar-for-dollar basis for each dollar that the member's combined annual disability benefit and annual income from other employment exceeds thirty thousand dollars ($30,000). The board of trustees may annually increase the thirty thousand dollar ($30,000) limit by the percentage increase in the annual average of the consumer price index for all urban consumers for the most recent calendar year as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%). All members who applied for disability retirement before July 1, 2002, and were approved as a result of that application shall be subject to the income limitations as they existed on June 30, 2002.*** The recipient of a disability allowance who engages in any gainful occupation other than covered employment must make a report of the duties involved, compensation received, and any other pertinent information required by the board of trustees.[~~ If the annual income from other employment plus the disability benefit exceed the sum of twenty-seven thousand dollars ($27,000) or the last earned compensation, whichever is the greater amount, the benefit shall be reduced to an amount which with earned income will not exceed the last earned compensation or twenty-seven thousand dollars ($27,000), whichever is the greater amount. In no case shall the benefit be reduced to less than seventy-five dollars ($75) per month, if the member has five (5) or more years of contributing service in the Teachers' Retirement System.~~]

(13) The board of trustees shall designate medical review committees, each consisting of three (3) licensed physicians. A medical review committee shall pass upon all applications for disability retirement and upon all ***applicant*** statements, ***medical*** certifications, and examinations submitted in connection with disability applications. The disposition of each case shall be recommended by a medical review committee in writing to the ***retirement system***[~~board of trustees~~]. Members of a medical review committee shall follow administrative regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The ***retirement system***[~~board of trustees~~] may secure additional medical ***examinations***[~~service~~] and information as it deems necessary. ***A member may appeal any final agency decision denying his or her disability retirement application pursuant to the provisions of subsection (2) of Section 4 of this Act***[~~The board of trustees shall promulgate administrative regulations that specify member appeal procedures~~].

(14) A disability may be presumed to be permanent if the condition creating the disability may be reasonably expected to continue for one (1) year or more from the date of application for disability benefits.

(15) Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of a medical review committee, may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve (12) months of the date disability benefits terminated. If the termination of benefits were voluntary, the reinstatement may be made without medical examination if application is made within three (3) months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

(16) No person who is receiving disability benefits under this section may be employed in a position which qualifies the person for membership in a retirement system financed wholly or in part with public funds. Employment in a position prohibited by this subsection shall result in disqualification for those disability benefits from the date of employment in the prohibited position.

(17) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section***, or becomes disqualified from receiving a portion of those benefits due to income from other than covered employment,*** shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits. ***The Kentucky Teachers' Retirement System may, in order to collect an outstanding debt, reduce or terminate any benefit that a member is otherwise entitled to receive.***

Section 32. KRS 161.663 is amended to read as follows:

Any active contributing member with less than five (5) years of Kentucky service may apply and be approved for disability retirement under KRS 161.661 if the member is found to be mentally or physically incapacitated as a result of ***a single, traumatic, physical***[~~an~~] injury related directly to their covered employment. All conditions and restrictions specified under KRS 161.661 shall be applicable, except that the initial annual disability allowance shall be equal to fifty percent (50%) of the member's current annual contract salary and the member's last annual contract salary shall be used in lieu of the final average salary in the recalculation of the member's benefit at the expiration of the eligibility period.

Section 33. KRS 161.675 is amended to read as follows:

(1) The board of trustees shall arrange by appropriate contract or on a self-insured basis to provide a broad program of group hospital and medical insurance for present and future eligible recipients of a retirement allowance from the Teachers' Retirement System. The board of trustees may also arrange to provide health insurance coverage by health maintenance organizations as defined in KRS 18A.225 as an alternative to group hospital and medical insurance for persons eligible for hospital and medical benefits under this section. The board of trustees may authorize present and future eligible recipients of a retirement allowance from the Teachers' Retirement System who are less than age sixty-five (65) to be included in the state-sponsored health insurance that is provided to active teachers and state employees under KRS 18A.225. Members who are sixty-five (65) or older and retired for service shall not be eligible to participate in the state employee health insurance program as described in KRS 18A.225.

(2) The coverage provided shall be as set forth in the contracts and the administrative regulations of the board of trustees. The board of trustees may change the levels of coverage and eligibility conditions to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and administrative regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital, and miscellaneous hospital costs. ***An annuitant***[~~A retiree~~] whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years creditable Kentucky service in the Teachers' Retirement System or ***five (5) years of combined creditable service in the state-administered retirement systems if the member is retiring under the reciprocity provisions of KRS 61.680 and 61.702. A member retiring under the reciprocity provisions of KRS 61.680 and 61.702 may not elect coverage through more than one (1) of the state-administered retirement systems***[~~of combined service in the Kentucky Employees Retirement System, of which at least two (2) years was creditable service under KRS 161.607(2), to qualify for the coverage~~]. The board of trustees shall offer coverage to the disabled child of ***an annuitant***[~~a retired member~~] regardless of the disabled child's age if the ***annuitant***[~~retired member~~] pays the entire premium for the disabled child's coverage. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(3) All expenses for benefits under this section shall be paid from the funding provisions contained in KRS 161.420(5), premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute.

(4) (a) The board of trustees shall determine the amount of health insurance supplement payments that the Teachers' Retirement System will provide to assist eligible ***annuitants***[~~recipients of a retirement allowance~~] in paying the cost of their health insurance, based on the funds available in the medical insurance fund. The board of trustees shall establish the maximum monthly amounts of health insurance supplement payments that will be made by the retirement system for eligible ***annuitants***[~~recipients of a retirement allowance~~]. The board of trustees shall annually establish the percentage of the maximum monthly health insurance supplement payment that will be made, based on age and years of service credit of eligible recipients of a retirement allowance. Monthly health insurance supplement payments made by the retirement system may not exceed the amount of the single coverage insurance premium chosen by the eligible ***annuitants***[~~recipients of a retirement allowance~~]. In order to qualify for health insurance supplements made by the retirement system, the ***annuitant***[~~recipient of a supplement payment~~] must agree to pay the difference between the insurance premium and the applicable supplement payment, by payroll deduction from his retirement allowance, or by a payment method approved by the retirement system.

(b) The board of trustees may offer, on a full-cost basis, health care insurance coverage provided by the retirement system to spouses and dependents of eligible ***annuitants***[~~retirees~~] not ***otherwise*** eligible for regular coverage. Recipients of a retirement allowance from the retirement system must agree to pay the cost of this coverage by payroll deduction from their retirement allowance or by a payment method approved by the retirement system.

(c) The board of trustees shall offer, on a full-cost basis, health insurance coverage provided by the retirement system to the disabled child of ***an annuitant***[~~a retired member~~], regardless of the age of the disabled child. A child shall be considered disabled for purposes of this section if the child has been determined to be eligible for federal Social Security disability benefits.

(5) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the hospital and medical insurance program. The board of trustees is empowered to pay the expenses for insurance coverage from the medical insurance fund, from the premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute. The board may provide insurance coverage by making payment to insurance carriers including health insurance plans that are available to active and retired state employees and active teachers, institutions, and individuals for services performed, or the board of trustees may elect to provide insurance on a "self-insurance" basis or a combination of these provisions.

(6) The board of trustees may approve health insurance supplement payments to eligible ***annuitants***[~~retirees or recipients~~] who are less than sixty-five (65) years of age, as reimbursement for hospital and medical insurance premiums made by ***annuitants***[~~retirees~~] for their individual coverage. Eligible ***annuitants***[~~retirees~~] or recipients are those ***annuitants***[~~retirees~~

~~or recipients~~] who are not eligible for Medicare and who do not reside in Kentucky or in an area outside of Kentucky where comparable coverage is available. The reimbursement payments shall not exceed the minimum supplement payment that would have been made had the ***annuitant***[~~retiree~~] lived in Kentucky. Eligible ***annuitants***[~~retirees~~] or recipients shall submit proof of payment to the retirement system for hospital and medical insurance that they have obtained. Reimbursement payments shall be made on a quarterly basis.

(7) Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(8) The board of trustees is empowered to promulgate administrative regulations to assure efficient operation of the hospital and medical insurance program.

(9) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

(10) In the event that a member is providing services on less than a full-time basis under Section 25 of this Act, the retirement system may pay the full cost of the member's health insurance coverage for the full fiscal year that the member is providing those services, at the conclusion of which, the retirement system may then bill the active employer and the active employer shall reimburse the retirement system for the cost of the health insurance coverage incurred by the retirement system on a pro rata basis for the time that the member was employed by the active employer.

Section 34. KRS 161.700 is amended to read as follows:

(1) The right of a ***member***[~~teacher~~] to a retirement allowance and to the return of contributions, any benefit or right accrued or accruing to any person under the retirement system, and the money in the various funds of the retirement system are exempt from any state or municipal tax, are not subject to execution, garnishment, attachment, or other process, and are unassignable except as provided in this chapter, and except for court or administratively ordered current child support, owed child support, or to-be-owed child support. Except retirement benefits accrued or accruing to any person under this retirement system on or after January 1, 1998, shall be subject to the tax imposed by KRS 141.020, to the extent provided in KRS 141.010 and 141.0215.

(2) Retirement allowance, disability allowance, accumulated contributions, or any other benefit under the retirement system shall not be classified as marital property pursuant to KRS 403.190(1). Retirement allowance, disability allowance, accumulated contributions, or any other benefit under the retirement system shall not be considered as an economic circumstance during the division of marital property in an action for dissolution of marriage pursuant to KRS 403.190(1)(d).

Section 35. KRS 18A.225 is amended to read as follows:

(1) (a) The term "health maintenance organization" for the purposes of this section means a health maintenance organization as defined in KRS 304.38-030 or as a nonprofit hospital, medical-surgical, dental, and health service corporation, which has been licensed by the Kentucky Health Facilities and Health Services Certificate of Need and Licensure Board or its successor agency and issued a certificate of authority by the Department of Insurance as a health maintenance organization or as a nonprofit hospital, medical-surgical, dental, and health service corporation and which is qualified under the requirements of the United States Department of Health, Education and Welfare except as provided in subsection (2) of this section; and

(b) The term "state employee" for purposes of this section shall include a person, including an elected public official, who is regularly employed by any department, board, agency, branch of state government, or any municipal, urban-county, charter county, or county government, whose legislative body has opted to participate in the state health insurance program pursuant to KRS 79.080 and who is a contributing member to any one (1) of the retirement systems administered by the state. It shall also include a person who must fulfill the requirements established by the Kentucky Board of Education for eligibility and a person who is a present or future recipient of a retirement allowance from any of the Kentucky Retirement Systems who either satisfies the requirements of KRS 61.559 or who is board authorized under KRS 61.702(1), including a beneficiary of a retired employee as defined in KRS 61.542 who is receiving a retirement allowance from any of the Kentucky Retirement Systems and includes members of the Legislators' Retirement Plan as provided in KRS 18A.2287. It shall also include a person who is a present or future recipient of a retirement allowance from the Teachers' Retirement System of Kentucky who either satisfies the requirements of KRS 161.525, 161.620, and 161.675 or who is board certified, including a beneficiary of a retired member who is receiving a retirement allowance from the Teachers' Retirement System of Kentucky, except that a member who is receiving a retirement allowance from the Teachers' Retirement System and who is age sixty-five (65) or older shall not be included ***unless that member is reemployed in a position covered by any one (1) of the state-administered retirement systems***.

(2) (a) The secretary of the Finance and Administration Cabinet, upon the recommendation of the secretary of the Personnel Cabinet, shall procure, in compliance with the provisions of KRS 45A.080, 45A.085, and 45A.090, from one (1) or more health insurance companies or from one (1) or more health maintenance organizations authorized to do business in this state, a policy or policies of group health care coverage including, but not limited to, indemnity, health maintenance organization (HMO), preferred provider organization (PPO), point of service

(POS), and exclusive provider organization (EPO) benefit plans encompassing all or any class or classes of state employees. Health insurance coverage provided to state employees under this section shall, at a minimum, contain the same benefits as provided under Kentucky Kare Standard as of January 1, 1994. All state employees and other persons for whom the health care coverage is provided or made available shall annually be given an option to elect health care coverage through a self-funded plan offered by the state or, if a self-funded plan is not available, from a list of coverage options determined by the competitive bid process under the provisions of KRS 45A.080, 45A.085, and 45A.090 and made available during annual open enrollment. For calendar year 2001 only, an emergency shall exist when any county in which only one (1) health insurance company offers a single plan to state employees and, subsequent to the open enrollment period, the health insurance company fails to maintain at least sixty-five percent (65%) of its contracts within the geographic region with specialty physicians who were participating in the network at the time of open enrollment. The Finance and Administration Cabinet shall immediately notify the Governor, the Legislative Research Commission, and the secretary of the Personnel Cabinet and shall be authorized to immediately negotiate and contract with additional health insurance companies for additional plans to serve any county without meeting the requirements of the Model Procurement Code under KRS Chapter 45.

(b) The policy or policies shall be approved by the commissioner of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws.

(c) Any carrier bidding to offer health care coverage to members of the state group shall agree to provide coverage to all members of the state group, including both active employees and retirees within the county or counties specified in its bid. Furthermore, any carrier bidding to offer health care coverage to members of the state group shall also agree to rate all such members of the state group as a single entity, except for those retirees whose former employers insure their active employees outside the state health insurance program.

(d) Any carrier bidding to offer health care coverage to any member of the state group shall agree to provide enrollment, claims, and utilization data to the Commonwealth in a format specified by the Personnel Cabinet with the understanding that the data shall be owned by the Commonwealth; to provide data in an electronic form and within a time frame specified by the Personnel Cabinet; and to be subject to penalties for noncompliance of data reporting requirements as specified by the Personnel Cabinet. The Personnel Cabinet shall take strict precautions to protect the confidentiality of each individual member; however, confidentiality assertions shall not relieve a carrier from the requirement of providing stipulated data to the Commonwealth.

(e) The Personnel Cabinet shall develop the necessary techniques and capabilities for timely analysis of data received from carriers and, to the extent possible, provide in the request-for-proposal specifics relating to data requirements, electronic reporting, and penalties for noncompliance. The Commonwealth shall own the enrollment, claims, and utilization data provided by each carrier and shall develop methods to protect the confidentiality of the individual. The Personnel Cabinet shall provide to the General Assembly in June of each year an analysis of enrollment, claims, utilization data of all carriers for the prior plan year ending December 31, and on the financial stability of the program. The report shall include, but not be limited to, loss ratios, methods of risk adjustment, measurements of carrier quality of service, prescription coverage and cost management, paid dependent coverage, and statutorially required mandates. If state self-insurance was available as a carrier option, the report also shall provide a detailed financial analysis of the self-insurance fund including, but not limited to, loss ratios, reserves, and reinsurance agreements.

(f) If any agency participating in the state employee health insurance program for its active members terminates participation in the state employee health insurance program for its active members and there is a state appropriation for the employer's contribution for active employees' health insurance coverage, neither the agency nor the employees shall receive the state-funded contribution after termination from the state employee health insurance program.

(g) Any funds in flexible spending accounts that remain after all reimbursements have been processed shall be transferred to the credit of the state health insurance plan's appropriation account.

(3) The secretary of the Finance and Administration Cabinet, upon the recommendation of the secretary of the Personnel Cabinet, may procure from one (1) or more dental insurance companies, one (1) or more nonprofit hospital, medical-surgical, dental, and health service corporations organized under Subtitle 32 of KRS Chapter 304, or one (1) or more prepaid dental plan organizations organized under Subtitle 43 of KRS Chapter 304, a policy or policies of group dental insurance or prepaid dental plan coverage encompassing all or any class or classes of state employees. All state employees for whom the dental insurance or prepaid dental plan coverage is provided shall annually be given an option to elect either standard dental insurance coverage or coverage by a prepaid dental plan. The policy or policies shall be approved by the commissioner of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws. It is intended that either dental insurance or prepaid dental plan coverage may be made available for state employees, except that the procuring of each is permissive.

(4) The premiums may be paid by the policyholder:

(a) Wholly from funds contributed by the insured employee, by payroll deduction or otherwise;

(b) Wholly from funds contributed by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government; or

(c) Partly from each, except that any premium due for health care coverage or dental coverage, if any, in excess of the premium amount contributed by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government for any other health care coverage shall be paid by the employee.

(5) If an employee moves his place of residence or employment out of the service area of a managed health care plan or of a prepaid dental plan, under which he has elected coverage, into either the service area of another managed health care plan or prepaid dental plan or into an area of the state not within a managed health care plan service area or prepaid dental plan service area, the employee shall be given an option, at the time of the move or transfer, to change his or her coverage to another health care plan or dental plan.

(6) No payment of premium by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government shall constitute compensation to an insured employee for the purposes of any statute fixing or limiting the compensation of such an employee. Any premium or other expense incurred by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government shall be considered a proper cost of administration.

(7) The policy or policies may contain the provisions with respect to the class or classes of employees covered, amounts of insurance or coverage for designated classes or groups of employees, policy options, terms of eligibility, continuation of insurance or coverage after retirement, and other provisions the commissioner of insurance may approve.

(8) The policy or policies shall contain the provision that employees or retired employees shall be allowed to change health care plans during the reopening period without any limitation for pre-existing conditions if the employee has met the pre-existing condition limitation upon initial employment or reemployment with the group.

(9) The secretary of the Finance and Administration Cabinet is authorized to perform all acts necessary or advisable for the purpose of contracting for and maintaining health care coverage and dental coverage under the provisions of this section.

(10) Group rates under this section shall be made available to the disabled child of a state employee regardless of the child's age if the entire premium for the disabled child's coverage is paid by the state employee. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(11) The health care contract or contracts for state employees shall be entered into for a period of not less than one (1) year.

(12) The secretary shall appoint twenty-eight (28) persons to an Advisory Committee of State Health Insurance Subscribers to advise the secretary or his designee regarding the state health insurance program for state employees. The secretary shall appoint, from a list of names submitted by appointing authorities, members representing school districts from each of the seven (7) Supreme Court districts, members representing state government from each of the seven (7) Supreme Court districts, two (2) members representing retirees under age sixty-five (65), one (1) member representing local health departments, two (2) members representing the Kentucky Teachers' Retirement System, and three (3) members at large. The secretary shall also appoint two (2) members from a list of five (5) names submitted by the Kentucky Education Association, two (2) members from a list of five (5) names submitted by the largest state employee organization of nonschool state employees, and two (2) members from a list of names consisting of five (5) names submitted by each state employee organization that has two thousand (2,000) or more members on state payroll deduction. The advisory committee shall be appointed in January of each year and shall meet quarterly.

(13) Notwithstanding any other provision of law to the contrary, the policy or policies provided to state employees pursuant to this section shall not provide coverage for obtaining or performing an abortion, nor shall any state funds be used for the purpose of obtaining or performing an abortion on behalf of state employees or their dependents.

(14) Interruption of an established treatment regime with maintenance drugs shall be grounds for an insured to appeal a formulary change through the established appeal procedures approved by the Personnel Cabinet, if the physician supervising the treatment certifies that the change is not in the best interests of the patient.

Section 36. Whereas, retirement annuity adjustments are implemented at the beginning of the fiscal year, an emergency is declared to exist, and this Act takes effect July 1, 2002.

HB 684, AN ACT relating to student financial aid.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 164.7535 is amended to read as follows:

Notwithstanding KRS 164.753(4)(d), the Kentucky Higher Education Assistance Authority may award college access program grants pursuant to KRS 164.753(4), to the extent funds are available for the purpose, to financially needy part-time and full-time undergraduate students***, including students enrolled in a program of study designated as an equivalent undergraduate program of study by the Council on Postsecondary Education in an administrative regulation,*** enrolled or accepted for enrollment at participating institutions that are colleges, business schools, schools of nursing, or vocational schools located within the Commonwealth. Grants under this section to recipients attending colleges shall be awarded only for attendance in a program of study of at least two (2) academic years' duration that leads to a degree, and shall not exceed the prevailing amount charged for tuition at publicly-supported community colleges in Kentucky. Grants under this section shall be awarded to students enrolled or accepted for enrollment at publicly-operated vocational-technical institutions only for attendance in a program of study of at least two (2) academic years' duration that leads to a certificate or diploma. Awards to recipients attending business schools, schools of nursing, or vocational schools shall not exceed the prevailing amount charged for tuition at publicly-operated vocational-technical institutions in Kentucky. The provisions of this section shall not limit the authority's capability to use funds appropriated for this purpose to match federal funds, make grant awards, adopt administrative regulations that conform to the requirements of federal laws and regulations for full participation in federally-funded student financial assistance programs.

Section 2. KRS 164.7881 is amended to read as follows:

(1) Eligible high school students who have graduated from high school and eligible postsecondary students who have earned a Kentucky educational excellence scholarship, a Kentucky educational excellence scholarship and a supplemental award, or a supplemental award only pursuant to KRS 164.7879(3)(c), shall be eligible to receive the Kentucky educational excellence scholarship, the Kentucky educational excellence scholarship and the supplemental award, or a supplemental award only for a maximum of eight (8) academic terms in an undergraduate or other postsecondary program of study at a participating institution, except as provided in subsection (6) of this section.

(2) To receive the Kentucky educational excellence scholarship, a Kentucky educational excellence scholarship and supplemental award, or a supplemental award only, an eligible high school or postsecondary student shall:

(a) Enroll in and attend a participating institution as a full-time student or a part-time student; and

(b) Maintain eligibility as provided in subsection (3) of this section.

(3) Eligibility for a Kentucky educational excellence scholarship or a Kentucky educational excellence scholarship and supplemental award shall terminate upon the earlier of:

(a) The expiration of five (5) years following the student's graduation from high school, except as provided in subsection (5) or (6) of this section; or

(b) The successful completion of an undergraduate or other postsecondary course of study. However, any student who successfully completes the requirements for a degree or certification involving a postsecondary course of study that normally requires less than eight (8) academic terms to complete may continue to receive the benefits of a Kentucky educational excellence scholarship, a Kentucky educational excellence scholarship and supplemental award, or a supplemental award only, for a cumulative total of eight (8) academic terms if the student enrolls as at least a part-time student in a four (4) year program.

(4) (a) The maximum award amount shall be determined by the council and shall be adjusted as provided in this subsection. The award amount ultimately determined to be available to an eligible postsecondary student for an award period shall be disbursed by the authority to the eligible postsecondary student in two (2) installments, with one (1) installment being disbursed in each of the two (2) academic terms during the award period.

(b) The authority shall, by promulgation of administrative regulations, provide for the proportionate reduction of the maximum award amount for an eligible postsecondary student for any academic term in which the student is enrolled on a part-time basis. Each academic term for which any scholarship or supplemental award funds are accepted by an eligible postsecondary student shall count as a full academic term, even if the award amount was reduced to reflect the part-time status of the eligible postsecondary student.

(c) 1. An eligible postsecondary student who is enrolled full-time in an undergraduate program of study***, or in a program of study designated as an equivalent undergraduate program of study by the Council on Postsecondary Education in an administrative regulation,*** shall receive the maximum award amount for the first award period that the student is enrolled in and attending the program of study. To retain the maximum award for the second award period, an eligible postsecondary student shall have at least a 2.5 grade point average at the end of the first award period. To retain the maximum award amount for subsequent award periods, an eligible postsecondary student shall have a cumulative grade point average of 3.0 or greater at the end of the prior award period.

2. Any eligible postsecondary student who maintains a cumulative grade point average of less than 3.0 but at least 2.5 at the completion of any award period shall receive a reduction in the maximum award amount equal to fifty percent (50%) of the maximum award amount for the next award period.

3. Any eligible postsecondary student who maintains a cumulative grade point average of less than 2.5 at the completion of any award period shall lose his or her award for the next award period.

4. Each participating institution shall certify to the authority at the close of each award period the cumulative grade point average of each Kentucky educational excellence scholarship recipient enrolled as a full-time or part-time student at the participating institution.

5. Any student who loses eligibility through failure to maintain the required cumulative grade point average may regain eligibility in a subsequent award period upon reestablishing at least a 2.5 cumulative grade point average or its equivalent during a subsequent award period, as certified by the participating institution.

(4) Perform such other services as may be deemed necessary for the protection of children.

Section 12. KRS 610.010 is amended to read as follows:

(1) Unless otherwise exempted by KRS Chapters 600 to 645, the juvenile session of the District Court of each county shall have exclusive jurisdiction in proceedings concerning any child living or found within the county who has not reached his ***or her*** eighteenth birthday or of any person who at the time of committing a public offense was under the age of eighteen (18) years, who allegedly:

(a) Has committed a public offense prior to his ***or her*** eighteenth birthday, except a motor vehicle offense involving a child sixteen (16) years of age or older. A child sixteen (16) years of age or older taken into custody upon the allegation that ***the child***~~[he]~~ has committed a motor vehicle offense shall be treated as an adult and shall have the same conditions of release applied to him ***or her*** as an adult. A child taken into custody upon the allegation that he ***or she*** has committed a motor vehicle offense who is not released under conditions of release applicable to adults shall be held, pending his ***or her*** appearance before the District Court, in a~~[secure juvenile detention facility or a juvenile holding]~~ facility ***as defined in Section 1 of this Act***~~[or, if neither is available, in an intermittent holding facility]~~. Children sixteen (16) years of age or older who are convicted of, or plead guilty to, a motor vehicle offense shall, if sentenced to a term of confinement, be placed in a~~[secure juvenile detention facility or a juvenile holding]~~ facility ***for that period of confinement preceding their eighteenth (18) birthday and an adult detention facility for that period of confinement subsequent to their eighteenth (18) birthday***. (4) Actions brought under subsection (1)(e) of this section shall be considered to be dependency actions.

(5) Actions brought under subsection (1)(f) of this section shall be considered to be mental health actions.

(6) Nothing in this chapter shall deprive other courts of the jurisdiction to determine the custody or guardianship of children upon writs of habeas corpus or to determine the custody or guardianship of children when such custody or guardianship is incidental to the determination of other causes pending in such other courts; nor shall anything in this chapter affect the jurisdiction of Circuit Courts over adoptions and proceedings for termination of parental rights.

(7) The court shall have no jurisdiction to make permanent awards of custody of a child except as provided by KRS 620.027.

(8) If the court finds an emergency to exist affecting the welfare of a child, or if the child is eligible for kinship care as established in KRS 605.120, it may make temporary orders for ***the child's***[~~his~~] custody; however, if the case involves allegations of dependency, neglect, or abuse, no emergency removal or temporary custody orders shall be effective unless the provisions of KRS Chapter 620 are followed. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the Circuit Court awarding custody of such child, all prior orders of the juvenile session of the District Court in conflict therewith shall be deemed canceled. This section shall not work to deprive the Circuit Court of jurisdiction over cases filed in Circuit Court.

(9) The court of each county wherein a public offense, as defined in paragraph (a) of subsection (1) of this section, is committed by a child who is a resident of another county of this state shall have concurrent jurisdiction over such child with the court of the county wherein the child resides or the court of the county where the child is found. Whichever court first acquires jurisdiction of such child may proceed to final disposition of ***the***[~~his~~] case, or in its discretion may make an order transferring the case to the court of the county of ***the child's***[~~his~~] residence or the county wherein the offense was committed, as the case may be.

(10) Nothing in this chapter shall prevent the District Court from holding a child in contempt of court to enforce valid court orders previously issued by the court.

(11) Except as provided in KRS 635.060(3), nothing in this chapter shall confer upon the District Court jurisdiction over the actions of the Department of Juvenile Justice or the cabinet in the placement, care, or treatment of a child committed to the Department of Juvenile Justice or the cabinet; or to require the department or the cabinet to perform, or to refrain from performing, any specific act in the placement, care, or treatment of any child committed to the department or the cabinet.

(12) Unless precluded by KRS Chapter 635 or 640, in addition to informal adjustment, the court shall have the discretion to amend the petition to reflect jurisdiction pursuant to the proper chapter of the Kentucky Unified Juvenile Code.

(13) The court shall have continuing jurisdiction over a child pursuant to subsection (1) of this section, to review dispositional orders, and to conduct permanency hearings under 42 U.S.C. sec. 675(5)(c) until the child is placed for adoption, returned home to his ***or her*** parents with all the court imposed conditions terminated, or reaches the age of eighteen (18) years.

Section 13. KRS 610.120 is amended to read as follows:

(1) Except as otherwise provided by KRS Chapters 605 and 635, an order of commitment or an order of protective supervision or probation made by the court in the case of a child may be continued or terminated at any time prior to expiration on the court's own initiative or on motion by:

(2) Grounds for such action may include but are not limited to allegations that there has been a substantial change of material circumstances, there exists new evidence affecting the disposition of the child, the child is no longer in need of commitment, probation, or placement, the child has not responded to or benefited from treatment or the child has not received adequate and proper treatment, the original proceedings were not conducted in the manner required by law or the public interest requires termination of the order. Upon review of the child's case, the Department of Juvenile Justice, the cabinet, any agency, facility, or individual responsible for the supervision, care, or treatment of the child shall divulge and communicate such information regarding the child as the court may require.

(3) Except as otherwise provided by KRS Chapter 640 relating to youthful offenders, and KRS 610.110, 620.140, 635.060,[~~ or~~] 635.090***, or 635.515*** relating to extending commitment beyond the age of eighteen (18), an order of commitment, temporary custody, or an order of protective supervision or probation made by the court in the case of a child shall be terminated when the child attains the age of eighteen (18). At least fourteen (14) days prior to the committed child's eighteenth birthday, the Department of Juvenile Justice or the cabinet shall prepare a summary of the information concerning the child and submit it with written notification to the committing court that a child's commitment is due to expire.

Section 14. KRS 610.280 is amended to read as follows:

(1) At the detention hearing held pursuant to KRS 610.265, the court shall make separate findings as follows:

(a) If there is probable cause to believe that an offense has been committed and that the accused child committed that offense. Probable cause may be established in the same manner as in a preliminary hearing in cases involving adults accused of felonies. The child shall be afforded the right to confront and cross-examine witnesses. The Commonwealth shall bear the burden of proof, and if it should fail to establish probable cause, the child shall be released and the complaint or petition dismissed unless the court determines further detention is necessary to assure the appearance of the child in court on another pending case;

(b) In determining whether a child should be further detained, the court shall consider the seriousness of the alleged offense, the possibility that the child would commit an offense dangerous to himself or the community pending disposition of the alleged offense, the child's prior record, if any, and whether there are other charges pending against the child.

(2)[~~(3)~~] If, after completion of the detention hearing, the court is of the opinion that detention is necessary, the order shall state on the record the specific reasons for detention.

Section 15. KRS 635.020 is amended to read as follows:

(1) If, prior to an adjudicatory hearing, there is a reasonable cause to believe that a child before the court has committed a felony other than those described in subsections (2) and (3) of this section, a misdemeanor, or a violation, the court shall initially proceed in accordance with the provisions of this chapter.

(2) If a child charged with a capital offense, Class A felony, or Class B felony, had attained age fourteen (14) at the time of the alleged commission of the offense, the court shall, upon motion of the county attorney made prior to adjudication, and after the county attorney has consulted with the Commonwealth's attorney, that the child be proceeded against as a youthful offender, proceed in accordance with the provisions of KRS 640.010.

(3) If a child charged with a Class C or Class D felony has on one (1) prior separate occasion been adjudicated a public offender for a felony offense and had attained the age of sixteen (16) at the time of the alleged commission of the offense, the court shall, upon motion of the county attorney made prior to adjudication, and after the county attorney has consulted with the Commonwealth's attorney, that the child be proceeded against as a youthful offender, proceed in accordance with the provisions of KRS 640.010.

(4) Any other provision of KRS Chapters 610 to 645 to the contrary notwithstanding, if a child charged with a felony in which a firearm, whether functional or not, was used in the commission of the offense had attained the age of fourteen (14) years at the time of the commission of the alleged offense, he shall be transferred to the Circuit Court for trial as an adult if, following a preliminary hearing, the District Court finds probable cause to believe that the child committed a felony, that a firearm was used in the commission of that felony, and that the child was fourteen (14) years of age or older at the time of the commission of the alleged felony. If convicted in the Circuit Court, he shall be subject to the same penalties as an adult offender, except that until he reaches the age of eighteen (18) years, he shall be confined in a[~~ secure detention~~] facility ***or program*** for juveniles or for youthful offenders, unless the provisions of KRS 635.025 apply or unless he is released pursuant to expiration of sentence or parole, and at age eighteen (18) he shall be ***returned to the sentencing Circuit Court for proceedings consistent with KRS 640.030(2)***[~~ transferred to an adult facility operated by the Department of Corrections to serve any time remaining on his sentence~~].

(5) If a child previously convicted as a youthful offender under the provisions of KRS Chapter 640 is charged with a felony allegedly committed prior to his eighteenth birthday, the court shall, upon motion of the county attorney made prior to adjudication, and after the county attorney has consulted with the Commonwealth's attorney, that the child be proceeded against as a youthful offender, proceed in accordance with the provisions of KRS 640.010.

(6) A child who is charged as is provided in subsection (2) of this section and is also charged with a Class C or D felony, a misdemeanor, or a violation arising from the same course of conduct shall have all charges included in the same proceedings; and the court shall, upon motion of the county attorney made prior to adjudication, and after the county attorney has consulted with the Commonwealth's attorney, that the child be proceeded against as a youthful offender, proceed in accordance with the provisions of KRS 640.010.

(7) If a person who is eighteen (18) or older and before the court is charged with a felony that occurred prior to his eighteenth birthday, the court shall, upon motion of the county attorney made prior to adjudication, and after the county attorney has consulted with the Commonwealth's attorney, that the child be proceeded against as a youthful offender, proceed in accordance with the provisions of KRS 640.010.

(8) All offenses arising out of the same course of conduct shall be tried with the felony arising from that course of conduct, whether the charges are adjudicated under this chapter or under KRS Chapter 640 and transferred to Circuit Court.

Section 16. KRS 635.060 is amended to read as follows:

If in its decree the juvenile court finds that the child comes within the purview of this chapter, the court, at the dispositional hearing, may:

(1) Order the child or his parents, guardian, or person exercising custodial control to make restitution or reparation to any injured person to the extent, in the sum and upon the conditions as the court determines. However, no parent, guardian, or person exercising custodial control shall be ordered to make restitution or reparation unless the court has provided notice of the hearing, provided opportunity to be heard, and made a finding that the person's failure to exercise reasonable control or supervision was a substantial factor in the child's delinquency; or

(2) Place the child on probation, home incarceration, or under supervision in the child's own home or in a suitable home or boarding home, upon the conditions that the court shall determine. A child placed on probation, home incarceration, or supervision shall be subject to the visitation and supervision of a probation officer or an employee of the Department of Juvenile Justice ***and, unless the court's order contains a specific sanction to be imposed in the event that a violation of probation occurs, a violation of probation may result in commitment***. Except as provided in KRS 635.083, a child placed on probation, home incarceration, or supervision shall remain subject to the jurisdiction of the court until the child becomes eighteen (18) years of age, unless the child is discharged prior thereto by the court, except that if a person is placed on probation, home incarceration, or supervision after the person reaches the age of seventeen (17) years and six (6) months, the probation, home incarceration, or supervision shall be for a period not to exceed one (1) year; or

(3) Commit or recommit the child to the custody or guardianship of the Department of Juvenile Justice, a child-caring facility, a child-placing agency authorized to care for the child, or place the child under the custody and supervision of a suitable person. If the child is detained in an approved secure juvenile detention facility ***or***[~~,~~] juvenile holding facility[~~, or intermittent holding facility~~] in accordance with KRS 15A.200 to 15A.240 at the time the child is committed or recommitted to the custody of the Department of Juvenile Justice, the Department of Juvenile Justice shall accept physical custody of the child, remove the child from the approved secure juvenile detention facility or juvenile holding facility, and secure appropriate placement as soon as possible but not to exceed thirty-five (35) days of the time of commitment or recommitment. The Department of Juvenile Justice shall pay for the cost of detention from the date of commitment or recommitment, on the current charge, until the child is removed from the detention facility and placed. All orders of commitment may include advisory recommendations the court may deem proper in the best interests of the child and of the public. The commitment or placement shall be until the age of eighteen (18), subject to KRS 635.070 and to the power of the court to terminate the order and discharge the child prior thereto, except that if the commitment or placement is after a person has reached the age of seventeen (17) years and six (6) months, the commitment or placement shall be for an indeterminate period not to exceed one (1) year. The court, in its discretion, upon motion by the child and with the concurrence of the Department of Juvenile Justice, may authorize an extension of commitment up to age twenty-one (21) to permit the Department of Juvenile Justice to assist the child in establishing independent living arrangements; or

(4) If the child is fourteen (14) years of age but less than sixteen (16) years of age, order that the child be confined in an approved secure juvenile detention facility, juvenile holding facility, or approved detention program as authorized by the Department of Juvenile Justice in accordance with KRS Chapter 15A for a period of time not to exceed forty-five (45) days; or

(5) If the child is sixteen (16) years of age or older, order that the child be confined in an approved secure juvenile detention facility, juvenile holding facility, or approved detention program as authorized by the Department of Juvenile Justice in accordance with KRS Chapter 15A for a period of time not to exceed ninety (90) days; or

(6) Any combination of the dispositions listed above.

The Department of Juvenile Justice shall pay for the confinement of children confined pursuant to subsections (4) or (5) of this section in accordance with the statewide detention plan and administrative regulations implementing the plan.

Section 17. KRS 635.085 is amended to read as follows:

(1) In lieu of commitment to the Department of Juvenile Justice, if a child is adjudicated a public offender, the court may in its discretion impose a fine. The imposition of a fine for an offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay the fine. Fines shall be levied consistent with the schedule set forth below:

    (a) For a felony, not to exceed five hundred dollars ($500);
    (b) For a misdemeanor, not to exceed two hundred fifty dollars ($250); and
    (c) For a violation, not to exceed one hundred dollars ($100).

(2) When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately. Nothing contained herein shall be construed as limiting the court's inherent contempt powers.

(3) Any public offender detained for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational, occupational, or religious obligations of the child, and shall be in a secure juvenile detention

facility ~~[or]~~juvenile holding facility***, or approved detention program authorized by the Department of Juvenile Justice in accordance with Chapter 15A***. Any portion of a day a child is detained pursuant to the court's exercising its contempt powers shall be deemed as one (1) day for purposes of serving a detention term.

(4) Fines imposed and collected pursuant to this section shall be paid by the circuit clerk to the fund specified in KRS 431.100.

The child shall be afforded the right to confront and cross-examine witnesses. The Commonwealth shall bear the burden of proof, and if it should fail to establish probable cause, the child shall be released and the complaint or petition dismissed unless the court determines further detention is necessary to assure the appearance of the child in court on another pending case;

However, no parent, guardian, or person exercising custodial control shall be ordered to make restitution or reparation unless the court has provided notice of the hearing, provided opportunity to be heard, and made a finding that the person's failure to exercise reasonable control or supervision was a substantial factor in the child's delinquency; or

(2) Place the child on probation, home incarceration, or under supervision in the child's own home or in a suitable home or boarding home, upon the conditions that the court shall determine. A child placed on probation, home incarceration, or supervision shall be subject to the visitation and supervision of a probation officer or an employee of the Department of Juvenile Justice ***and, unless the court's order contains a specific sanction to be imposed in the event that a violation of probation occurs, a violation of probation may result in commitment***. Except as provided in KRS 635.083, a child placed on probation, home incarceration, or supervision shall remain subject to the jurisdiction of the court until the child becomes eighteen (18) years of age, unless the child is discharged prior thereto by the court, except that if a person is placed on probation, home incarceration, or supervision after the person reaches the age of seventeen (17) years and six (6) months, the probation, home incarceration, or supervision shall be for a period not to exceed one (1) year; or

(3) Commit or recommit the child to the custody or guardianship of the Department of Juvenile Justice, a child-caring facility, a child-placing agency authorized to care for the child, or place the child under the custody and supervision of a suitable person. If the child is detained in an approved secure juvenile detention facility ***or***~~[,]~~ juvenile holding facility~~[, or intermittent holding facility]~~ in accordance with KRS 15A.200 to 15A.240 at the time the child is committed or recommitted to the custody of the Department of Juvenile Justice, the Department of Juvenile Justice shall accept physical custody of the child, remove the child from the approved secure juvenile detention facility or juvenile holding facility, and secure appropriate placement as soon as possible***, consistent with Section 19 of this Act,*** but not to exceed thirty-five (35) days of the time of commitment or recommitment. The Department of Juvenile Justice shall pay for the cost of detention from the date of commitment or recommitment, on the current charge, until the child is removed from the detention facility and placed. All orders of commitment may include advisory recommendations the court may deem proper in the best interests of the child and of the public. The commitment or placement shall be until the age of eighteen (18), subject to

KRS 635.070 and to the power of the court to terminate the order and discharge the child prior thereto, except that if the commitment or placement is after a person has reached the age of seventeen (17) years and six (6) months, the commitment or placement shall be for an indeterminate period not to exceed one (1) year. The court, in its discretion, upon motion by the child and with the concurrence of the Department of Juvenile Justice, may authorize an extension of commitment up to age twenty-one (21) to permit the Department of Juvenile Justice to assist the child in establishing independent living arrangements; or

(4) If the child is fourteen (14) years of age but less than sixteen (16) years of age, order that the child be confined in an approved secure juvenile detention facility, juvenile holding facility, or approved detention program as authorized by the Department of Juvenile Justice in accordance with KRS Chapter 15A for a period of time not to exceed forty-five (45) days; or

Section 17. KRS 635.085 is amended to read as follows:

(1) In lieu of commitment to the Department of Juvenile Justice, if a child is adjudicated a public offender, the court may in its discretion impose a fine. The imposition of a fine for an offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay the fine. Fines shall be levied consistent with the schedule set forth below:

   (a) For a felony, not to exceed five hundred dollars ($500);

   (b) For a misdemeanor, not to exceed two hundred fifty dollars ($250); and

(2) When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately. Nothing contained herein shall be construed as limiting the court's inherent contempt powers.

(3) Any public offender detained for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational, occupational, or religious obligations of the child, and shall be in a secure juvenile detention facility ~~[or]~~juvenile holding facility***, or approved detention program authorized by the Department of Juvenile Justice in accordance with KRS Chapter 15A***. Any portion of a day a child is detained pursuant to the court's exercising its contempt powers shall be deemed as one (1) day for purposes of serving a detention term.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 532.025 is amended to read as follows:

(1) (a) Upon conviction of a defendant in cases where the death penalty may be imposed, a hearing shall be conducted. In such hearing, the judge shall hear additional evidence in extenuation, mitigation, and aggravation of punishment, including the record of any prior criminal convictions and pleas of guilty or pleas of nolo contendere of the defendant, or the absence of any prior conviction and pleas; provided, however, that only such evidence in aggravation as the state has made known to the defendant prior to his trial shall be admissible. Subject to the Kentucky Rules of Evidence, juvenile court records of adjudications of guilt of a child for an offense that would be a felony if committed by an adult shall be admissible in court at any time the child is tried as an adult, or after the child becomes an adult, at any subsequent criminal trial relating to that same person. Juvenile court records made available pursuant to this section may be used for impeachment purposes during a criminal trial and may be used during the sentencing phase of a criminal trial; however, the fact that a juvenile has been adjudicated delinquent of an offense that would be a felony if the child had been an adult shall not be used in finding the child to be a persistent felony offender based upon that adjudication. Release of the child's treatment, medical, mental, or

psychological records is prohibited unless presented as evidence in Circuit Court. Release of any records resulting from the child's prior abuse and neglect under Title IV-E or IV-B of the Federal Social Security Act is also prohibited. The judge shall also hear argument by the defendant or his counsel and the prosecuting attorney, as provided by law, regarding the punishment to be imposed. The prosecuting attorney shall open and the defendant shall conclude the argument. In cases in which the death penalty may be imposed, the judge when sitting without a jury shall follow the additional procedure provided in subsection (2) of this section. Upon the conclusion of the evidence and arguments, the judge shall impose the sentence or shall recess the trial for the purpose of taking the sentence within the limits prescribed by law. If the trial court is reversed on appeal because of error only in the presentence hearing, the new trial which may be ordered shall apply only to the issue of punishment;

(b) In all cases in which the death penalty may be imposed and which are tried by a jury, upon a return of a verdict of guilty by the jury, the court shall resume the trial and conduct a presentence hearing before the jury. Such hearing shall be conducted in the same manner as presentence hearings conducted before the judge as provided in paragraph (a) of this subsection, including the record of any prior criminal convictions and pleas of guilty or pleas of nolo contendere of the defendant. Upon the conclusion of the evidence and arguments, the judge shall give the jury appropriate instructions, and the jury shall retire to determine whether any mitigating or aggravating circumstances, as defined in subsection (2) of this section, exist and to recommend a sentence for the defendant. Upon the findings of the jury, the judge shall fix a sentence within the limits prescribed by law.

(2) In all cases of offenses for which the death penalty may be authorized, the judge shall consider, or he shall include in his instructions to the jury for it to consider, any mitigating circumstances or aggravating circumstances otherwise authorized by law and any of the following statutory aggravating or mitigating circumstances which may be supported by the evidence:

(a) Aggravating circumstances:

1. The offense of murder or kidnapping was committed by a person with a prior record of conviction for a capital offense, or the offense of murder was committed by a person who has a substantial history of serious assaultive criminal convictions;
2. The offense of murder or kidnapping was committed while the offender was ***either*** engaged in the commission of arson in the first degree, robbery in the first degree, burglary in the first degree, rape in the first degree, or sodomy in the first degree ***or engaged in the course of committing both murder and kidnapping***;
3. The offender by his act of murder, armed robbery, or kidnapping knowingly created a great risk of death to more than one (1) person in a public place by means of a weapon of mass destruction, weapon, or other device which would normally be hazardous to the lives of more than one (1) person;
4. The offender committed the offense of murder for himself or another, for the purpose of receiving money or any other thing of monetary value, or for other profit;
5. The offense of murder was committed by a person who was a prisoner and the victim was a prison employee engaged at the time of the act in the performance of his duties;
6. The offender's act or acts of killing were intentional and resulted in multiple deaths;
7. The offender's act of killing was intentional and the victim was a state or local public official or police officer, sheriff, or deputy sheriff engaged at the time of the act in the lawful performance of his duties; and
8. The offender murdered the victim when an emergency protective order or a domestic violence order was in effect, or when any other order designed to protect the victim from the offender, such as an order issued as a condition of a bond, conditional release, probation, parole, or pretrial diversion, was in effect.

(b) Mitigating circumstances:

1. The defendant has no significant history of prior criminal activity;
2. The capital offense was committed while the defendant was under the influence of extreme mental or emotional disturbance even though the influence of extreme mental or emotional disturbance is not sufficient to constitute a defense to the crime;
3. The victim was a participant in the defendant's criminal conduct or consented to the criminal act;
4. The capital offense was committed under circumstances which the defendant believed to provide a moral justification or extenuation for his conduct even though the circumstances which the defendant believed to provide a moral justification or extenuation for his conduct are not sufficient to constitute a defense to the crime;
5. The defendant was an accomplice in a capital offense committed by another person and his participation in the capital offense was relatively minor;
6. The defendant acted under duress or under the domination of another person even though the duress or the domination of another person is not sufficient to constitute a defense to the crime;
7. At the time of the capital offense, the capacity of the defendant to appreciate the criminality of his conduct

to the requirements of law was impaired as a result of mental illness or retardation or intoxication even though the impairment of the capacity of the defendant to appreciate the criminality of his conduct or to conform the conduct to the requirements of law is insufficient to constitute a defense to the crime; and

8. The youth of the defendant at the time of the crime.

(3) The instructions as determined by the trial judge to be warranted by the evidence or as required by KRS 532.030(4) shall be given in charge and in writing to the jury for its deliberation. The jury, if its verdict be a recommendation of death, or imprisonment for life without benefit of probation or parole, or imprisonment for life without benefit of probation or parole until the defendant has served a minimum of twenty-five (25) years of his sentence, shall designate in writing, signed by the foreman of the jury, the aggravating circumstance or circumstances which it found beyond a reasonable doubt. In nonjury cases, the judge shall make such designation. In all cases unless at least one (1) of the statutory aggravating circumstances enumerated in subsection (2) of this section is so found, the death penalty, or imprisonment for life without benefit of probation or parole, or the sentence to imprisonment for life without benefit of probation or parole until the defendant has served a minimum of twenty-five (25) years of his sentence, shall not be imposed.

HB 598, AN ACT relating to antenna towers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 100.324 is amended to read as follows:

(1) All other provisions of this chapter to the contrary notwithstanding, public utilities operating under the jurisdiction of the Public Service Commission, except as specified in KRS 100.987~~[and subsection (5) of this section]~~, or the Department of Vehicle Regulation or Federal Power Commission, any municipally-owned electric system, and common carriers by rail shall not be required to receive the approval of the planning unit for the location or relocation of any of their service facilities. Service facilities include all facilities of such utilities and common carriers by rail other than office space, garage space, and warehouse space and include office space, garage space, and warehouse space when such space is incidental to a service facility. The Public Service Commission and the Department of Vehicle Regulation shall give notice to the planning commission of any planning unit of any hearing which affects locations or relocations of service facilities within that planning unit's jurisdiction.

(2) The nonservice facilities excluded in subsection (1) of this section must be in accordance with the zoning regulations.

(3) Upon the request of the planning commission, the public utilities referred to in this section shall provide the planning commission of the planning unit affected with information concerning service facilities which have been located on and relocated on private property.

(4) Any proposal for acquisition or disposition of land for public facilities, or changes in the character, location, or extent of structures or land for public facilities, excluding state and federal highways and public utilities and common carriers by rail mentioned in this section, shall be referred to the commission to be reviewed in light of its agreement with the comprehensive plan, and the commission shall, within sixty (60) days from the date of its receipt, review the project and advise the referring body whether the project is in accordance with the comprehensive plan. If it disapproves of the project, it shall state the reasons for disapproval in writing and make suggestions for changes which will, in its opinion, better accomplish the objectives of the comprehensive plan. No permit required for construction or occupancy of such public facilities shall be issued until the expiration of the sixty (60) day period or until the planning commission issues its report, whichever occurs first.

~~[(5) Every utility which proposes to construct an antenna tower for cellular telecommunications services or personal communications services within a county containing a city of the first class shall submit the proposal to the planning commission of the affected planning unit. The planning commission shall review the proposal in light of its agreement with the comprehensive plan and locally adopted zoning regulations and shall, within sixty (60) days from the date the proposal is submitted, make its final decision and advise the utility in writing whether the proposed construction is in accordance with the comprehensive plan and locally adopted zoning regulations. If the planning commission fails to issue a final decision within sixty (60) days, it is presumed to have approved the proposal, and may not later appeal a decision of the Public Service Commission under KRS 278.650(3). If the planning commission disapproves of the proposed construction, it shall state the reasons for disapproval in its written decision and may make suggestions which, in its opinion, better accomplish the objectives of the comprehensive plan and the locally adopted zoning regulations. No permit for construction of a cellular or personal communications services antenna tower, including any certificate of convenience and necessity required to be issued by the Kentucky Public Service Commission, shall be issued until the expiration of the sixty (60) day period or until the planning commission issues its final decision on the utility proposal, whichever occurs first.]~~

(5)[~~ "Uniform application" means an application for a certificate of convenience and necessity issued under KRS 278.020 submitted by a utility to the Public Service Commission to construct an antenna tower for cellular telecommunications services of personal communications service in a jurisdiction, that has adopted planning and zoning regulations in accordance with this chapter, except for any county that contains a city of the first class; and~~

~~(6)~~] "Utility" has the meaning as defined in KRS 278.010(3).

Section 3. KRS 100.987 is amended to read as follows:

(1) A planning unit as defined in KRS 100.111 and legislative body or fiscal court that has adopted planning and zoning regulations[~~, except for a county that contains a city of the first class as provided under KRS 278.650,~~] may plan for and regulate the siting of cellular antenna towers in accordance with locally adopted planning or zoning regulations in this chapter[~~ by officially registering with the Public Service Commission. The registration shall be in the form of an official resolution adopted by the local planning commission. Nothing in this section shall require a planning unit and legislative body or fiscal court to plan for and regulate the siting of cellular antenna towers~~].

(2) Every utility or a company that is engaged in the business of providing the required infrastructure to a utility that proposes to construct an antenna tower for cellular telecommunications services or personal communications services within the jurisdiction of a planning unit that has adopted planning and zoning regulations in accordance with this chapter[~~, except for a county that contains a city of the first class as provided under KRS 278.650, and that has officially registered with the Public Service Commission~~] shall:

(a) Submit a copy of the ***applicant's***[~~utility's~~] completed[~~ uniform~~] application to the planning commission of the affected planning unit to construct an antenna tower for cellular or personal telecommunications services[~~ within five (5) days of applying to the Public Service Commission for a certificate of necessity and convenience as required by KRS 278.020(1)~~]. The[~~ uniform~~] application shall include a grid map that shows the location of all existing cellular antenna towers and that indicates the general position of proposed construction sites for new cellular antenna towers within an area that includes:

1. All of the planning unit's jurisdiction; and
2. A one-half (1/2) mile area outside of the boundaries of the planning unit's jurisdiction, if that area contains either existing or proposed construction sites for cellular antenna towers;

(b) Include in any contract with an owner of property upon which a cellular antenna tower is to be constructed, a provision that specifies, in the case of abandonment, a method that the utility will follow in dismantling and removing a cellular antenna tower including a timetable for removal; and

(c) Comply with any local ordinances concerning land use, subject to the limitations imposed by 47 U.S.C. sec. 332(c), KRS 278.030, 278.040, and 278.280.

(3) [~~Commencing from the time that a utility files a uniform application with the Public Service Commission, ~~]All information contained in the[~~ uniform~~] application and any updates, except for information that specifically identifies the proposed location of the cellular antenna tower then being reviewed[~~ by the applying utility~~], shall be deemed confidential and proprietary within the meaning of KRS 61.878. The[~~ Public Service Commission and the~~] local planning commission shall deny any public request for the inspection of this information, whether submitted under Kentucky's Open Records Act or otherwise, except when ordered to release the information by a court of competent jurisdiction. Any person violating this subsection shall be guilty of official misconduct in the second degree as provided under KRS 522.030.

(4) After receiving the[~~ uniform~~] application to construct a cellular antenna tower, the planning commission shall:

(a) Review the[~~ uniform~~] application in light of its agreement with the comprehensive plan and locally adopted zoning regulations;

(b) Make its final decision to approve or disapprove the[~~ uniform~~] application; and

(c) Advise the ***applicant***[~~utility and the Public Service Commission~~] in writing of its final decision within sixty (60) days commencing from the date that the[~~ uniform~~] application is received by the planning commission or within a date certain specified in a written agreement between the local planning commission and the ***applicant***[~~utility~~]. If the planning commission fails to issue a final decision within sixty (60) days and if there is no written agreement between the local planning commission and the utility to a specific date for the planning commission to issue a decision, it is presumed that the local planning commission has approved the[~~ utility's uniform~~] application.

(5)[~~ (a)~~] If the planning commission disapproves of the proposed construction, it shall state the reasons for disapproval in its written decision and may make suggestions which, in its opinion, better accomplish the objectives of the comprehensive plan and the locally adopted zoning regulations. No permit for construction of a cellular or personal communications services antenna tower[~~, including any certificate of convenience and necessity required to be issued by the Kentucky Public Service Commission,~~] shall be issued until the planning commission approves the[~~ uniform~~] application or the sixty

(60) day time period has expired, whichever occurs first.[~~ If a planning commission rejects the uniform application to construct an antenna tower, the Public Service Commission may override the decision of the planning commission and issue a certificate of convenience and necessity for construction of the cellular or personal communications services antenna tower, if it determines that there is no acceptable alternate site and that the public convenience and necessity requires the proposed construction.~~

~~(b) Any party, other than the applying utility, that is aggrieved by the final action of a planning commission under this section, may intervene in the action to the Public Service Commission, but this appeal shall not automatically postpone action by the Public Service Commission.~~]

(6) The planning commission may require the ***applicant***[~~utility~~] to make a reasonable attempt to co-locate additional transmitting or related equipment on any new or existing towers, if there is available space on the tower and the co-location does not interfere with the structural integrity of the tower and does not require the owner of the tower to make substantial alterations to the tower. A planning commission may provide the location of existing cellular antenna towers on which the commission deems the ***applicant***[~~applying utility~~] can successfully co-locate its transmitting and related equipment. If the local planning commission requires the ***applicant***[~~utility~~] to attempt co-location, the ***applicant***[~~utility~~] shall provide the local planning unit with a statement indicating that the ***applicant***[~~utility~~] has:

(a) Successfully attempted to co-locate on towers designed to host multiple wireless service providers' facilities or existing structures such as a telecommunications tower or another suitable structure capable of supporting the ***applicant's***[~~utility's~~] facilities, and that identifies the location of the tower ***on*** which the ***applicant***[~~applying utility~~] will co-locate its transmission and related facilities[~~ on~~]; or

(b) Unsuccessfully attempted to co-locate on towers designed to host multiple wireless service provider's facilities or existing structures such as a telecommunications tower or another suitable structure capable of supporting the ***applicant's***[~~utility's~~] facilities and that:

1. Identifies the location of the towers ***on*** which the ***applicant***[~~applying utility~~] attempted to co-locate[~~ on~~]; and

2. Lists the reasons why the co-location was unsuccessful in each instance.

(7) The local planning commission may deny ***an***[~~a uniform~~] application to construct a cellular antenna tower based on ***an applicant's***[~~a utility's~~] unwillingness to attempt to co-locate additional transmitting or related equipment on any new or existing towers.

(8) In the event of co-location, a utility shall be considered the primary user of the tower, if the utility is the owner of the antenna tower and if no other agreement exists that prescribes an alternate arrangement between the parties for use of the tower. Any other entity that co-locates transmission or related facilities on a cellular antenna tower shall do so in a manner that does not impose additional costs or operating restrictions on the primary user.

Section 4. KRS 278.650 is amended to read as follows:

[~~(1) If a utility proposes construction of an antenna tower for cellular telecommunications services or personal communications services which is to be located within a county containing a city of the first class, then the utility shall submit the proposal to the planning commission of the affected planning unit prior to making application to the commission for a certificate of public convenience and necessity as required by KRS 278.020(1). The commission shall not grant a certificate of convenience and necessity in this situation until a final action on the proposal has been taken by the planning commission of the affected planning unit, or until the sixty (60) day time period set forth in KRS 100.324(5) has expired, whichever comes first.~~

~~(2) If a planning commission rejects a proposal to construct an antenna tower, the commission may override the decision of the planning commission and issue a certificate of convenience and necessity for construction of the cellular or personal communications services antenna tower, if it determines that there is no acceptable alternate site, and that the public convenience and necessity requires the proposed construction.~~

~~(3) Any party aggrieved by the final action of the Public Service Commission under subsections (1) and (2) of this section shall appeal from the action to the Franklin Circuit Court. The appeal shall be filed within thirty (30) days after the final action by the Public Service Commission. All final actions of the Public Service Commission which have not been appealed within thirty (30) days shall not be subject to judicial review.~~

~~(4)~~] If a utility proposes construction of an antenna tower for cellular telecommunications services or personal communications services which is to be located ***in an***[~~outside the~~] area ***outside the jurisdiction of a planning commission, the utility shall apply to the Public Service Commission for a certificate of public convenience and necessity pursuant to KRS 278.020(1), Section 5 of this Act, and this section. In reviewing the application,***[~~ of a county containing a city of the first class, then~~] the commission may[~~ also~~] take into account[~~ in its deliberations~~] the character of the general area concerned, and the likely effects of the installation on nearby land uses and values.

Section 5. KRS 278.665 is amended to read as follows:

(1) The commission shall, by administrative regulation promulgated in accordance with KRS Chapter 13A, establish the minimum content of ***an***[~~a uniform~~] application[~~, provided under KRS 100.985(5),~~] for a certificate of convenience and necessity to construct cellular antenna towers ***for areas outside the jurisdiction of a planning commission***[~~, and the~~

~~procedures to carry out the commission's responsibilities under KRS 100.987~~].

(2) The commission, in establishing the public notice requirements of ***an***[~~a uniform~~] application as provided for in subsection (1) of this section, shall distinguish between areas of low and high population densities. At a minimum, when the site of the proposed cellular antenna tower is outside of an incorporated city[~~ or within a rural service area in an urban-county~~], the commission shall require that every person who owns property contiguous to the property where the proposed cellular antenna tower will be located receives notice by certified mail, return receipt requested, of the proposed construction, given the commission docket number under which the application will be processed, and informed of the opportunity to intervene in the ***commission proceedings on the*** application.[~~ The provisions of this subsection shall not apply to unincorporated areas within a county containing a city of the first class.~~]
